In this eagerly awaited follow up to *The World That Made New Orleans* Sublette's award winning history of the Crescent City's colonial years he traces an arc of his own experience from the white supremacy of segregated 1950s Louisiana through the funky year of 2004-2005 the last year New Orleans was whole. By turns irreverent joyous darkly comic passionate and polemical *The Year Before the Flood* juxtaposes the city's crowded calendar of parties festivals and parades with the murderousness of its poverty and its legacy of racism. Along the way Sublette opens up windows of American history that illuminate the present the trajectory of Mardi Gras from pre-Civil War days the falsification of Southern history in movies the city's importance to early rock and roll the complicated story of its housing projects the uniqueness of its hip hop scene and the celebratory magnificence of the participatory parades known as second lines. With a grand unforgettable cast of musicians and barkeeps scholars and thugs vibrating with the sheer excitement of New Orleans *The Year Before the Flood* is an affirmation of the power of the city's culture and a heartbreaking tale of loss that definitively establishes Ned Sublette as a great American writer for the 21st century **Harper's Magazine**, 1875 Important American periodical dating back to 1850 *On the Hills of Home* John Calvin Sharpe, 1972
