**Flop Musicals of the Twenty-First Century** Stephen Purdy,2021-09-12 Flop Musicals of the Twenty First Century offers a provocative and revealing historical narrative of a group of musicals that cost millions and had spectacular potential but bombed anyway Stephen Purdy examines at length the production histories which are all bound together by a common thread The book focuses the lens on several seemingly infallible theatre creatives

who weren't destined to repeat their successes with the shows discussed in this volume. As such, Purdy grounds the discussion by examining what the legendary creators of Les Misérables, pop superstar Elton John, wunderkind Julie Taymor, and many others have in common besides being inspired storytellers of iconic Broadway musicals. The answer is that they also all created shows that for one reason or a dozen didn't find an audience. *Flop Musicals of the Twenty First Century* shares the story of what can happen when formidable creative teams of sell-out musicals attempt to recreate their success but miss the mark. This is an engaging book for students, practitioners, and fans of musical theatre that contains thoughtful observations about luck and creative differences, botched adaptations, and alienated audiences, all of which can determine the fate of a musical.

**Pirates and Privateers** Charlotte Montague, 2017-02-08 Action-packed stories of pirates, treachery, and buried treasure have excited and fascinated readers ever since *Treasure Island* became an instant bestseller in 1883. But are these tales partly fact or totally fiction? What do we know about the real pirates of yesteryear? Who were they and where did they come from? And what is the reality behind the myth? *Pirates and Privateers* delves into the real lives of the men and women whose brutal journeys of adventure have become legendary. It explores the true story behind those tempestuous times and reveals the ruthless violence of notorious seadogs such as Blackbeard, Captain Kidd, Henry Morgan, and the Barbarossa Brothers plundering their way across the seven seas in search of riches and infamy.

**Excavating the Histories of Slave-Trade and Pirate Ships** Lynn Brenda Harris, Valerie Ann Johnson, 2022-05-18 This edited volume brings new perspectives on the topic: maritime archaeology of the slave trade in the Caribbean. The book focuses on shipwrecks of the slave trade in the 18th century and suggests that there is a more complex and challenging social narrative than has previously been discussed. The authors examine biographies of ships, crew members, voyage logs, cargo inventories, trader correspondence, and contextual analysis of the artifact assemblages to bring new insights into the microeconomics and maritime traditions of these floating prisons. The illustrious biography of Captain Edward Thache, aka Blackbeard, reveals past identities as a naval officer, slave trader, and pirate. Categories of artifacts in archaeological collections represent cultural connections and traditions of enslaved Africans. The volume includes several case studies that inform these narratives and examines slave ships such as *la Concorde*, *Henrietta Marie*, *Whydah La Marie*, *Seraphique*, and *Marquis de Bouill*. Within the larger context of slave trade during the 18th century, authors explore legal and illegal trade in the British West Indies. These studies also address the plethora of social, political, and environmental impacts on these island communities that played an integral and strategic role in slave trade economics. This volume presents up-to-date research of professional maritime historians, artifact curators, and marine archaeologists drawing upon primary source documents, artwork, and material culture. The research collaborators reconstruct the international spheres of colonial North America, Europe, Africa, and West Indies. It is an interwoven narrative, both unique and typical to the social and economic dynamics of 18th-century Atlantic World.
