Learning to Talk Shop Susan E. Phillips, 2025-08-12 A new account of premodern education that offered non elite readers lessons in navigating the premodern marketplace Learning to Talk Shop explores the phrasebooks and guides to conversations that flooded the marketplace in the fifteenth and sixteenth centuries making a virtual classroom available to an audience who could not afford or did not have access to formal education Privileging market share and mercantile savvy over moral instruction and linguistic mastery these mischievous little books offered readers lessons in the pragmatic and murky ethics of the premodern marketplace teaching them

bargaining tactics insults pick up lines and strategies for welching on debts Revealing what happens when language learning itself undergoes a translation out of the classroom into the marketplace and further down the social ladder Susan E Phillips offers a new account of premodern education not through erudite toms and schoolmaster sovereigns but through these practical books that enabled non elite readers to thrive in an environment not particularly conducive to their success Phillips asks what we learn and whom we can see when we look at premodern education from this humbler more mischievous perspective telling the tales of resourceful chambermaids savvy black stableboys and arithmetically adept barmaids as well as the story of a schoolgirl who compiled a textbook of her own and the narrative of a black schoolmaster teaching in Shakespeare s London In these stories Phillips finds the liberatory potential in a discourse that has previously been read as upholding traditional social hierarchies in the premodern period If we expand our archive beyond the Latin textbooks of the grammar school classroom to include these bestselling bi and multilingual vernacular textbooks Phillips contends we can see a radically different set of possibilities a premodern pedagogy that is more expansive more flexible and more inclusive

Renaissance Culture and the Everyday Patricia Fumerton, Simon Hunt, 2014-06-10 It was not unusual during the Renaissance for cooks to torture animals before slaughtering them in order to render the meat more tender for women to use needlepoint to cover up their misconduct and prove their obedience and for people to cover the walls of their own homes with graffiti Items and activities as familiar as mirrors books horses everyday speech money laundry baskets graffiti embroidery and food preparation look decidedly less familiar when seen through the eyes of Renaissance men and women In Renaissance Culture and the Everyday such scholars as Judith Brown Frances Dolan Richard Helgerson Debora Shuger Don

Wayne and Stephanie Jed illuminate the sometimes surprising issues at stake in just such common matters of everyday life during the Renaissance in England and on the Continent Organized around the categories of materiality women and transgression and constantly crossing these categories the book promotes and challenges readers thinking of the everyday While not ignoring the aristocratic it foregrounds the common person the marginal and the domestic even as it presents the unusual details of their existence What results is an expansive variegated and sometimes even contradictory vision in which the strange becomes not alien but a defining mark of everyday life Shakespearean Criticism Michael LaBlanc, 2003-08 The plays theme or focus of this volume includes The Comedy of Errors Love s Labour s Lost The Merchant of Venice The Taming of the Shrew
