Burkman, John L. Kundert-Gibbs, 1993 A major reassessment of the achievements of British playwright Harold Pinter by an international group of scholars Harold Pinter's *The Dumb Waiter* Mary F. Brewer, 2009 This collection of essays focuses on one of Harold Pinter's most popular and challenging plays *The Dumb Waiter* while addressing also a range of significant issues current in Pinter studies and which are applicable beyond this play The interesting and provocative dialogues between established and emerging scholars featured here provide close readings of *The Dumb Waiter* within relevant cultural and historical contexts and from a range of theoretical perspectives The essays range over issues of autobiography and theater genre studies and the impact of Pinter's political activism on his dramatic production among others The collection is also concerned with the meaning of the play when assessed against other examples of Pinter's work both dramatic and non dramatic writing Each contributor shows a gift for presenting a complex argument in an accessible style making this book an important resource for a wide range of readers from undergraduates to postgraduates and specialist researchers The collection offers essays that approach *The Dumb Waiter* from an interdisciplinary perspective and as both a literary and dramatic text Thus the book should be of equal significance to those encountering Pinter within the context of English Studies drama and performance *Harold Pinter's Politics* Charles Grimes, 2005 Harold Pinter's *Politics* examines the expression of Pinter's political beliefs across every aspect and era of his artistic career The fierce political stances of this important dramatist have been embodied in plays screenplays and his career as a theatrical director Traditionally associated with absurdism minimalism and the dramatization of uncertainty Pinter's name is now a byword for anti authoritarian and anti American politics This transition has been in evidence from the earliest phases of his writing all of Pinter's work emerges from his political views His uniqueness as a political artist is that he is pessimistic about changing his audience or making it see its complicity in the horrors of the modern world These

horrors are dramatized through images of torture and oppression culminating in moments of silence that index the full extent of the destruction unleashed by the forces of power against dissidence **The Late Harold Pinter** Basil Chiasson, 2017-08-09

Pinter's World William Baker, 2018-09-15 Pinter's World Pinter and Company is not a full scale biography but a series of illuminating chapters about Pinter's life character and thought employing new information found in his Appointment Diaries recent biographical sources such as Simon Gray's memoirs and Henry Woolf's reminiscences in addition to personal discussions with several in Pinter's world This book provides a fresh illumination of Pinter's life and art his friendships obsessions and concerns Material is arranged around themes key concerns Pinter's activities Pinter's meetings and endeavors for instance with whom he met and when when he wrote what and when and his perspective at the time are documented This work explores Pinter's writing drama poetry prose journalism and letters which are here regarded as part of his aesthetic achievement Pinter's World Pinter and Company presents a pointillist portrait of him through examining central concerns in his life These encompass an obsession with the theater and games delight in restaurants demonstrating that Pinter is far removed from the socially awkward isolated figures populating his early work and the women in Pinter's world Other areas examined include Pinter's political engagement from his adolescence to his last years and the literary and other creative influences upon him This work draws upon consultation of his papers at the British Library including letters to others especially close friends with whom he kept close contact for over half a century These letters should be regarded on par with his other creative accomplishments Pinter was a fascinating letter writer whose letters reveal thoughts at the time of writing often in abrupt most colorful idiomatic language His Appointment Diaries cannot reveal what actually occurred during his meetings but they do provide a guide to what he did on a daily basis and whom he met Memories from his friends his professional colleagues cricket players and his second wife Antonia Fraser illuminate Pinter's personality and actions Pinter's first literary love was poetry and unlike most other Pinter studies this one gives attention to his neglected poetic output that often reveals the real Pinter and the enigma that is at the heart of every great artist

Silence and Subject in Modern Literature U. Olsson, 2013-10-10 Why does interrogation silence its object and not make it speak Silence vs speech is a central issue in classical and modern literary works This book studies literary representations of the power relations in which we are forced to speak using a range of texts ranging from the modern crime

novel via classics to avant garde plays **Sharp Cut** Steven H. Gale, 2021-02-16 While best known as one of the most important playwrights of the twentieth century Harold Pinter 1930 2008 had an equally successful career writing screenplays His collaborations with director Joseph Losey garnered great attention and esteem and two of his screenplays earned Academy Award nominations *The French Lieutenant's Woman* 1981 and *Betrayal* 1983 He is also credited for writing an unproduced script to remake Stanley Kubrick's 1962 adaptation of *Lolita* Much scholarship has been dedicated to the subject of Pinter as playwright but the rich landscape of his work in film has been left largely undisturbed In *Sharp Cut* Harold Pinter's Screenplays and the Artistic Process Steven H Gale the world's foremost Pinter scholar analyzes Pinter's creative process from initial conception to finished film Gale makes careful point by point comparisons of each stage in the screenplay's creation the source material the adaptations themselves and the films made from the scripts in order to reveal the meaning behind each film script and to explain the cinematic techniques used to express that meaning Unlike most Pinter scholars who focus almost solely on the written word Gale devotes discussion to the cinematic interpretation of the scripts through camera angles and movement cutting and other techniques Pinter does not merely convert his stage scripts to screenplays he adapts the works to succeed in the other medium avoiding elements of the live play that do not work onscreen and using the camera's focusing operations in ways that are not possible on the stage As Pinter's career progressed and his writing evolved screenplays became for him an increasingly vital means of creative expression *Sharp Cut* is the first study to fully explore this important component of the Pinter canon *The Dramatic Works of Samuel Beckett* Charles A. Carpenter, 2011-10-13 A selectively comprehensive bibliography of the vast literature about Samuel Beckett's dramatic works arranged for the efficient and convenient use of scholars on all levels **"Something Dreadful and Grand"** Stephen Watt, 2015 This book traces the often uncanny relationships between Irish and Jewish America arguing for the centrality of these two diasporic groups to the development of American popular music fiction and especially drama **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study British Playwrights, 1956-1995 William W. Demastes, 1996-10-23 The year 1956 marked a point when British drama and theater fell into the hands of a group of young playwrights who revolutionized the stage During that time playwrights such as Samuel Beckett and Harold Pinter made the British theater as rich varied and vital as any national theater in history This reference chronicles the history of British theater from 1956 to 1995 by providing detailed information about the playwrights of that period Included are entries for some three dozen British playwrights active between 1956 and 1995 Entries are arranged alphabetically to facilitate use Each entry supplies biographical information the production history for particular plays a survey of the playwright's critical reception an assessment of the dramatist's work

and primary and secondary bibliographies A selected general bibliography at the end of the volume directs the reader to important sources of additional information about this period in theater history

Rewriting/Reprising in Literature

Claude Maisonnat, Josiane Paccaud-Huguet, Annie Ramel, 2009-10-02 This volume includes a series of 17 selected essays preceded by a methodological introduction whose purpose is to offer a fresh outlook on the question of rewriting reprising The argument taking for granted the phenomenon of intertextuality develops along three main axes the first one reconsiders the already debated issue of authority on post structuralist premises arguing that the origin of a text is untraceable The second looks at a phenomenon often associated with reprising especially in a post colonial context trauma whether individual or historical in relation to creative repetition The third axis offers a re reading of the question of voice introducing the notion of the textual voice understood as that part of the enunciative act over which the author has no control When writers make of reprising a deliberate practise we are tempted to believe that their position between homage and pillage presupposes the existence of a traceable source of the literary Word We must however face the problematic nature of enunciation the void on which it is founded Which leads us to the proposition that the act of reprising is a creation ex nihilo a certain mode of organisation around that void Besides in a century of major man made traumas whose effect was the tearing up of social fabrics reprising will assume a more complex significance the symptomatic repetitive stitching of what is being constantly ripped up
