Categories We Live By Ásta, 2018-07-05 We are women we are men We are refugees single mothers people with disabilities and queers We belong to social categories and they frame our actions self understanding and opportunities But what are social categories How are they created and sustained How does one come to belong to them *sta* approaches these questions through analytic feminist metaphysics Her theory of social categories centers on an answer to the question what is it for a feature of an individual to be socially meaningful In a careful probing investigation she reveals how social categories are created and sustained and demonstrates their tendency to oppress through examples from current events To this end she offers an account of just what social construction is and how it works in a range of examples that problematize the categories of sex gender and race in particular The main idea is that social categories are conferred upon people *sta* introduces a conferralist framework in order to articulate a theory of social meaning social construction and most importantly of the construction of sex gender race disability and other social categories

Desiring the Good Katja Maria Vogt, 2017-08-01 *Desiring the Good* defends a novel and distinctive approach in ethics that is inspired by ancient philosophy Ethics according to this approach starts from one question and its most immediate answer what is the good for human beings a well going human life Ethics thus conceived is broader than moral philosophy It includes a range of topics in psychology and metaphysics Plato's *Philebus* is the ancestor of this approach Its first premise defended in Book I of Aristotle's *Nicomachean Ethics* is that the final agential good is the good human life Though Aristotle introduces this premise while analyzing human

activities it is absent from approaches in the theory of action that self identify as Aristotelian This absence Vogt argues is a deep and far reaching mistake one that can be traced back to Elizabeth Anscombe s influential proposals And yet the book is Anscombian in spirit It engages with ancient texts in order to contribute to philosophy today and it takes questions about the human mind to be prior to and relevant to substantive normative matters In this spirit *Desiring the Good* puts forward a new version of the Guise of the Good namely that desire to have one s life go well shapes and sustains mid and small scale motivations A theory of good human lives it is argued must make room for a plurality of good lives Along these lines the book lays out a non relativist version of Protagoras s Measure Doctrine and defends a new kind of realism about good human lives

Papers Relating to the Foreign Relations of the United States United States. Department of State,1903 **The Ottoman 'Wild West'** Nikolay Antov,2017-12-28 In the late fifteenth century the north eastern Balkans were under populated and under institutionalized Yet by the end of the following century the regions of Deliorman and Gerlovo were home to one of the largest Muslim populations in southeast Europe Nikolay Antov sheds fresh light on the mechanics of Islamization along the Ottoman frontier and presents an instructive case study of the indigenization of Islam the process through which Islam in its diverse doctrinal and socio cultural manifestations became part of a distinct regional landscape Simultaneously Antov uses a wide array of administrative narrative literary and legal sources exploring the perspectives of both the imperial center and regional actors in urban rural and nomadic settings to trace the transformation of the Ottoman polity from a frontier principality into a centralized empire Contributing to the further understanding of Balkan Islam state formation and empire building this unique text will appeal to those studying Ottoman Balkan and Islamic world history Church Property: Whose is It? a Lecture ... McPherran,2010-11-01 This study argues that to understand Socrates we must uncover and analyze his religious views since his philosophical and religious views are part of one seamless whole Mark McPherran provides a close analysis of the relevant Socratic texts an analysis that yields a comprehensive and original account of Socrates commitments to religion e g the nature of the gods the immortality of the soul McPherran contends that Socrates saw his religious commitments as integral to his philosophical mission of moral examination and in turn used the rationally derived convictions underlying that mission to reshape the religious conventions of his time As a result Socrates made important contributions to the rational reformation of Greek religion contributions that incited and informed the theology of his brilliant pupil Plato Supreme Court Judgement On Ayodhya Issue S. Asia-Pacific Trusts Law, Volume 2 Ying Khai Liew, Ying-Chieh Wu, 2022-12-15 This book brings together leading legal scholars and practitioners from across the Asia Pacific region to probe the ways in which trusts law has been adapted by various jurisdictions and to analyse their causes and effects The contributions discuss how the trust structure with its inherent malleability has been adapted to meet a diverse set of local needs including social religious economic commercial or even historical needs But in most instances those needs and the ways in which trusts law has been adapted to meet them are not unique to a single jurisdiction they often coincidentally or otherwise find much in common with others By making its readers aware of the commonality of needs in Asia Pacific this book also aims to encourage coordination and cooperation in utilising trusts law to address shared concerns across the region

The Development of Ethics: Volume 1 Terence Irwin, 2007-09-20 Volume 1 From Socrates to the Reformation **Acts and Resolves as Passed by the Legislature** Maine, 1895 [The Routledge Handbook of Essence in Philosophy](#) Kathrin Koslicki, Michael J.

Raven, 2024-05-15 Essences have been assigned important but controversial explanatory roles in philosophical scientific and social theorizing Is it possible for the same organism to be first a caterpillar and then a butterfly Is it impossible for a human being to transform into an insect like Gregor Samsa does in Kafka's *The Metamorphosis* Is it impossible for Lot's wife to survive being turned into a pillar of salt Traditionally essences or natures have been thought to help answer such central questions about existence identity persistence and modality These questions are not only of great philosophical interest they also are of great interest to society at large This Handbook surveys the state of the art on essence Core issues about essence are discussed in 33 chapters all of them written exclusively for this volume by leading experts They are organized into the following four major parts each with its own introduction that provides a summary and comparison of the part's chapters History Essence and Essentialisms Themes and Variations Applications Anti Essentialist Challenges The volume is accessible enough for students while also providing enough details to make it a valuable reference for researchers While the notion of

essence has been targeted for sustained criticisms since antiquity recent work has renewed interest in the topic This Handbook explains and synthesizes much of this current interest placing essence within its historical context and drawing connections to many contemporary areas of philosophy as well as to scholarly work in other disciplines With cross references in each chapter and a comprehensive index The Routledge Handbook of Essence in Philosophy is a useful resource and essential reading for anyone whether in or out of academic philosophy seeking clarification on one of philosophy s most distinctive and notorious notions **The Colonial History of the City of San Francisco** John Whipple Dwinelle,1866

Oxford Studies in Ancient Philosophy, Volume 42 Brad Inwood,2012-07-19 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy The articles may be of substantial length and include critical notices of major books OSAP is now published twice yearly in both hardback and paperback The serial Oxford Studies in Ancient Philosophy OSAP is fairly regarded as the leading venue for publication in ancient philosophy It is where one looks to find the state of the art That the serial which presents itself more as an anthology than as a journal has traditionally allowed space for lengthier studies has tended only to add to its prestige it is as if OSAP thus declares that since it allows as much space as the merits of the subject require it can be more entirely devoted to the best and most serious scholarship Michael Pakaluk Bryn Mawr Classical Review Acts and Resolves Passed by the ...
