

Lucifer The Devil In The Middle Ages

David Keck

Lucifer The Devil In The Middle Ages:

Lucifer Jeffrey Burton Russell, 1986 Describes the medieval concept of the devil discusses witchcraft and devil folklore and examines the depiction of evil in art and literature of the period

Lucifer, the Devil in the Middle Ages Jeffrey Burton Russell, 1988

Lucifer Jeffrey Burton Russell, 1990 The English Clown Tradition from the Middle Ages to Shakespeare Robert Hornback, 2013 From the late medieval period through to the seventeenth century English theatrical clowns carried a weighty cultural significance only to have it stripped from them sometimes violently by the close of the Renaissance when the famed license of fooling was effectively revoked This groundbreaking survey of clown traditions in the period looks both at their history and reveals their hidden cultural contexts and legacies it has far reaching implications not only for our general understanding of English clown types but also their considerable role in defining social religious and racial boundaries It begins with an exploration of previously un noted early representations of blackness in medieval psalters cycle plays and Tudor interludes arguing that they are emblematic of folly and ignorance rather than of evil Subsequent chapters show how protestants at Cambridge and at court during the reigns of Henry VIII and Edward patronised a clownish iconoclastic Lord of Misrule look at the Elizabethan puritan stage clown and move on to a provocative reconsideration of the Fool in King Lear drawing completely fresh conclusions Finally the epilogue points to the satirical clowning which took place surreptitiously in the Interregnum and the sometimes violent end of licensed folly Professor ROBERT HORNBACKE teaches in the Departments of Literature and Theatre at Oglethorpe University

Witchcraft in the Middle Ages Jeffrey Burton Russell, 2019-06-30 All the known theories and incidents of witchcraft in Western Europe from the fifth to the fifteenth century are brilliantly set forth in this engaging and comprehensive history Building on a foundation of newly discovered primary sources and recent secondary interpretations Jeffrey Burton Russell first establishes the facts and then explains the phenomenon of witchcraft in terms of its social and religious environment particularly in relation to medieval heresies Russell treats European witchcraft as a product of Christianity grounded in heresy more than in the magic and sorcery that have existed in other societies Skillfully blending narration with analysis he shows how social and religious changes nourished the spread of witchcraft until large portions of medieval Europe were in its grip from the most illiterate peasant to the most skilled philosopher or scientist A significant chapter in the history of ideas and their repression is illuminated by this book Our enduring fascination with the occult gives the author's affirmation that witchcraft arises at times and in areas afflicted with social tensions a special quality of immediacy

Angels and Angelology in the Middle Ages David Keck, 1998-07-23 Recently angels have made a remarkable comeback in the popular imagination their real heyday however was the Middle Ages From the great shrines dedicated to Michael the Archangel at Mont St Michel and Monte Garano to the elaborate metaphysical speculations of the great thirteenth century scholastics angels dominated the physical temporal and intellectual landscape of the medieval West This book offers a full scale study of angels and angelology in the Middle Ages

Seeking to discover how and why angels became so important in medieval society David Keck considers a wide range of fascinating questions such as Why do angels appear on baptismal fonts How and why did angels become normative for certain members of the church How did they become a required course of study Did popular beliefs about angels diverge from the angelologies of the theologians Why did some heretics claim to derive their authority from heavenly spirits Keck spreads his net wide in the attempt to catch traces of angels and angelic beliefs in as many portions of the medieval world as possible Metaphysics and mystery plays prayers and pilgrimages Cathars and cathedrals all these and many more disparate sources taken together reveal a society deeply engaged with angels on all its levels and in some unlikely ways *The Devil's Rights and the Redemption in the Literature of Medieval England* C. William Marx, 1995 A study of the theory of the devil's rights in relation to medieval theology of the redemption as this is treated in the popular literature of medieval England

Cultural Encounters: Cross-disciplinary studies from the Late Middle Ages to the Enlightenment Désirée Cappa, James Christie, Lorenza Gay, Hanna Gentili, Finn Schulze-Feldmann, 2019-01-15 This collection of essays contributes to the growing field of encounter studies within the domain of cultural history The strength of this work is the multi and interdisciplinary approach with papers on a broad range of historical times places and subjects While each essay makes a valuable and original contribution to its relevant field's the collection as a whole is an attempt to probe more general questions and issues concerning the productive outcomes of cultural encounters throughout the Late Medieval and Early Modern periods The collection is divided into three sections organised thematically and chronologically The first Encounters with the Past focuses on the reception of classical antiquity in medieval images and texts from France Italy and the British Isles The second Encounters with Religion presents a selection of instances in which political philosophical and natural philosophical issues arise within inter religious contexts The final section Encounters with Humanity contains essays on early science fiction political symbolism and Elizabethan drama theory all of which deal with the conception and expression of humanity on both the individual and societal level This volume's wide range of topics and methodological approaches makes it an important point of reference for researchers and practitioners within the humanities who have an interest in the cross cultural history of the medieval and Renaissance periods *The Routledge History of the Devil in the Western Tradition* Richard Raiswell, Michelle D. Brock, David R. Winter, 2025-05-29 Covering a period of 2000 years this book offers an interdisciplinary exploration of the devil's role in the Western tradition and draws from history religion art literature media studies and anthropology to provide a multifaceted view of the devil over time The Routledge History of the Devil in the Western Tradition examines topics such as the devil's scriptural origins medieval development and role in witch hunting and possession cases as well as the influence of the demonic on contemporary issues like terrorism political polarisation and digital culture Collectively this volume demonstrates that the demonological imagination has served as part of the glue holding Western societies together While contexts misfortunes and anxieties have shifted according to time and place many

of the dynamics that underlie the devil's construction and detection have important continuities. This book then provides an innovative history of the anti West the West as seen through its anxieties fears and attempts to define and police itself and its boundaries. With contributions from 28 leading scholars in the field this volume is of interest to all students and scholars of the devil in the Western world.

The Encyclopedia of Witches, Witchcraft and Wicca Rosemary Guiley, 2010-05-12
Presents a comprehensive reference guide with more than 480 entries on the subject of witchcraft.

Demons, the Devil, and Fallen Angels Marie D. Jones, Larry Flaxman, 2017-09-01
Illuminating the Dark Side's Spirits Fiends Devils and Demons
Throughout human history we have been obsessed with the dark opposites of God and angels light and mercy. Whether it is our religious and sacred texts folklore and myths of old legends fairy tales novels or the movies and television shows of today the dark entities enthrall us terrify us and remind us of the dualities of life. But where did they originate? Are they real? Does every religion or region of the world include them? Exploring over two dozen religious traditions myths folkloric and spiritual traditions the world of the supernatural and the demons the Devil and fallen angels in today's pop culture **Demons the Devil and Fallen Angels** is a comprehensive resource of the many faces of the devil his minions ominous deities and the darker side of nature and ourselves. From ancient demon worship to modern Satanism the bloody era of the Inquisitions and later witch burnings to the Satanic Panic of the late twentieth century and secret occult societies to Hitler's involvement with demonology this book covers it all. You'll learn about the key figures in history associated with demons and the Devil the worshiping of the dark forces and the lives of Aleister Crowley John Dee and Anton LaVey as well as well known figures who were alleged Satanists some of whom may surprise you. Also featured are dozens of examples of links between demons fallen angels and aliens cryptids apparitions and poltergeists and IDEs interdimensional entities. Were the demons of the Bible possibly ancient alien visitors? Are alien abductions and poltergeists really demons in disguise? Is Slender Man a modern day demonic entity or totally fake? This fascinating look at Satan evil spirits and their 10 000 year history has 120 photographs drawings and illustrations to bring the portraits of over 200 demons and fallen angels to shivering life. **Demons the Devil and Fallen Angels** also includes a helpful bibliography and an extensive index adding to its usefulness. It is a comprehensive clear and objective look at a subject that fills most people with fear and dread. Yet the presence of dark angels continues to remain a part of our human experience our popular culture and our spiritual understandings. Come and explore the shadowy side of existence and its integral part of our nature.

The Medieval Popular Bible Brian Murdoch, 2003
The presentation the use and the possible reception of the book of Genesis to lay audience largely unable to read the original texts. What was meant by the medieval popular Bible what was presented as biblical narrative to an audience largely unable to read the original biblical texts. Presentations in the vernacular languages of Europe of supposedly bible episodes were more often than not expanded and interpreted sometimes very considerably. This book looks at the presentation the use and the possible lay reception of the book of Genesis using as wide a range of medieval genres and vernaculars as possible on a comparative basis.

down to the Reformation Literatures taken into consideration include Irish Cornish English French High and Low German Spanish Italian and others Genesis was an important book and the focus is on those narrative high points which lend themselves most particularly it is never exclusive to literal expansion even though allegory can also work backwards into the literal narrative Starting with the devil in paradise who is not biblical the book examines what Adam and Eve did afterwards who killed Cain what happened in the flood or at the tower of Babel and ends with a consideration of the careers of Jacob and Joseph The book is based on the Speaker's Lectures given in 2002 in the University of Oxford BRIAN MURDOCH is Professor of German at the University of Stirling *A Companion to the Devil and Demons, c.1100-1750* Kathryn A.

Edwards, 2025-08-28 For medieval and early modern Europeans the Devil and his demonic minions were seen as increasingly active They tempted monks tortured the unwary and conspired against humanity They were responsible for waves of heresy plague famine and religious division and they formed unholy alliances foreshadowing the approaching Apocalypse and End Times Bringing together eighteen internationally recognized specialists *A Companion to the Devil and Demons* explores the latest research on premodern European beliefs about the Devil and demons With chapters ranging from scholastic and necromantic perceptions of demons to the place of demons within witch trials connections between demons and non human beings and media that spread ideas about demons it argues for the centrality and durability of demon knowledge in European culture Contributors to this volume Philip C Almond Robin B Barnes Dean Phillip Bell Michelle D Brock Fabi n Alejandro Campagne David J Collins SJ Ismael del Olmo Kathryn A Edwards Lizanne Henderson David Johannes Olszynski Richard Raiswell Juanita Feros Ruys James Sharpe Julien V ron se Rita Voltmer Hans de Waardt Gary K Waite and Charles Zika

The Oxford Companion to the Bible Bruce M. Metzger, Michael David Coogan, 1993-10-14 The Bible has had an immeasurable influence on Western culture touching on virtually every aspect of our lives It is one of the great wellsprings of Western religious ethical and philosophical traditions It has been an endless source of inspiration to artists from classic works such as Michaelangelo's Last Judgment Handel's Messiah or Milton's Paradise Lost to modern works such as Thomas Mann's Joseph and His Brothers or Martin Scorsese's controversial Last Temptation of Christ For countless generations it has been a comfort in suffering a place to reflect on the mysteries of birth death and immortality Its stories and characters are an integral part of the repertoire of every educated adult forming an enduring bond that spans thousands of years and embraces a vast community of believers and nonbelievers The Oxford Companion to the Bible provides an authoritative one volume reference to the people places events books institutions religious belief and secular influence of the Bible Written by more than 250 scholars from some 20 nations and embracing a wide variety of perspectives the Companion offers over seven hundred entries ranging from brief identifications who is Dives where is Pisgah to extensive interpretive essays on topics such as the influence of the Bible on music or law Ranging far beyond the scope of a traditional Bible dictionary the Companion features in addition to its many informative factual entries an abundance of interpretive essays Here are

extended entries on religious concepts from immortality sin and grace to baptism ethics and the Holy Spirit The contributors also explore biblical views of modern issues such as homosexuality marriage and anti-Semitism and the impact of the Bible on the secular world including a four part article on the Bible's influence on literature Of course the Companion can also serve as a handy reference the first place to turn to find factual information on the Bible Readers will find fascinating informative articles on all the books of the Bible including the Apocrypha and many other ancient texts such as the Dead Sea Scrolls Pseudepigrapha and the Mishnah Virtually every figure who walked across the biblical stage is identified here ranging from Rebekah Rachel and Mary to Joseph Barabbas and Jesus The Companion also offers entries that shed light on daily life in ancient Israel and the earliest Christian communities with fascinating articles on feasts and festivals clothing medicine units of time houses and furniture Finally there are twenty eight pages of full color maps providing an accurate detailed portrait of the biblical world A vast compendium of information related to scriptures here is an ideal complement to the Bible an essential volume for every home and library the first place to turn for information on the central book of Western culture

Our Old Monsters Brenda S. Gardenour Walter, 2015-07-11 The witch the vampire and the werewolf endure in modern horror These old monsters have their origins in Aristotle as studied in the universities of medieval Europe where Christian scholars reconciled works of natural philosophy and medicine with theological precepts They codified divine perfection as warm light male and associated with the ethereal world beyond the moon while evil imperfection was cold dark female and bound to the corrupt world below the moon All who did not conform to divine goodness including unholy women and Jews were considered evil and ascribed a melancholic blood hungry and demonic physiology This construct was the basis for anti woman and anti Jewish discourse that has persisted through modern Western culture Nowhere is this more evident than in horror films where the witch the vampire and the werewolf represent our fear of the inverted other *The Oxford Dictionary of the Christian Church* Frank Leslie Cross, Elizabeth A. Livingstone, 2005 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable one volume reference work on all aspects of the Christian Church It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England's new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles Perhaps most significantly a great number of the bibliographies have been updated Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics teachers and students of church history and theology as well as for the general reader

Witchcraft, the Devil, and Emotions in Early Modern England Charlotte-Rose Millar, 2017-07-14 This book represents the first systematic study of the role of the Devil in English witchcraft pamphlets for the entire period of state sanctioned witchcraft prosecutions 1563-1735. It provides a rereading of English witchcraft one which moves away from an older historiography which underplays the role of the Devil in English witchcraft and instead highlights the crucial role that the Devil often in the form of a familiar spirit took in English witchcraft belief. One of the key ways in which this book explores the role of the Devil is through emotions. Stories of witches were made up of a complex web of emotionally implicated accusers, victims, witnesses, and supposed perpetrators. They reveal a range of emotional experiences that do not just stem from malefic witchcraft but also and primarily from a witch's links with the Devil. This book then has two main objectives: First, to suggest that English witchcraft pamphlets challenge our understanding of English witchcraft as a predominantly non-diabolical crime, and second, to highlight how witchcraft narratives emphasized emotions as the primary motivation for witchcraft acts and accusations.

In Search of the Medieval Voice Lorna Bleach, Katariina Närä, Sian Prosser, 2009-10-02 Organised in 2008 by four medievalists from the University of Sheffield, *Locating the Voice: Expressions of Identity in the Middle Ages* provided a theatre for dialogue between postgraduates and early career researchers from around the world. This collection of articles born out of the conference forms an intriguing and interesting way of looking at identity and reflects the editors' desire to reconcile ideas within adjacent interdisciplinary fields of study. Reaching far beyond the domain of medieval literature already familiar to so many, this book examines the authorial and pictorial voice, the voice of national identity, and even the physical attributes a medieval voice may have had. Each contributor shows how, in locating the voice in their own field of research, it is possible to build a multi-disciplinary approach to individuality and identity in the medieval world.

Systematic Theology, Volume 1, Fourth Edition James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century. *Baptist History and Heritage Journal* July 1996: One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive. *Consensus* 1997: If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this. Pastors will especially find this feature to be a real help in teaching theology. It is an indispensable contribution to the task of systematic theology. *Journal of the Evangelical Theological Society* September 1999: Many students and pastors will find all they need here and will, in addition, be helped to relate their knowledge to recent developments in the theological world. *The Churchman: A Journal of Anglican Theology* 1991: A gold mine of helpful material. *The Christian Century* May 29/June 5 1991: No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this

volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary

The Universal Adversary Mark Neocleous, 2016-02-12 The history of bourgeois modernity is a history of the Enemy This book is a radical exploration of an Enemy that has recently emerged from within security documents released by the US security state the Universal Adversary The Universal Adversary is now central to emergency planning in general and more specifically to security preparations for future attacks But an attack from who or what This book the first to appear on the topic shows how the concept of the Universal Adversary draws on several key figures in the history of ideas said to pose a threat to state power and capital accumulation Within the Universal Adversary there lies the problem not just of the terrorist but more generally of the subversive and what the emergency planning documents refer to as the disgruntled worker This reference reveals the conjoined power of the contemporary mobilisation of security and the defence of capital But it also reveals much more Taking the figure of the disgruntled worker as its starting point the book introduces some of this worker's close cousins figures often regarded not simply as a threat to security and capital but as nothing less than the Enemy of all Mankind the Zombie the Devil and the Pirate In situating these figures of enmity within debates about security and capital the book engages an extraordinary variety of issues that now comprise a contemporary politics of security From crowd control to contagion from the witch hunt to the apocalypse from pigs to intellectual property this book provides a compelling analysis of the ways in which security and capital are organized against nothing less than the Enemies of all Mankind
