## Russia A Social History:

**Russia, a Social History** Prince D. S. Mirsky, 1942      *The Social History of Post-Communist Russia* Piotr Dutkiewicz, Sakwa Richard, Kulikov Vladimir, 2016-03-17 This book tells the untold story of how ordinary Russian people experienced and coped with Russia's transformations after the end of communism Unlike most studies of the subject which focus on high politics developments in the elite and events at the centre this book which includes findings from interviews memoirs public opinion surveys and press articles and documents from the regions portrays a multi ethnic multi confessional society with different groups affected by the deep and varied changes in diverse and different ways The book covers economic developments social changes how official policies played out at the grass roots level the psychological impact of the changes and the impact on public opinion and how different regions were affected differently Overall the book reveals the hidden dynamics of Russian society including its formal and informal mechanisms and rules for relating to the state and other citizens and shows how millions of Russians coped despite all the odds and maintained the integrity and stability of the country      Russia D. S. Mirsky, 1942      **Russia** Dmitriy Svjatopolk Mirskij, 1952      A Social History of Twentieth-century Russia Vladimir Andrie, 1994 Our knowledge of modern Russian society has been greatly enriched by the research of recent decades But while the politics of the period has been exhaustively documented the social history remains less familiar Vladimir Andrie's book is the first to draw together the findings and insights of this research to give us a comprehensive view of Russia's social history starting at a time when the tsarist state seemed unassailable and ending with the disintegration of the Soviet system      **Russia** Dmitrii Petrovich Sviatopolk Mirskii, 1931      **Russia** Dmitriy P. Mirskij, 1942      Russia Dmitriy Petrovič Mirskij, 1952      **Russia** Dmitriy Petrovič Svâtopolk-Mirskij, 1952      *Historians and Historical Societies in the Public Life of Imperial Russia* Vera Kaplan, 2017-02-27 What was the role of historians and historical societies in the public life of imperial Russia Focusing on the Society of Zealots of Russian Historical Education 1895 1918 Vera Kaplan analyzes the network of voluntary associations that existed in imperial Russia showing how they interacted with state public and private bodies Unlike most Russian voluntary associations of the late imperial period the Zealots were conservative in their view of the world Yet like other history associations the group conceived their educational mission broadly engaging academic and amateur historians supporting free public libraries and widely disseminating the historical narrative embraced by the Society through periodicals The Zealots were champions of voluntary association and admitted members without regard to social status occupation or gender Kaplan's study affirms the existence of a more substantial civil society in late imperial Russia and one that could endorse a modernist program without an oppositional liberal agenda      **The Peasant in Nineteenth-Century Russia** Wayne S. Vucinich, John Shelton Curtiss, 1968 Studies of foreign scholars and observers have created many useful perspectives on the Russian peasant The present volume is part of this continuing expansion of scholarship on the peasantry      **The Russian Empire 1450-1801** Nancy Shields Kollmann, 2017 Modern Russian identity

and historical experience has been largely shaped by Russia's imperial past an empire that was founded in the early modern era and endures in large part today The Russian Empire 1450-1801 surveys how the areas that made up the empire were conquered and how they were governed It considers the Russian empire a Eurasian empire characterized by a politics of difference the rulers and their elites at the center defined the state's needs minimally with control over defense criminal law taxation and mobilization of resources and otherwise tolerated local religions languages cultures elites and institutions The center related to communities and religions vertically according each a modicum of rights and autonomies but didn't allow horizontal connections across nobilities townsmen or other groups potentially with common interests to coalesce Thus the Russian empire was multi-ethnic and multi-religious Nancy Kollmann gives detailed attention to the major ethnic and religious groups and surveys the government's strategies of governance centralized bureaucracy military reform and a changed judicial system The volume pays particular attention to the dissemination of a supranational ideology of political legitimacy in a variety of media written sources and primarily public ritual painting and particularly architecture Beginning with foundational features such as geography climate demography and geopolitical situation The Russian Empire 1450-1801 explores the empire's primarily agrarian economy serfdom towns and trade as well as the many religious groups primarily Orthodoxy Islam and Buddhism It tracks the emergence of an Imperial nobility and a national self-consciousness that was by the end of the eighteenth century distinctly imperial embracing the diversity of the empire's many peoples and cultures

**Revolutionary Russia** Rex A. Wade, 2004-07-31 This collection presents the major recent writings on the Russian Revolution and its context It brings together key texts to illustrate new interpretive approaches and covers the central topics and themes Together the chapters in this volume form a coherent representation of both the events and the theories and debates that relate to them **Russia** Dmitrii Petrovich Mirskii, 1952 [Russia in the Age of Reaction and Reform](#)

[1801-1881](#) David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis

**Gender, Class, and the Professionalization of Russian City Teachers, 1860-1914** Christine Ruane, 2010-11-23 Christine Ruane examines the issues of gender and class in the teaching profession of late imperial Russia at a time when the vocation was becoming increasingly feminized in a zealously patriarchal society Teaching was the first profession open to women in the 1870s and by the end of the century almost half of all Russian teachers were female Yet the notion that mothers had a natural affinity for teaching was paradoxically matched by formal and informal bans against married women in the classroom Ruane reveals not only the patriarchal rationale but also how women teachers viewed their public roles and worked to reverse the marriage ban Ruane's research and insightful analysis broadens our knowledge of an emerging

professional class especially newly educated and emancipated women during Russia's transition to a more modern society

**Russia in the Era of NEP** Sheila Fitzpatrick, Alexander Rabinowitch, Richard Stites, 1991-09-22 a comprehensive look at an enigmatic era Choice This provocative collection of essays certainly takes some of the polish off Soviet socialism's golden age Journal of Interdisciplinary History The authors and editors of this splendid volume deserve great praise Their work moves the field of Soviet history several large steps forward Slavic Review Lenin's New Economic Policy of the 1920s although a relatively free and open potential alternative to Soviet communism was also a time of extreme tension as Russian society and culture were rocked by the forces of resistance and change These essays examine the social and cultural dimensions of NEP in urban and rural Russia in the years before Stalin and rapid industrialization **Late Imperial Russia**

Ian Thatcher, 2024-06-04 This volume offers a detailed examination of the stability of the late imperial regime in Russia Students and scholars will appreciate the lively summaries of the latest scholarship in political economic social cultural and international history Accessible yet insightful contributions cover the historiography of complex topics such as peasants workers revolutionaries foreign relations and Nicholas II In addition there are original studies of some of the leading intellectuals of the time The late imperial economy is examined through the writings of Tugan Baranovsky There is an account of M N Pokrovskii's radical interpretation of late imperial Russia's historical path of development The state of the Russian theatre is studied through the lives of theatrical impresarios Each chapter also highlights a unique interpretation suggesting new lines of inquiry and research This book will be compulsory reading for students of Russian and European history of the late nineteenth and early twentieth centuries seeking to better understand why Tsarism collapsed in 1917

*Encyclopedia of Historians and Historical Writing* Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies *The Economic Development of Russia 1905-1914* Margaret Miller, 2017-02-17 This book originally published in 1926 but updated in 1967 analyses Russia's economy in the decade preceding the outbreak of the First World War It covers trade finance transport and industry and each chapter is supported by statistics drawn from Russian and international sources The introduction to the second edition links pre 1917 development with late twentieth century economic change and in so doing serves as a guide to assessing Soviet Russia's internal economic problems against the country's historical background
