New Essays On Fichtes Later Jena Wissenschaftslehre

Marina F. Bykova

New Essays On Fichtes Later Jena Wissenschaftslehre:

After Jena Daniel Breazeale, Tom Rockmore, 2008-01-30 The career of J G Fichte a central figure in German idealism and in the history of philosophy divides into two distinct phases the first period in which he occupied the chair of critical philosophy at the University of Jena 1794 1799 and the following period after he left Jena for Berlin Due in part to the inaccessibility of the German texts Fichte scholarship in the English speaking world has tended to focus on the Jena period neglecting the development of this major thinker s mature development The essays collected in this book begin to correct this imbalance Concerned in a variety of ways with Fichte s post Jena philosophy these essays by distinguished and emerging scholars demonstrate the depth and breadth of Fichte scholarship being done in English With an introduction that locates the essays in philosophical and historical terms the book divides into three related categories Fichte s development his view of religion and other aspects of his popular or not so popular philosophy From a wide range of perspectives the essays show how Fichte s later development reflects the philosophical concerns of his time the specific debates in which he engaged and the complex events of his philosophical career

New Essays on Fichte's Later Jena Wissenschaftslehre Daniel Breazeale, Tom Rockmore, 2002 The philosophical thought of J G Fichte particularly his later work is at the very center of a paradigm shift currently underway in the field of German Idealism Crucial to this reassessment is Fichte s Wissenschaftslehre Nova Methodo of 1796 99 the manuscript at the heart of this collection and an articulation of the philosopher s Wissenschaftslehre or overall system of philosophy that Fichte discussed in lectures at the University of Jena Edited by two of the foremost Fichte scholars in the world the essays collected here provide a much needed introduction to the major themes of the most important period of Fichte s philosophical thought and thus to German Idealism itself even as they make a persuasive case for the originality and continuing significance of the later Jena Wissenschaftslehre Beginning with the Foundations of Natural Right several of these essays convey the breadth and striking originality of Fichte s social thought during this period and its profound influence on subsequent thinkers such as Hegel Others offer the most sustained and multifaceted discussion to date of the distinctive character of Fichte s first revised presentation of the foundation

Conspiracy Theories David Coady, 2006 Conspiracy theories have historically had a bad reputation with many philosophers dismissing the topic as irrational Current philosophical debate has challenged this stance suggesting that these theories do not deserve their bad reputation This book represents both sides of the debate Aimed at a broad philosophical community including epistemologists political philosophers and philosophers of history this book is a significant contribution to the growing interest in conspiracy theories

Fichte, German Idealism, and Early Romanticism Daniel Breazeale, Tom Rockmore, 2010 This volume of 23 previously unpublished essays explores the relationship between the philosophy of J G Fichte and that of other leading thinkers associated with German Idealism and the early Romantic movement Several papers explore the broader question of Fichte s relationship and contribution to German idealism and

German romanticism in general while others offer comparative studies of the relationship between Fichte's writings and those of Leibniz Kant Schelling Hegel Friedrich Schlegel Novalis Schleiermacher and Wilhelm von Humboldt Taken collectively this set of essays provides anglophone readers with a new and historically accurate understanding of the origin development and reception of Fichte's philosophy in the context of its own era and in relationship to the most important intellectual movements of the time The authors include both well established and internationally recognized experts in their fields as well as younger scholars with fresh and challenging perspectives to offer This volume proposes a new interpretation of the history of German idealism in general and of the place therein of Fichte's Wissenschaftslehre It emphasizes the intimate connection between transcendental idealism and German romanticism and shows how developments within each of these intellectual movements reflected and in turn influenced developments within the other Finally it sheds new light on Fichte's own philosophical development and does so by relating the various stages of his writings to other contemporary movements and authors

Fichte in the Americas ,2023-05-30 This collection is the first comprehensive history of Fichte's reception in America highlighting the existence of a long and strong tradition of Fichtean studies throughout the continent and demonstrating the centrality of Fichtean ideas in contemporary discussions of issues such as feminism social criticism and decolonial thought Read and reinterpreted in the highly diverse circumstances across the American continent Fichte's ideas are presented in a radically new light uncovering the Fichtean spirit of self activity and autonomous thought in an American context

Fichte and Kant on Freedom, Rights, and Law Gunnar Beck,2008-01-01 Gunnar Beck provides the first comparative book length introduction to Fichte's and Kant's theories of freedom law and politics together with an overview of the metaphysical and epistemological edifice underpinning their thinking He offers a critical analysis of the underlying normative foundations of Kant's and Fichte's theories of rights and questions the analytical link between the idea of freedom as rational self determination or autonomy and a rights based political liberalism

Central Works of Philosophy v3 John Shand,2015-01-28 Central Works of Philosophy is a major multi volume collection of essays on the core texts of the Western philosophical tradition From Plato's Republic to the present day the five volumes range over 2 500 years of philosophical writing covering the best most representative and most influential work of some of our greatest philosophers Each essay has been specially commissioned and provides an overview of the work clear and authoritative exposition of its central ideas and an assessment of the work's importance Together these books provide an unrivaled companion for studying and reading philosophy one that introduces the reader to the masterpieces of the western philosophical canon Much of nineteenth century philosophy may be viewed as either an affirmation or rejection of Kant This volume therefore begins with Kant's magnum opus the Critique of Pure Reason Michelle Grier provides a masterly distillation of this monumental work Curtis Bowman explores the central text of the first of the great post Kantian idealists Fichte who extended Kantian philosophy in a new direction Hegel one of Kant's most formidable critics is given incisive treatment by Michael Inwood in his

presentation of the Phenomenology of Spirit Schopenhauer's World as Will and Representation which hoped to solve many of the problems that Kant's philosophy left unsolved is explored in Dale Jacquette's chapter The moral philosophy of John Stuart Mill perhaps the only philosopher in this volume to circumvent Kant's influence is examined in Jonathan Riley's essay on his classic work On Liberty The philosophical ideas of Kierkegaard widely credited as the founder of modern existentialism are explored by Stephen Evans in his essay on Philosophical Fragments Marx's Capital one of the most influential books of the modern age is given expert treatment by Tom Rockmore The volume closes with Nietzsche whose appropriation of Kant led to a radical anti philosophy Rex Welshon dissects his most philosophical and widely read work On the Genealogy of Morals

For the Love of Metaphysics Karin Nisenbaum, 2018-09-19 In his Critique of Pure Reason Kant argued that human reason is inherently conflicted because it demands a form of unconditioned knowledge which is unattainable his solution to this conflict of reason relies on the idea that reason's quest for the unconditioned can only be realized practically Karin Nisenbaum recommends viewing this conflict of reason and Kant's solution to this conflict as the central problem shaping the contours of post Kantian German Idealism She contends that the rise and fall of German Idealism is to be told as a story about the different interpretations appropriations and radicalization of Kant's prioritizing of the practical The first part of the book explains why Kant's critics and followers came to understand the aim of Kant's critical philosophy in light of the conflict of reason According to Nisenbaum F H Jacobi and Salomon Maimon set the stage for the reception of Kant's critical philosophy by conceiving its aim in terms of meeting reason's demand for unconditioned knowledge and by understanding the conflict of reason as a conflict between thinking and acting or knowing and willing The manner in which the post Kantian German Idealists radicalized Kant's prioritizing of the practical is the central topic of the second part of the book which focuses on works by J G Fichte and F W J Schelling The third part clarifies why in order to solve the conflict of reason Schelling and Rosenzweig developed the view that human experience is grounded in three irreducible elements God the natural world and human beings which relate in three temporal dimensions Creation Revelation and Redemption

Matters of Spirit F. Scott Scribner, 2010 An interpretation of the philosophy of J G Fichte Examines the impact of nineteenth century psychological techniques and technologies on the formation of his theory of the imagination Provided by publisher German Idealism and the Problem of Knowledge: Nectarios G. Limnatis, 2008-10-14 The problem of knowledge in German Idealism has drawn increasing attention This is the first attempt at a systematic critique that covers all four major figures Kant Fichte Schelling and Hegel The book offers a fresh and challenging analysis The Bloomsbury Handbook of Fichte Marina F. Bykova, 2020-10-15 A founding figure of German idealism Johann Gottlieb Fichte 1762-1814 developed a radically new version of transcendental idealism The Bloomsbury Handbook of Fichte follows his intellectual life and presents a comprehensive overview of Fichte's dynamic philosophy from his engagement with Kant to his rigorously systematic and nuanced Wissenschaftslehre and beyond Covering a variety of topics and issues in epistemology ontology moral and political

philosophy as well as philosophy of right and philosophy of religion an international team of experts on Fichte explores his important contributions to philosophy Arranged chronologically their chapters map Fichte s intellectual and philosophical development and the progression of his thought identifying what motivated his philosophical inquiry and revealing why his ideas continue to shape discussions today Alongside wide ranging chapters advancing new insights into Fichte there are topical discussions of conceptions and issues central to his philosophy Featuring a chronology of Fichte s life as well as a timeline of his publications and lectures this is an invaluable research resource for all Fichte scholars and a reliable guide for anyone undertaking a study of Fichte and German idealism

The Cambridge Companion to Fichte David James, Günter Zöller, 2016-12-13 Johann Gottlieb Fichte 1762 1814 was the founding figure of the philosophical movement known as German idealism a branch of thought which grew out of Kant s critical philosophy Fichte s work formed the crucial link between eighteenth century Enlightenment thought and philosophical as well as literary Romanticism Some of his ideas also foreshadow later nineteenth and twentieth century developments in philosophy and in political thought including existentialism nationalism and socialism This volume offers essays on all the major aspects of Fichte s philosophy ranging from the successive versions of his foundational philosophical science or Wissenschaftslehre through his ethical and political thought to his philosophies of history and religion All the main stages of Fichte s philosophical career and development are charted and his ideas are placed in their historical and intellectual context New readers will find this the most convenient and accessible guide to Fichte currently available Advanced students and specialists will find a conspectus of recent developments in the interpretation of Fichte

Schelling, Freedom, and the Immanent Made Transcendent Daniele Fulvi, 2023-09-28 This book offers a cutting edge interpretation of the philosophy of F W J Schelling by critically reconsidering the interpretations of some of his successors It argues that Schelling s philosophy should be read as an ontology of immanence highlighting its relevance for ongoing debates on ethics and freedom The book builds on a key notion from Schelling s Philosophy of Revelation where he outlines the process through which transcendence must return to immanence in order to be grasped and understood The author identifies Jaspers Heidegger and Deleuze as the main interpreters of Schelling s philosophical activity highlighting their relevance for subsequent Schelling scholarship Heidegger and Jaspers refer to Schelling s philosophy in negative terms namely as an incomplete and unviable philosophical system whereas Deleuze holds the immanent core of Schelling s ontological discourse in high regard The author s analysis demonstrates that reading Schelling s philosophy as an ontology of immanence not only avoids Heidegger s and Jaspers s criticisms but is also more fitting to Schelling s original meaning Accordingly his reading allows us to fully grasp Schelling s thought in all its strength and consistency as a philosophy that avoids metaphysical abstractions and maintains the concreteness of concepts like God nature freedom by binding them to a solid and material account of Being Finally the author uses Schelling to propose an innovative reading of freedom as a matter of resistance and of philosophy as an activity whose

main purpose is that of seeking the actual extent and place of human life and freedom within nature The author originally emphasises the relevance of these conclusions on contemporary debates in Postcolonial Critical Theory and Environmental Ethics Schelling Freedom and the Immanent Made Transcendent From Philosophy of Nature to Environmental Ethics will appeal to scholars and advanced students working in 19th century Continental philosophy German idealism and Postcolonial Critical Theory and Environmental Ethics

Encyclopedia of Modern Political Thought (set) Gregory Claey's, 2013-08-20 This groundbreaking new work explores modern and contemporary political thought since 1750 looking at the thinkers concepts debates issues and national traditions that have shaped political thought from the Enlightenment to post modernism and post structuralism Encyclopedia of Modern Political Thought is two volume A to Z reference that provides historical context to the philosophical issues and debates that have shaped attitudes toward democracy citizenship rights property duties justice equality community law power gender race and legitimacy over the last three centuries It profiles major and minor political thinkers and the national traditions both Western and non Western which continue to shape and divide political thought More than 200 scholars from leading international research institutions and organizations have provided signed entries that offer comprehensive coverage of Thought of regions and countries including African political thought American political thought Australasian political thought Australian and New Zealand Chinese political thought Indian political thought Islamic political Thought Japanese political thought and more Thought regarding contemporary issues such as abortion affirmative action animal rights European integration feminism humanitarian intervention international law race and racism and more The ideological spectrum from Marxism to neoconservatism including anarchism conservatism Darwinism and Social Darwinism Engels fascism the Frankfurt School Lenin and Leninism socialism and more Connections of political thought to key areas of politics and other disciplines such as economics psychology law and religion Notable time periods of political thought since 1750 Concepts including class democratic theory liberalism nationalism natural and human rights and theories of the state Theorists and political intellectuals both Western and non Western including John Adams Edmund Burke Mohandas Gandhi Immanuel Kant Ayatollah Khomeini Ernst Friedrich Schumacher George Washington and Mary Wollstonecraft

Idealism Jeremy Dunham, Iain Hamilton Grant, Sean Watson, 2014-12-05 Idealism is philosophy on a grand scale combining micro and macroscopic problems into systematic accounts of everything from the nature of the universe to the particulars of human feeling In consequence it offers perspectives on everything from the natural to the social sciences from ecology to critical theory Heavily criticised by the dominant philosophies of the 20th Century Idealism is now being reconsidered as a rich and untapped resource for contemporary philosophical arguments and concepts This volume provides a comprehensive portrait of the major arguments and philosophers in the Idealist tradition The book demonstrates how Idealist philosophy provides a fruitful way of understanding contemporary issues in metaphysics the philosophy of science political philosophy scientific theory and critical

social theory **Speaking Philosophically** Thomas Sutherland, 2023-03-23 Western philosophy has often claimed for itself not just a distinct sphere of knowledge but a distinct form of communication set against ordinary speech In *Speaking Philosophically* Thomas Sutherland proposes that for some philosophers authentic philosophizing demands a specific manner of speaking or writing adoption of which enables one to gesture toward truths that propositional speech will never grasp Drawing on a variety of thinkers Heraclitus Plato Kant Fichte Nietzsche Kierkegaard Weil Foucault and Irigaray Sutherland argues this emphasis on the form of philosophical communication can function as an exclusionary mechanism determining who is deemed capable of speaking philosophically **After Kant** Michael Sonenscher, 2023-07-11 A reflection on the legacy of money law and history in modern political thought *A History of Poetics* Sandra Richter, 2010-02-23 Since the 1990s following the end of postmodernism literary theory has lost much of its dynamics This book aims at revitalising literary theory exploring two of its historical bases German poetics and aesthetics Beginning in the 1770s and ending in the 1950s the book examines nearly 200 years of this history thereby providing the reader with a first history of poetics as well as with bibliographies of the subject Particular attention is paid to the aesthetics and poetics of popular philosophy of the Hegel school empirical and psychological tendencies in the field since the 1860s the first steps towards a plurality of methods 1890 1930 theoretical confrontations during the Nazi period as well as the rise of formalist and anthropological approaches from the 1930s onwards All approaches are evaluated regarding their relevance for academia as well as for the general history of education If possible international references and contexts of the relevant theories are taken into account In sum the analysis not only shows how differentiated historical accounts in the field were but also reflects how current literary theory could move forward through the rediscovery of sunken ideas *The Oxford Handbook of the History of Political Philosophy* George Klosko, 2011-05-26 The Oxford Handbook of the History of Political Philosophy presents fifty original essays each specially written by a leading figure in the field covering the entire subject of the history of political philosophy They provide not only surveys of the state of research but substantial pieces that engage with and move forward current debates Part I addresses questions of method Contributors discuss the contextual method classically articulated by Quentin Skinner along with important alternative methods associated with Leo Strauss and his followers and contemporary post modernism This section also examines the value of the history of political philosophy and the history of the discipline itself Part II Chronological Periods works through the entire history of Western political philosophy While most contributions address recognizable chronological periods others are devoted to more specialized topics including the influence of Roman Law medieval Arabic political philosophy Socialism and Marxism Aspects of the history of political philosophy that transcend specific periods are the subject of Part III Essays on topics such as democracy the state and imperialism trace theoretical developments over time The histories of major non Western traditions Muslim Confucian and Hindu are discussed in the final Part with special reference to their relationships to Western political thought **The Gift of Tongues** Christine F.

Cooper-Rompato,2010-01-01 Explores the phenomenon of xenoglossia the sudden miraculous ability to speak understand read or write a foreign language as it appears in the later medieval hagiographic record and in English literature Includes discussion of the late medieval English writers Geoffrey Chaucer and Margery Kempe Provided by publisher
