**Messianisme et mystique** Moshe Idel,1992      Messianisme et mystique Moshe Idel,1994 In the Kabbalah of Abraham Abulafia and in the Zohar      *Messianisme et mystique* Moshe Idel,1994 In the Kabbalah of Abraham Abulafia and in the Zohar      **Messianisme philosophie absolue** Józef Maria Hoene-Wronski,1876      **From Something to Nothing** Harry Fox,Daniel Maoz,Tirzah Meacham,2019-05-24 Jewish mysticism approaches God as no thing or nothing reflecting Judaism's traditional identification of God as incorporeal Whereas technical philosophical language often employed to discuss Jewish mysticism has a tendency to ward off otherwise interested readers this study sufficiently breaks down the technical language of Jewish mysticism in its various expressions to allow a beginner to benefit from what may otherwise be indescribable and only approached by consideration of what is not rather than what is Integral to the title From Something to Nothing is the concept that God cannot be something because that would be restricting so God is simply no thing Ironically the conventional religious expression for the biblical notion of creation is something from nothing whereas the title of this volume is its precise opposite which may at first seem to be illogical creation in reverse However in a volume dedicated to various deliberations on magic and mysticism the ultimate reality may receive expression as nothingness that is no thingness no quality associated with things What adds to our difficulty today is that nothingness is inextricably linked with silence Is silence also an element or indication of an ultimate reality or its absence Or is it merely the reflection of nothing whatsoever This is at the heart of modern debates between atheists and believers Believers feel that even this silence speaks to this ultimate reality whereas atheists claim that if you cannot show it then you do not know it In other words believers are victims of their own wishful thinking From Something to Nothing memorializes Canadian mystic and scholar Zalman Schachter Shalomi's engaging in particular aspects that he addressed at some phase of his colourful and erudite life providing the reader with a broad spectrum of both phenomenological and intellectual topics      **La France mystique** Alexandre Erdan,1858      **Le Messianisme dans le Talmud et les Midraschim** Marcus Rabinsohn,1907      **Kimbanguisme et messianisme juif** François Michée Nzenza Mpangu,2010-06 Le problème messianique est d'une essence permanente et continue Le Kimbanguisme et le messianisme juif n'ont rien de commun cette dialectique cyclothymique apportant la fois espoirs et déceptions La restauration de l'État juif en Palestine pour mieux assurer la redemption d'une part celle du royaume Kongo et la fondation d'une Église proprement noire africaine d'autre part deux messianismes différents voulant apporter des réponses et des solutions analogues Au-delà de l'étude théologique ou religieuse la démarche pluridisciplinaire de François Michée Nzenza Mpangu englobant sociologie science politique et économique permet de recouvrir sous un jour nouveau l'histoire objective et subjective du kimbanguisme et du sabbatisme Originales et richement documentées voici de pertinentes réflexions sur une malheureuse controverse      *Messianismes* Mohammad Ali Amir-Moezzi,2000 La figure du Messie est au cœur de la controverse qui oppose judaïsme et christianisme Cet ouvrage réunissant des spécialistes de plusieurs horizons présente des

figures passées et présentes du messianisme dans un esprit de dialogue et de débat La France mystique, tableau des excentricités religieuses de ce temps Alexandre André Jacob, 1860 La France mystique tableau des excentricités religieuses de ce temps, 1858 **La France Mystique; tableau des excentricités religieuses de ce temps. Par A. Erdan** Alexandre ERDAN (pseud. [i.e. André Alexandre Jacob.]), 1858 *La France Mystique* Alexander Erdan, 1858 *Mystique et messianisme* Roland Goetschel, 2007 Secularism and Cosmopolitanism Étienne Balibar, 2018-06-19 What is the relationship between cosmopolitanism and secularism the worldwide and the worldly While cosmopolitan politics may seem inherently secular existing forms of secularism risk undermining the universality of cosmopolitanism because they privilege the European tradition over all others and transform particular historical norms into enunciations of truth valid for all cultures and all epochs In this book the noted philosopher Étienne Balibar explores the tensions lurking at this troubled nexus in order to advance a truly democratic and emancipatory cosmopolitanism which requires a secularization of secularism itself Balibar argues for the idea of the universal against its particular dominant institutions He questions the assumptions that underlie popular ideas of secularism and religion and outlines the importance of a new critique for the contemporary world Balibar holds that conflicts between religious and secular discourses need to be reframed from a point of view that takes into account the cultural hybridization migration and mobility and transformation of borders that have reshaped the postcolonial age Among the topics discussed are the uses and misuses of the category of religion and the religious the paradoxical genealogy of monotheism French laïcité's identitarian turn and the implications of the responses to the Charlie Hebdo attacks for an extended definition of free speech Going beyond circumscribed notions of religion and the public sphere Secularism and Cosmopolitanism is a profound rethinking of identity and difference that seeks to make room for a renewed political imagination **The Burnt Book** Marc-Alain Ouaknin, 2024-05-14 A profound look at what it means for new generations to read and interpret ancient religious texts In this book rabbi and philosopher Marc Alain Ouaknin offers a postmodern reading of the Talmud Combining traditional learning and contemporary thought Ouaknin dovetails discussions of spirituality and religious practice with such concepts as deconstruction intertextuality undecidability multiple voicing and eroticism in the Talmud On a broader level he establishes a dialogue between Hebrew tradition and the social sciences which draws for example on the works of Lévinas Blanchot and Jacques as well as Derrida The Burnt Book represents the innovative thinking that has come to be associated with a school of French Jewish studies headed by Lévinas and dedicated to new readings of traditional texts The Talmud transcribed in 500 C E is shown to be a text that refrains from dogma and instead encourages the exploration of its meanings A vast compilation of Jewish oral law the Talmud also contains rabbinical commentaries that touch on everything from astronomy to household life Examining its literary methods and internal logic Ouaknin explains how this text allows readers to transcend its authority in that it invites them to interpret discuss and recreate their religious tradition An in depth treatment of selected texts from the oral law and commentary goes on to provide a model for secular

study of the Talmud in light of contemporary philosophical issues Throughout the author emphasizes the self effacing quality of a text whose worth can be measured by the insights that live on in the minds of its interpreters long after they have closed the book He points out that the burning of the Talmud in anti Judaic campaigns throughout history has in fact been an unwitting act of complicity with Talmudic philosophy and the practice of self effacement Ouaknin concludes his discussion with the story of the Hasidic master Rabbi Nahman of Bratslav who himself burned his life achievement a work known by his students as the Burnt Book This story leaves us with the question should all books be destroyed in order to give birth to thought and renew meaning
