Philanthropy And The Hospitals Of London

Donna T. Andrew

Philanthropy And The Hospitals Of London:

Charity and the London Hospitals, 1850-1898 Keir Waddington, 2000 Drawing on a comparative study of hospital records Charity and the London Hospitals investigates how and why Victorians contributed in order to show that benevolence was rarely amenable to a single form or reason Whilst charity remained central to the hospitals raison d'être philanthropy's contribution was modified at a financial and administrative level as hospitals shifted from being philanthropic to medical institutions Why this process occurred and the impact of professionalisation and scientific medicine are assessed BOOK JACKET *Payment and philanthropy in British healthcare, 1918-48* George Campbell Gosling, 2017-03-17 This electronic version has been made available under a Creative Commons BY NC ND open access license This book is available as an open access ebook under a CC BY NC ND licence At a time when payment is claiming a greater place than ever before within the NHS this book provides the first in depth investigation of the workings scale and meaning of payment in British hospitals before the NHS There were only three decades in British history when it was the norm for patients to pay the hospital those between the end of the First World War and the establishment of the National Health Service in 1948 Payment played an important part in redefining rather than abandoning medical philanthropy based on class divisions and the notion of financial contribution as a civic duty With new insights on the scope of private medicine and the workings of the means test in the hospital as well as the civic consumer and charitable meanings associated with paying the hospital Gosling offers a fresh perspective on healthcare before the NHS and welfare before the welfare state Medicine, Health and the Public Sphere in Britain, 1600-2000 Steve Sturdy, 2013-08-21 Medicine is concerned with the most intimate aspects of private life Yet it is also a focus for diverse forms of public organization and action In this volume an international team of scholars use the techniques of medical history to analyse the changing boundaries and constitution of the public sphere from early modernity to the present day In a series of detailed historical case studies contributors examine the role of various public institutions both formal and informal voluntary and statutory in organizing and coordinating collective action on medical matters In so doing they challenge the determinism and fatalism of Habermas's overarching and functionalist account of the rise and fall of the public sphere Of essential interest to historians and sociologists of medicine this book will also be of value to historians of modern Britain historical sociologists and those engaged in studying the work of Jürgen Habermas **Charity, Self-Interest And Welfare In Britain** Martin Daunt, 2005-10-26 First published in 1996 Routledge is an imprint of Taylor Francis an informa company Philanthropy and Police Donna T. Andrew, 2014-07-14 In this study of voluntary charities in eighteenth century London Donna Andrew reconsiders the adequacy of humanitarianism as an explanation for the wave of charitable theorizing and experimentation that characterized this period Focusing on London the most visible area of both destitution and social experimentation this book examines the political as well as benevolent motives behind the great expansion of public institutions nondenominational organizations seeking not only to relieve hardship but to benefit the

nation directly funded and run by voluntary associations of citizens The needs of police the maintaining of civil order and the refining of society were thought by many ordinary citizens to be central to the expansion of England s role in the world and to the upholding of the country s peace at home Drawing on previously unexplored and unsynthesized materials this work reveals the interaction between charitable theorizing and practical efforts to improve the condition of the poor The author argues that it is impossible to comprehend eighteenth century charity without taking into account its perceived social utility which altered as circumstances mandated For example the charities of the 1740s and 1750s founded to aid in the strengthening of England s international supremacy lost their public support as current opinions of England s most urgent needs changed Creating and responding to new visions of what well directed charities might accomplish late century philanthropists tried using charitable institutions to reknit what they believed was a badly damaged social fabric Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Charity and Mutual Aid in Europe and North America since 1800 Bernard Harris,Paul Bridgen,2012-04-06 International in perspective the essays in this volume are primarily concerned with two facets of the mixed economy of welfare charity and mutual aid Emphasizing the close relationship between these two elements and the often blurred boundaries between each of them and commercial provision contributors raise crucial questions about the relationship between rights and responsibilities within the mixed economy of welfare and the ties which bind both the donors and recipients of charity and the members of voluntary organisations The volume critically assesses the relationships between the statutory and voluntary sectors in a variety of national settings including Britain the United States the Netherlands Sweden Norway Canada and Germany during the last two hundred and fifty years making the book as topical as it is significant

Handbook on Philanthropy and Social Policy Roosa Lambin,Jonathan Roberts,Rebecca Surender,2025-06-09 This comprehensive Handbook considers the emergence of philanthropic foundations and institutions as increasingly crucial social policy actors It presents an interdisciplinary examination of modern philanthropies tracing their development and impact across global regions social policy sectors and policy making processes This title contains one or more Open Access chapters

Medicine and Charity Before the Welfare State Jonathan Barry,Colin Jones,2002-11-01 What have been the roles of charities and the state in supporting medical provision These are issues of major relevance as the assumptions and practices of the welfare state are increasingly thrown into doubt This title offers a broad perspective on the relationship between charity and medicine in Western Europe up to the advent of welfare states in the 20th century Through detailed case studies the authors highlight significant differences between Britain France Italy and Germany and

offer a critical vocabulary for grasping the issues raised This volume reflects recent developments relating to the role of charity in medicine particularly the revival of interest in the place of voluntary provision in contemporary social policy It emphasizes the changing balance of care and cure as the aim of medical charity and shows how economic and political factors influenced the various forms of charity

The History of Bethlem Jonathan Andrews,Asa Briggs,Roy Porter,Penny Tucker,Keir Waddington,2013-06-17 First full scholarly history of Bethlem since World War 1 Coincides with 750th anniversary celebrations Six specialist and famous authors Based on full use of Bethlem Archives Relates to wider context of social London psychiatry medical history

History and Philanthropy David Cannadine,Jill Pellew,2008 *Patterns of Philanthropy* Martin Gorsky,1999 Bristol in the 19th century was characterized by the development of voluntary organizations which set out to address problems and promote good This text is a study of the debate over control of civic charities during this era of municipal reform

New Medical Challenges during the Scottish Enlightenment Guenter B. Risse,2016-08-29 New Medical Challenges explores a wide range of social and medical practices exposing the contradictions and ambiguities found in eighteenth century Scottish health science and medicine The overall picture casts further light on the nature of the Enlightenment as a cultural phenomenon Commercial society created new jobs wealth and desires that threatened contemporary values and physical health Both luxury and poverty took their toll spawning disease among the affluent and the poor A number of key issues are examined including the role of charity medical debates and competition vivisection and diseases of the time such as pulmonary consumption mill reek and ague Special chapters are devoted to female troubles hysteria and hypochondriasis showing the evolving relationships across gender and class lines between poor patients and their physicians To place medical ideas and practices into proper context the essays offer extensive background information and rediscover the lost voices of prominent physicians involved in promoting health and battling illness Thanks to the richness of seldom tapped archival sources book manuscripts consultation letters hospital registration and management records together with student essays lecture notes and notebooks the selected episodes expose a world of uncertainty confusion and paradox New Medical Challenges tells a wide range of stories that will be of great interest to a broad readership concerned with past health issues

Burdett's Hospitals and Charities Sir Henry C. Burdett,1903 *Law and Society in England 1750-1950* William Cornish,Stephen Banks,Charles Mitchell,Paul Mitchell,Rebecca Probert,2019-10-31 Law and Society in England 1750 1950 is an indispensable text for those wishing to study English legal history and to understand the foundations of the modern British state In this new updated edition the authors explore the complex relationship between legal and social change They consider the ways in which those in power themselves imagined and initiated reform and the ways in which they were obliged to respond to demands for change from outside the legal and political classes What emerges is a lively and critical account of the evolution of modern rights and expectations and an engaging study of the formation of contemporary social administrative and legal institutions and ideas and the road that was

travelled to create them The book is divided into eight chapters Institutions and Ideas Land Commerce and Industry Labour Relations The Family Poverty and Education Accidents and Crime This extensively referenced analysis of modern social and legal history will be invaluable to students and teachers of English law political science and social history *Philanthropy in England, 1480 - 1660* W.K. Jordan, 2013-10-28 This study documents a momentous shift which occurred in men's aspirations for their society in the course of the sixteenth and seventeenth centuries The author has examined gifts and bequests left for charitable causes over a period of nearly two centuries in ten English counties in order to assess the changing pattern of social aspirations and observe the different velocities of change among the several social classes Professor Jordan examines the problem of poverty in the early modern world and discusses the various measures taken by the Tudors and Stuarts to deal with the needs of the poor He concludes that poverty was principally relieved by an immense outpouring of charitable wealth This wealth flowed principally from an urban aristocracy determined not only to care for the hopelessly destitute but so to enlarge the area of opportunity so that poverty could be prevented At the same time the Elizabethan law of charitable uses marshalled this generous wealth into effective agencies The study closes with a full assessment of the noble achievements of the period the founding of a widespread and effective system of education the establishment of almshouses in all parts of England and extraordinary and fertile experiments with the several agencies of social rehabilitation The author records in this volume a great and enduring historical achievement he records as well the triumph of the secular preoccupations of mankind This book was first published in 1959 Philanthropy Paul Valley, 2020-09-17 This is the definitive book on philanthropy its history contradictions and future John Gray Emeritus Professor of European Thought London School of Economics Good books lay out the lie of the land Important books change it This book is both Giles Fraser priest journalist and broadcaster The super rich are silently and secretly shaping our world In this groundbreaking exploration of historical and contemporary philanthropy bestselling author Paul Valley reveals how this far reaching change came about Vivid with anecdote and scholarly insight this magisterial survey from the ancient Greeks to today's high tech geeks provides an original take on the history of philanthropy It shows how giving has variously been a matter of honour altruism religious injunction political control moral activism enlightened self interest public good personal fulfilment and plutocratic manipulation Its narrative moves from the Greek man of honour and Roman patron via the Jewish prophet and Christian scholastic through the Elizabethan machiavel Puritan proto capitalist Enlightenment activist and Victorian moralist to the robber baron philanthropist the welfare socialist the celebrity activist and today's wealthy mega giver In the process it discovers that philanthropy lost an essential element as it entered the modern era The book then embarks on a journey to determine where today's philanthropists come closest to recovering that missing dimension Philanthropy explores the successes and failures of philanthrocapitalism examines its claims and contradictions and asks tough questions of top philanthropists and leading thinkers among them Richard Branson Eliza Manningham Buller Jonathan Ruffer David

Sainsbury John Studzinski Bob Geldof Naser Haghamed Lenny Henry Jonathan Sacks Rowan Williams Ngaire Woods and the presidents of the Rockefeller and Soros foundations Rajiv Shah and Patrick Gaspard In extended conversations they explore the relationship between philanthropy and family faith society art politics and the creation and distribution of wealth Highly engaging and meticulously researched Paul Valley's authoritative account of philanthropy then and now critiques the excessive utilitarianism of much modern philanthrocapitalism and points to how philanthropy can rediscover its soul The Charities' record and philanthropic messenger, 1867

Ideas and Practices in the History of Medicine, 1650-1820

Adrian Wilson, 2023-04-21 Although articles in this volume fall into three thematic clusters each of those groups exemplifies three general themes micro social processes innovations and the question of continuity versus discontinuity and the relationship between ideas and practice Most of these essays touch upon and some of them are exclusively concerned with small scale social processes e.g. the routines of the all female early modern childbirth ritual the different ways that male practitioners were summoned to such occasions the functioning of voluntary hospitals the protocols underlying patient records Such social practices are well worth studying as both the sites and drivers of larger scale historical change Whenever there comes into being something new whether an institution a hospital a social practice the summoning of men as midwives or a concept a new approach to disease the question arises as to its relationship with what went before This concept resonates throughout these essays but is most to the fore in the chapters on early Hanoverian London which asks explanatory questions and on Porter versus Foucault who represent the extremes of continuity and discontinuity respectively A couple of generations ago the history of ideas was pursued largely without reference to practice in recent times the danger has appeared of the very reverse taking place This book ranges across a broad spectrum in this respect the emphasis being sometimes upon practice Eleanor Willughby's work as a midwife and sometimes upon ideas concepts of pleurisy across the centuries but in every case there is at least the potential for relating the two to one another None of these themes is specific to medical history on the contrary they are the bread and butter of historical reconstruction in general

The Contagious City

Simon Finger, 2012-05-15 By the time William Penn was planning the colony that would come to be called Pennsylvania with Philadelphia at its heart Europeans on both sides of the ocean had long experience with the hazards of city life disease the most terrifying among them Drawing from those experiences colonists hoped to create new urban forms that combined the commercial advantages of a seaport with the health benefits of the country The Contagious City details how early Americans struggled to preserve their collective health against both the strange new perils of the colonial environment and the familiar dangers of the traditional city through a period of profound transformation in both politics and medicine Philadelphia was the paramount example of this reforming tendency Tracing the city's history from its founding on the banks of the Delaware River in 1682 to the yellow fever outbreak of 1793 Simon Finger emphasizes the importance of public health and population control in decisions made by the city's planners and leaders He also shows that key figures in the city's

history including Benjamin Franklin and Benjamin Rush brought their keen interest in science and medicine into the political sphere Throughout his account Finger makes clear that medicine and politics were inextricably linked and that both undergirded the debates over such crucial concerns as the city's location its urban plan its immigration policy and its creation of institutions of public safety In framing the history of Philadelphia through the imperatives of public health *The Contagious City* offers a bold new vision of the urban history of colonial America

Venereal Disease, Hospitals, and the Urban Poor ; London's "foul Wards," 1600-1800 Kevin Patrick Siena, 2004 This book explores how London society responded to the dilemma of the rampant spread of the pox among the poor Some have asserted that public authorities turned their backs on the foul and only began to offer care for venereal patients in the Enlightenment An exploration of hospitals and workhouses shows a much more impressive public health response London hospitals established foul wards at least as early as the mid sixteenth century Reconstruction of these wards shows that far from banning paupers with the pox hospitals made treating them one of their primary services Not merely present in hospitals venereal patients were omnipresent Yet the foul comprised a unique category of patient The sexual nature of their ailment guaranteed that they would be treated quite differently than all other patients Class and gender informed patients' experiences in crucial ways The shameful nature of the disease and the gendered notion of shame itself meant that men and women faced quite different circumstances There emerged a gendered geography of London hospitals as men predominated in fee charging hospitals while sick women crowded into workhouses Patients frequently desired to conceal their infection This generated innovative services for elite patients who could buy medical privacy by hiring their own doctor However the public scrutiny that hospitalization demanded forced poor patients to be creative as they sought access to medical care that they could not afford Thus *Venereal Disease Hospitals and the Urban Poor* offers new insights on patients' experiences of illness and on London's health care system itself Kevin Siena is Assistant Professor of History at Trent University

Philanthropy And The Hospitals Of London Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Philanthropy And The Hospitals Of London free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Philanthropy And The Hospitals Of London free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Philanthropy And The Hospitals Of London free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Philanthropy And The Hospitals Of London. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a

vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Philanthropy And The Hospitals Of London any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Philanthropy And The Hospitals Of London Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Philanthropy And The Hospitals Of London is one of the best book in our library for free trial. We provide copy of Philanthropy And The Hospitals Of London in digital format, so the resources that you find are reliable.
