Love and Marriage in Globalizing China Wang Pan, 2014-11-13 As China globalizes the number of marriages between Chinese people and foreigners is increasing These Chinese foreign marriages have profound implications for China's cultural identity This book based on extensive original research outlines the different types of Chinese foreign marriage and divorce and the changing scale and changing patterns of such marriages and divorces and examines how such marriages and divorces are portrayed in different kinds of media It shows how those types of Chinese foreign marriage where Chinese patriotism and Chinese values are preserved are depicted favourably whereas other kinds of Chinese foreign marriage especially those where Chinese women marry foreign nationals are disapproved of male foreign nationals being seen as having a propensity to infidelity deception violence and taking advantage of Chinese women The book contrasts the portrayal of Chinese foreign marriage with the reality and with the depiction of Chinese Chinese marriage where many of the same problems apply Overall the book sheds much light on changing social processes and on current imaginings of China's place in the world **Achilles Tatius. Revolution Plus Love Liu Jianmei,2003-09-30

In the aftermath of the May Fourth movement a growing expectation of revolution raised important intellectual issues about the position of the individual within a society in turmoil and the shifting boundaries of political and sexual identities The theme of revolution plus love a literary response to the widespread insurrections and upheaval was first popularized in the late 1920s In her examination of this popular but understudied literary formula Liu Jianmei argues that revolution and love are culturally variable entities their interplay a complex and constantly changing literary practice that is socially and historically determined Liu looks at the formulary writing of revolution plus love from the 1930s to the 1970s as a case study of literary politics Favored by leftist writers during the early period of revolutionary literature it continued to influence mainstream Chinese literature up to the 1970s By drawing a historical picture of the articulation and rearticulation of this theme Liu shows how changes in revolutionary discourse force unpredictable representations of gender rules and power relations and how women s bodies reveal the complex interactions between political representation and gender roles Revolution Plus Love is a nuanced and carefully considered work on gender and modernity in China unmatched in its broad use of literary resources It will be of considerable interest to scholars and students of modern Chinese literature women s studies cultural studies and comparative literature
