Lucretius And The Didactic Epic:

Lucretius and the Didactic Epic Monica R. Gale, 2001-12-27 The *De Rerum Natura* of Lucretius is at first sight something of an oddity a scientific treatise and at the same time a poem of great power and intensity This book seeks to resolve the apparent contradiction by locating Lucretius poem in the context of the ancient tradition of didactic epic *Epic Lessons* Peter Toohey, 1996 Didactic Epic was enormously popular in the ancient world It was used to teach Greeks and Romans technical and scientific subjects but in verse *Epic Lessons* shows how this scientific poetry was intended not just to instruct but also to entertain Praise for its predecessor Reading *Epic Lessons* makes the complexities and the strangeness of these ancient poems appear as clear as daylight and his enthusiasm renders them as attractive as the latest blockbuster JACT Review *Virgil on the Nature of Things* Monica R. Gale, 2000-11-09 The *Georgics* has for many years been a source of fierce controversy among scholars of Latin literature Is the work optimistic or pessimistic pro or anti Augustan Should we read it as a eulogy or a bitter critique of Rome and her imperial ambitions This book suggests that the ambiguity of the poem is the product of a complex and thorough going engagement with earlier writers in the didactic tradition Hesiod Aratus and above all Lucretius Drawing on both traditional philological approaches to allusion and modern theories of intertextuality it shows how the world views of the earlier poets are subjected to scrutiny and brought into conflict with each other Detailed consideration of verbal parallels and of Lucretian themes imagery and structural patterns in the *Georgics* forms the basis for a reading of Virgil's poem as an extended meditation on the relations between the individual and society the gods and the natural environment The Poetics of Latin Didactic Katharina Volk, 2002-06-27 This work offers a theoretical look at Latin didactic poems It discusses the characteristics that make a poem didactic from the points of view of both theory and literary history and traces the genre's history from Hesiod to Roman times *Structures of Epic Poetry* Christiane Reitz, Simone Finkmann, 2019-12-16 This compendium 4 vols studies the continuity flexibility and variation of structural elements in epic narratives It provides an overview of the structural patterns of epic poetry by means of a standardized stringent terminology Both diachronic developments and changes within individual epics are scrutinized in order to provide a comprehensive structural approach and a key to intra and intertextual characteristics of ancient epic poetry The Plague Epic in Early Modern England Rebecca Totaro, 2016-02-24 The *Plague Epic in Early Modern England Heroic Measures 1603 1721* presents together for the first time modernized versions of ten of the most poignant of plague poems in the English language each composed in heroic verse and responding to the urgent need to justify the ways of God in times of social religious and political upheaval Showcasing unusual combinations of passion and restraint heart rending lamentation and nation building fervor these poems function as literary memorials to the plague time fallen In an extended introduction Rebecca Totaro makes the case that these poems belong to a distinct literary genre that she calls the plague epic Because the poems are formally and thematically related to Milton's great epics *Paradise Lost* and *Paradise Regained* this volume represents a rare

J. Harrison,Michael Paschalis,Stavros A. Frangoulidis,2005 This thematic fourth Supplementum to Ancient Narrative entitled Metaphor and the Ancient Novel is a collection of revised versions of papers originally read at the Second Rethymnon International Conference on the Ancient Novel RICAN 2 under the same title held at the University of Crete Rethymnon on May 19 20 2003 Though research into metaphor has reached staggering proportions over the past twenty five years this is the first volume dedicated entirely to the subject of metaphor in relation to the ancient novel Not every contributor takes into account theoretical discussions of metaphor but the usefulness of every single paper lies in the fact that they explore actual texts while sometimes theorists tend to work out of context *Song Exchange in Roman Pastoral* Evangelos Karakasis,2011-01-27 Agonistic or friendly song exchange in idyllic settings forms the very heart of Roman pastoral It is also a key means of metapoetic stance taking on the part of the long line of authors who have cultivated this traditional genre The present book examines the motif of song exchange in Roman bucolic poetry under this double aspect as a central theme with established or constantly forming sub themes and paraphernalia thus providing a comprehensive listing description and analysis of such scenes in the totality of Roman literature and as the locus where thanks to its very traditionality innovative generic tendencies are most easily expressed Starting from Vergil and continuing with Calpurnius Siculus the Einsiedeln Eclogues and Nemesianus the book focuses on how politics panegyric elegy heroic and didactic poetry function as guest genres within the pastoral host genre by tracing in detail the evolution of a wide variety of literary linguistic stylistic and metrical features **Classical Literature** William Allan,2014-03 William Allan s Very Short Introduction provides a concise and lively guide to the major authors genres and periods of classical literature Drawing upon a wealth of material he reveals just what makes the classics such

Winkler, 2024-02-22 This book aims to enhance our appreciation of the modernity of the classical cultures and conversely of cinema's debt to ancient Greece and Rome It explores filmic perspectives on the ancient verbal and visual arts and applies what is often referred to as pre cinema and what Sergei Eisenstein called cinematism that paintings statues and literature anticipate modern visual technologies The motion of bodies depicted in static arts and the vividness of epic ecphrases point to modern features of storytelling while Plato's Cave Allegory and Zeno's Arrow Paradox have been related to film exhibition and projection since the early days of cinema The book additionally demonstrates the extensive influence of antiquity on an age dominated by moving image media as with stagings of Odysseus arrow shot through twelve axes or depictions of the Golden Fleece Chapters interpret numerous European and American silent and sound films and some television productions and digital videos **Libera Fama** Stratis Kyriakidis, 2017-01-06 Fame and glory rumour and reputation have fascinated through the ages The way in which they are communicated and spread is a topic which impacts our lives on a daily basis and is an important theme in current literature The ancient world is an ideal arena for the exploration of these issues being a closed period of human history that offers a secure resource for exploring the phenomenon Philip Hardie's *Rumour and Renown: Representations of Fama in Western Literature* Cambridge University Press 2012 is an authoritative work on this subject and the stimulus for this volume Continuing the on going discussion each one of the contributors examines further aspects of the issue in the work of Lucretius Cicero Virgil Ovid Manilius Juvenal and the Christian poet Prudentius The volume offers insights into the poets personal quest for acclaim and more importantly their awareness of the qualities of the phenomenon an awareness which on occasion led them to personify fame and glory Virgil's personification of Fama in Aeneid 4 was fame's most important personification influencing artists for centuries to come and it is this subject with which the volume concludes Thomas Gray among the Disciplines Ruth Abbott, Ephraim Levinson, 2024-12-31 Throughout the 250 years that have passed since Thomas Gray's death he has primarily been celebrated as a poet This makes sense because although he published relatively little verse he published less indeed precisely nothing of his abundant polymathic writing in other fields His place within the history of scholarship has therefore been obscured Like many eighteenth century antiquaries however he shared his learning through correspondence and manuscript circulation and thereby influenced intellectual as well as literary life This book explores Gray's scholarship within the changing norms of eighteenth century disciplines at once locating him within histories of specialisation and examining the ways in which he challenges their narratives Scholars from across the humanities reveal his methods and global interests and analyse many newly uncovered manuscripts Offering fresh understanding of broader fields through focused investigation of Gray's multidisciplinary writings the book will appeal to scholars of eighteenth

century literary intellectual and scientific history

T. Calpurnius Siculus Evangelos Karakasis, 2016-10-10 T Calpurnius Siculus A Pastoral Poet in Neronian Rome is the first ever detailed examination of the whole of Calpurnius pastoral corpus in English It aims to offer an overall picture of Calpurnius epigonal and generically transcending poetics and meta poetics through a thorough comparative analysis of the generic interfaces between the bucolic host genre as bequeathed to Siculus from Theocritus to Vergil and various generic modes which operate in Calpurnius eclogues such as epic panegyric elegiac didactic georgic The analysis includes themes motifs intertexts and allusion narrative sequences diction and metre as well as meta generic meta poetic signs including Calpurnius redirection and inversion of the Callimachean neoteric poetological meta language The study s interests also revolve around the ways in which Neronian ideology and imperial politics inform the pastoral narrative and often account for the formalistic change discerned as well as the manner in which Post Classical diction functions as a targeted self conscious linguistic tell tale of generic evolution The book is intended for students or scholars working on or interested in Roman pastoral and its generic evolution as well as Neronian Literature

Reading Poetry, Writing Genre Silvio Bär, Emily Hauser, 2018-12-27 This ground breaking volume connects the situatedness of genre in English poetry with developments in classical scholarship exploring how an emphasis on the interaction between English literary criticism and Classics changes sharpens or perhaps even obstructs views on genre in English poetry Genre has classical roots both in the etymology of the word and in the history of genre criticism which begins with Aristotle In a similar vein recent developments in genre studies have suggested that literary genres are not given or fixed entities but subjective and unstable as well as historically situated and that the reception of genre by both writers and scholars feeds back into the way genre is articulated in specific literary works Classical scholarship literary criticism and genre form a triangle of key concepts for the volume approached in different ways and with different productive results by contributors from across the disciplines of Classics and English literature Covering topics from the establishment of genre in the Middle Ages to the invention of female epic and the epyllion and bringing together the works of English poets from Milton to Tennyson to Josephine Balmer the essays collected here argue that the reception and criticism of classical texts play a crucial part in generic formation in English poetry

Lucullus Lee Fratantuono, 2017-09-30 The military achievements of Lucius Licinius Lucullus 118 57 56 B C have been the subject of admiration and great respect throughout the history of the study of warfare Yet there have been few studies dedicated to a comprehensive examination of exactly how Lucullus conquered the Roman East and made it a more or less cohesive part of the empire Lee Frantantuono considers every aspect of Lucullus life starting with the training and education of a future Roman officer but the greatest emphasis is on his military strategy and tactics during the Third Mithridatic War and his military adventures in Armenia His most famous achievement was his victory against immense odds at the land battle of Tigranocerta We are also reminded that he one of the most formidable naval strategists of the Roman Republic Lucullus complicated relationship with Sulla and Crassus is explored and the study concludes with the retirement of the man Pliny the Elder memorably referred to as Xerxes in a Toga a patron of the arts and master of a life of horticulture and reflection

Generic Enrichment in Vergil and Horace S. J. Harrison, 2011-03-31 S J Harrison sets out to sketch one answer to a key question in Latin literary history why did the period c 39 19 BC in Rome produce such a rich range of complex poetical texts above all in the work of the famous poets Vergil and Horace Harrison argues that one central aspect of this literary flourishing was the way in which different poetic genres or kinds pastoral epic tragedy etc interacted with each other and that that interaction itself was a prominent literary subject He explores this issue closely through detailed analysis of passages of the two poets works between these dates Harrison opens with an outline of generic theory ancient and modern as a basis for his argument suggesting how different poetic genres and their partial presence in each other can be detected in the Latin poetry of the first century BC
