Hannon, 2000-07-01 Pintos and Porsches edited by Brian Hannon is a collection of writing as diverse as the cars dotting America's roads Each of the stories poems essays and song lyrics are different literary vehicles sporting distinct looks varying gas mileage and a broad range of zero to sixty times The contributors hail from different stops on the road which shines through in their writing Pintos and Porsches offers new opportunities to travel and rediscover the simple joy of a first car      The Voluntary City David T. Beito, Peter Gordon, Alexander Tabarrok, 2009-10-01 Assembling a rich history and

analysis of large scale private and voluntary community based provision of social services urban infrastructure and community governance this book provides suggestions on how to restore the vitality of city life Historically the city was considered a center of commerce knowledge and culture a haven for safety and a place of opportunity Today however cities are widely viewed as centers for crime homelessness poverty unemployment traffic pollution and other social ills In many cities government increasingly dominates life consuming vast resources to cater to special interest groups Decision making has become intensely politicized bureaucratic and largely unaccountable to the populace The Voluntary City provides a rich history and analysis of private locally based provision of social services urban infrastructure and community governance Such systems have offered superior education transportation housing crime control recreation health care and employment by being more effective innovative and responsive than those provided through special interest politics and bureaucracy The Voluntary City reveals how the process of providing local public goods through the dynamism of freely competitive market based entrepreneurship is unmatched in renewing communities and strengthening the bonds of civil society A refreshing challenge to the orthodoxy that government alone can improve community life The Voluntary City will be an essential reference for anyone interested in the future of cities including scholars and students policy makers civic and business
