Pinpointing Affluence Increasing Your Share Of Major Donor Dollars:

Pinpointing Affluence Judith E. Nichols, 1994 Strengthen your fund raising by re thinking who your best prospects and donors really are persons of affluence not persons of wealth Pinpointing Affluence tells you the truth about wealth and philanthropy and it teaches you how to identify and cultivate the nearly 19 million people capable of giving gifts of 1 000 to 100 000 You ll learn to redesign your development program steering your focus from donor acquisition toward renewal upgrading and planned giving Major Donors Ted Hart, James M. Greenfield, Pamela M. Gignac, Christopher Carnie, 2006-06-22 Boost Your Nonprofit s Success Written by a sterling group of experts for their nonprofit peers Major Donors Finding Big Gifts in Your Database and Online supplies all types of nonprofit organizations with the best strategies for navigating the ever changing world of fundraising on the Internet Truly international in its examples research advice and knowledge this book is rich with avenues and ideas about approaching prospective givers and generous with cross cultural tips about conducting cultivation and solicitation in various countries At last a practical book that helps us move our thinking in the critical future area of major gift fundraising As one of the oldest techniques in the fundraiser s armory we have sat for too long using the same frameworks and techniques this book offers new thinking new insights and new approaches that will help fundraisers harness the potential of the growing band of high net worth individuals within their country and internationally This book is packed with up to the minute practical information that will enhance existing major gift programs as much as it will help beginners get their head around where to start Tony Elischer Managing Director THINK Consulting Solutions Institutional advancement is a deeply personal process that requires in depth understanding of our supporters to the degree to which specific aspects of our own priorities reflect our donors personal aspirations and interests Prospect research is indispensable to this process and to identifying possible supporters from thousands of possible donors it would have been impossible for the University of Toronto campaign to have succeeded in the absence of our investment in prospect research Dr Jon S Dellandrea Pro Vice Chancellor Development and External Affairs University of Oxford Major Donors offers some of the best advice from some of the world s leading prospect researchers and it will help you to become a much better fundraiser It is a great resource and an important part of any fundraising library When you follow the advice in this book you will raise much more money Harvey McKinnon President Harvey McKinnon Associates author of Hidden Gold and How Today s Rich Give and coauthor of the international bestseller The Power of Giving **Effective Fund-Raising Management** Kathleen S. Kelly, 2012-12-06 In a ground breaking departure from existing works almost all of which are how to manuals based on anecdotal evidence this is the first academic textbook on fund raising By integrating practical knowledge with social science theory and research it presents a comprehensive approach to the function from its legal and ethical principles to the managerial process by which gifts are raised Territory previously uncharted in the literature is explored such as the historical and organizational contexts of contemporary practice Explanations of programs techniques and publics introduce a

new system for understanding fund raising's major concepts. Unlike efforts in established fields, most of the material represents original scholarship undertaken to produce a first-time text. The book's main purpose is to teach students about fund raising, a high-demand, high-paying occupation that will continue to expand into the 21st century as the need for trained practitioners exceeds the supply. During the last decade, fund raising education moved into the formal classroom and away from an apprenticeship tradition of senior practitioners mentoring newcomers. Yet until now there has not been a textbook to support this evolving professionalism. Faculty have been reluctant to define fund raising as an academic subject in the absence of a theory-based teaching resource, and courses usually have been assigned to part-time instructors hired from the practice. This textbook addresses the void. It is designed for graduate and upper-level undergraduate courses dealing with fund raising as a primary or secondary subject. Among its features, each chapter points out research gaps and opportunities such as problems and theories for master's theses and doctoral dissertations, and ends with a list of suggested readings. The text is appropriate for the diverse academic areas in which fund raising, nonprofit management, and philanthropy are taught, including public administration, management arts, and humanities, education, social work, economics, and sociology. Because of its public relations orientation, it is particularly suited for courses offered in that discipline. Additional audiences are practitioners enrolled in professional development programs, CEOs, trustees, and others interested in self-study, and scholars who need serious literature on the subject.

Fundraising Basics Barbara L. Ciconte, Jeanne G. Jacob, 2005. This primer helps new fund raisers learn the basics from the vocabulary of fund raising to the nuances of major trends affecting nonprofit fundraising today. With up-to-date case studies and real-life examples, this practical guide will provide an overview of the field and give development staff, managers, and directors a platform from which to operate their fund raising programs. This guide is a must-have for anyone new to the fund raising arena.

Fund Raising James M. Greenfield, 1999-04-27. Proper application of the fund development process can define an organization's potential for public support and the direct means to achieve it, and can realize even predict with reliability the income an organization can and should expect at any moment in time. James M. Greenfield. As the driving force behind every not-for-profit fund raising is a key to an organization's success in fulfilling its mission. However, while it's important to develop the skills needed to raise money, it's equally important to know how to allocate it properly in order to meet your goals. Now revised and expanded, this practical resource provides an accessible game plan for not only raising funds but also developing them effectively for increased productivity and profitability. Written by James M. Greenfield, a leading authority in the field, *Fund Raising* takes you step by step through the entire fund development process, from planning and marketing to community relations and donor management. Beginning with an examination of philanthropic history and perspective, it goes on to describe the individual elements of the development process as well as the organizational requirements needed for the process to work. With detail and clarity, Greenfield covers such essential bases as the evaluation of program effectiveness, policies and procedures for public solicitation, the fund raising environmental audit,

matching gift programs donor recognition special projects campaigns and much more Threaded throughout the book is the theme of friendraising and relationship building both vital components of increasing capability and capacity to address the needs of today with an eye toward those of tomorrow Along with an added in depth discussion of ethics the Second Edition introduces new best practices that have developed over the past few years and features updated data useful worksheets such as economic statistics demographics and reports from the American Association of Fund Raising Council Packed with numerous examples case studies and checklists this exhaustive resource is essential reading for anyone looking to achieve and maintain fund raising success There is the current need for a better understanding of how the fund development process can best be utilized and improved so that community benefits can be realized with adequate funding This book is intended to be a contribution to that end from the Preface Now revised and expanded this practical resource takes you through the entire fund development process giving you the master plan necessary for realizing the full fund raising potential of your nonprofit organization Covering everything from accountability and stewardship to public solicitation and donor relations the Second Edition has been updated to include the latest economic figures demographics and reports from the American Association of Fund Raising Council as well as an added in depth discussion of ethics worksheets for performance analysis and new best practices that have developed over the past few years Jacket Design Andrew Liefer
