Loving Sex For Both Sexes Straight Talk For Teen Agers:

Sex Guides Patty Campbell, 2017-04-07 The history of the sex guide for adolescents documents the quite unconscious movement of Western culture's ideas about sex and youth revealing the heritage of our own sexual beliefs and codes of behaviour The first section of this book first published in 1986 traces the development of the sex guide examining 400 books from 1892 to the 1980s The second section comprises a detailed analysis of the patterns content and usefulness of all the contemporary manifestations of the genre The history of the teen sex manual is a fascinating revelation of American attitudes towards adolescent sexuality *Routledge Library Editions: Literature and Sexuality* Various Authors, 2021-02-25 This set brings together a collection of classic out of print works that offer some surprising new takes on the theme of sexuality in literature Whether examining new spaces by unrepresented women writers of colour or looking afresh at gay writings of the early twentieth century this set presents a thought provoking take on the subject and as such is an essential reference source
