Brown, Alexander S. Yeung, Cynthia Lee, 2013-01-01 Communication and Language play a foundational role in the overall pursuit of equity and social justice in education This volume does not take up the majority and dominant views which are especially visible in developments in the field of linguistic education and English language instruction Rather it travels the path less followed to attend to the language and communication concerns of populations that possess little political and economic power and whose academic and social needs are often neglected The volume attends to the role of language acquisition in levelling the playing field to enable ALL students to develop into contented family members good neighbours and productive citizens in an increasingly diverse and global society The issue takes on far greater importance as it gradually comes to light that the capacity for language corresponds to and even implements the ability to interrelate with others Far from being a mere utilitarian tool this is now appreciated as constituting the realm of abilities to take the position of the other to share a field of meaning and to project and pursue truly humane and indeed inter humane attitudes and goals In this light communication and language whether verbal or preverbal constitute the field in which one first attains and progressively evolves one s humanity In this volume scholars from ten different countries examine issues related to the influence of language and communication patterns on equity and social justice in the lives of disadvantaged and marginalized populations around the globe i e educational opportunities community stability economic prospects and political power Critical issues addressed include education in traditional national or Western languages language integration through dialects and code switching non verbal academic engagement through art signing and photography cross cultural engagement through language equity in higher education and the influence of Western language acquisition on the self concepts of disadvantaged students As the succession of sections in this volume makes clear success in the realization of language and communication abilities is not simple Rather it reflects human life and interaction in all its complexity

Motivated Social Perception Steven J. Spencer, Steven Fein, Mark P. Zanna, James M. Olson, 2003-01-30 This volume highlights state of the art research on motivated social perception by the leaders in the field Recently a number of researchers developed influential accounts of how motivation affects social perception Unfortunately this work was developed without extensive contact between the researchers and therefore evolved into two distinct traditions The first tradition shows that the motivation to maintain a positive self concept and to define oneself in the social world can dramatically affect people s social perception The second one shows that people s goals have a dramatic effect on how they see themselves and others Motivated Social Perception shows how these two approaches often overlap and provides insights into how these two perspectives are integrated Motivated Social Perception contains chapters on the effect of motivation on the activation and application of stereotypes self affirmation in the evaluations of the self and others implicit and explicit aspects of self esteem self esteem contingencies and relational aspects of the self an investigation of the roots and functions of basic goals and extensions of self regulatory theory This book is intended for scholars researchers and advanced students

interested in social perception and social cognition **Educational Psychology: Constructing Learning** Dennis M. McInerney, 2013-08-15 Educational Psychology Constructing Learning 6e sets the standard for educational psychology texts in Australia and New Zealand with its comprehensive authoritative and research based coverage of the subject This edition includes completely updated content to reflect recent advances in the discipline including revised theory into practice features from 39 international developmental psychologists The author has retained the constructivist approach that made previous editions so engaging and relevant to student teachers and content has been constructed around the new Australian Profession Standards for Teachers **New Frontiers for Self Research** Herbert Marsh, Rhonda G. Craven, Dennis M. McInerney, 2006-07-01 **Handbook of Musical Identities** Raymond A. R. MacDonald, David John Hargreaves, Dorothy Miell, 2017 The Handbook of Musical Identities explores three features of psychological approaches to musical identities and four real life contexts in which musical identities have been investigated The multidisciplinary breadth of the Handbook reflects the changes that are taking place in music in digital technology and in their role in society **Assessing Adolescents in Educational, Counseling, and Other Settings** Robert D. Hoge, 1999-03-01 Adolescence is a distinct period of development that presents a number of special challenges This fact has important implications for professionals selecting and administering assessment procedures and interpreting the data they yield yet assessment texts have focused on adults or children and devoted minimal attention to adolescents This book constitutes the first up to date and practical guide to the effective psychological assessment of adolescents Throughout the author's emphasis is on standardized instruments Their use he argues provides more valid information about individuals leads to better treatment or placement decisions and contributes to the more efficient management of organizational resources than does reliance on clinical interviews and judgment alone Assessing Adolescents in Educational Counseling and Other Settings will be welcomed by all those professionally involved in the assessment of adolescents psychologists psychiatrists social workers child care agency staff and educators as well as by those who must make decisions based on their assessments school principals youth court judges and managers of residential treatment facilities among others Developmental researchers will also find this review of available standardized tools helpful in their work **Encyclopedia of Measurement and Statistics** Neil J. Salkind, 2007 Publisher Description Midlife Maze Janis Clark Johnston, 2017-02-16 Have you found yourself wilting in midlife and wondering what you might do to flourish in your remaining years Have you lost your way in the midlife maze due to a significant loss Did you lose your job or desired career advancement Did you separate or divorce Did your last child leave home Did your family experience a virtual storm of bankruptcy or lose your life savings in a financial meltdown Did you or someone in your family experience the loss of good health Or did you weather the death of a family member partner or friend Your loss story is personal Your path through winding passages during midlife is unique Perhaps the most important encouragement for your grieving process is to know this simple fact grieving is a natural healing response to loss rather than

a pathological experience Midlife can be a time of reflection rebellion or reconnecting to old or new interests and activities It can also be a time when losses start to happen or begin to pile up divorce death of a loved one loss of a job or home the moving out and on of grown children and learning how to move forward can be a challenge Here a seasoned psychologist looks at the geography of loss in midlife the way it can affect us and what we can do to get back on track or redirect ourselves when necessary Through first hand stories and practical exercises the author leads readers through the midlife maze to a place of recovery purpose and peace
