Russia and the USSR, 1905 to 1964, 1994 **Russia and the USSR, 1905 to 1964** Alan White, 1994-01-01

Tchrs Russia and the Ussr 1905-1964 - Key History Richard Radway, 1994-04-01 *Soviet Intelligence and Security Services: 1964-70* Library of Congress. Congressional Research Service, 1972 *International Yearbook of History Education* A. Dickinson, P. Gordon, P. Lee, J. Slater, 2013-11-19 This international academic and professional yearbook contains articles and reviews on matters of interest to all concerned with history in education from contributors throughout the world The yearbook will encourage rigorous exploration or philosophical psychological sociological and historical perspectives upon history in education and their relation to practice where appropriate The theme of the first edition is centralisation and decentralisation of national curricula *Britain in the Modern World* J. A. Cloake, 1994 This core book is aimed at average and above average ability Key Stage 4 National Curriculum pupils All the material for the core unit is covered in such a way as to enable the most able to attain the highest levels while it also remains accessible to those of average ability *Russia and the USSR, 1855-1991* Stephen J. Lee, 2006 Russian history since 1855 has been marked by the rule of the Tsarist autocracy and Soviet communism This title examines both comparing their ideologies and their use of terror and repression to crush opposition to their rule *A History Of Russia Volume 2* Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **Liberating the National History Curriculum** Josna Pankhania, 2017-11-01 Once there were bards who sang the songs which kept the listeners in touch with their past They reminded them of the heroes who once walked among them and whose legacy provided a sense of shared greatness and national identity Later the bards became historians and history teachers and English history became a glorious roll call of those who had gone out and created an Empire and at the same time spread education and enlightenment But recent doubts have raised questions about partiality and perhaps there were losses suffered by the Empire s people Perhaps their heritage should be our heritage and therefore a fit subject for history to deal with Originally published in 1994 this book argues that the curriculum can be legitimately used to teach students the history of oppressed groups It is important to note that Pankhania manages to do this not in a divisive spirit but with the intent to seek unity for the future by understanding and accepting the positive and negative aspects of a collective past **Hodder GCSE History for Edexcel: Russia and the Soviet Union, 1917-41** John Wright, Steve Waugh, 2016-08-29 Exam Board Pearson Edexcel Level GCSE Subject History First teaching September 2016 First exams June 2018 Endorsed for Edexcel Enable students to achieve their full potential while ensuring pace enjoyment and motivation with this popular series from the leading History publisher for secondary

External Research United States. Department of State. External Research Division, *International Rivalry and Secret Diplomacy in East Asia, 1896-1950* Bruce Elleman,2019-08-30 East Asia was a major focus of struggle between the United States and the Soviet Union during the Cold War of 1945 to 1991 with multiple hot and cold conflicts in China Korea and Vietnam The struggle for predominance in East Asia however largely predated the Cold War as this book shows with many examples of the United States and Russia the Soviet Union working to exercise and increase control in the region The book focuses on secret treaties 26 of them signed from the mid 1890s through 1950 when secret agreements between China and the USSR including several concerning the Chinese Eastern Railway gave Russia

greater control over Manchuria and Outer Mongolia One of the most important was negotiated in 1945 when Stalin signed the Sino Soviet Friendship Treaty with Chiang Kai shek and the Chinese Nationalists that included a secret protocol granting the Soviet Navy sea control over the Manchurian littorals This secret protocol excluded the US Navy from landing Nationalist troops at the major Manchurian ports thereby guaranteeing the Chinese Communist victory in Northeast China from Manchuria the Chinese Communists quickly spread south to take all of Mainland China To a large degree therefore this formerly undiscussed secret diplomacy set the underlying conditions for the Cold War in East Asia
