Fostering Capacity,
Equality, and
Responsibility

Linda C. McClain

Place For Families Fostering Capacity Equality And Responsibility

**Martha Albertson Fineman, Jack E.
Jackson, Adam P. Romero**

Place For Families Fostering Capacity Equality And Responsibility:

The Place of Families Linda C. McClain, 2006-01-03 Arguing that family life helps create the virtues and character required for citizenship McClain shows that the connection between family self government and democratic self government does not require the deep laid gender inequality that has historically accompanied it **Legalizing Plural Marriage** Mark Goldfeder, 2017-05-09 Polygamous marriages are currently recognized in nearly fifty countries worldwide Although polygamy is technically illegal in the United States it is practiced by members of some religious communities and a growing number of other poly groups In the radically changing and increasingly multicultural world in which we live the time has come to define polygamous marriage and address its legal feasibilities Although Mark Goldfeder does not argue the right or wrong of plural marriage he maintains that polygamy is the next step after same sex marriage in the development of U S family law Providing a road map to show how such legalization could be handled he explores the legislative and administrative arguments which demonstrate that plural marriage is not as farfetched or as far off as we might think Goldfeder argues not only that polygamy is in keeping with the legislative values and freedoms of the United States but also that it would not be difficult to manage or administrate within our current legal system His legal analysis is enriched throughout with examples of plural marriage in diverse cultural and historical contexts Tackling the issue of polygamy in the United States from a legal perspective this book will engage anyone interested in constitutional law family law or criminal law along with sociologists and those who study gender and culture in modern times Governments and Marriage Education Policy Elizabeth van Acker, 2008-07-11 This book examines the role governments play in managing policy challenges such as religion romance gender relations same sex marriages and privacy protection in response to social changes in marriage Elizabeth van Acker asks whether governments can or should intervene in this personal sphere **Failure to Flourish** Clare Huntington, 2014-05-20 Exploring the connection between families and inequality Failure to Flourish How Law Undermines Family Relationships argues that the legal regulation of families stands fundamentally at odds with the needs of families Strong stable positive relationships are essential for both individuals and society to flourish but from transportation policy to the criminal justice system and from divorce rules to the child welfare system the legal system makes it harder for parents to provide children with these kinds of relationships exacerbating the growing inequality in America Failure to Flourish contends that we must re orient the legal system to help families avoid crises and when conflicts arise intervene in a manner that heals relationships To understand how wrong our family law system has gone and what we need to repair it Failure to Flourish takes us from ancient Greece to cutting edge psychological research and from the chaotic corridors of local family courts to a quiet revolution under way in how services are provided to families in need Incorporating the latest insights of positive psychology and social science research the book sets forth a new more emotionally intelligent vision for a legal system that not only resolves conflict but actively encourages the healthy relationships that are at the core of a stable society **In Defense of the Marital Family**

John Witte, Jr.,2023-04-03 This book combines Christian theology Enlightenment liberalism and modern social science to defend the marital family as an essential institution for adults and children regardless of sexual orientation John Witte presents the marital family as an integrated sphere with natural social economic communicative contractual and spiritual dimensions He rejects modern efforts to abolish the legal category of marriage or to reduce it to a transient and malleable sexual contract While celebrating the sexual liberty of consensual adults Witte calls for stable marital families and responsible sex and parentage as the surest and safest path to private flourishing and social stability for all Securing Constitutional Democracy James E. Fleming,2006-10-02 Famously described by Louis Brandeis as the most comprehensive of rights and the right most valued by civilized men the right of privacy or autonomy is more embattled during modern times than any other Debate over its meaning scope and constitutional status is so widespread that it all but defines the post 1960s era of constitutional interpretation Conservative Robert Bork called it a loose canon in the law while feminist Catharine MacKinnon attacked it as the right of men to be left alone to oppress women Can a right with such prominent critics from across the political spectrum be grounded in constitutional law In this book James Fleming responds to these controversies by arguing that the right to privacy or autonomy should be grounded in a theory of securing constitutional democracy His framework seeks to secure the basic liberties that are preconditions for deliberative democracy to allow citizens to deliberate about the institutions and policies of their government as well as deliberative autonomy to enable citizens to deliberate about the conduct of their own lives Together Fleming shows these two preconditions can afford everyone the status of free and equal citizenship in our morally pluralistic constitutional democracy *Special Issue* Austin Sarat,2016-02-17 This volume carefully examines the relationship between gender equality and power across an array of realms sex reproduction pleasure work money It identifies social political economic developmental and psychological and somatic forces operating both internally and externally that complicate the expression and constraint of power **In Defense of Plural Marriage** Ronald C. Den Otter,2015-05-28 This book outlines the constitutional argument in favor of plural marriage in the United States

Law as Civic Education Ariel Liberman,2025-06-27 If a civic education is the essential foundation for a functioning discursive democracy how should it be taught This book offers an innovative solution arguing that far from abandoning the often grand promise of civic education as a means of cultivating reasoning skills and democratic character we should embrace it and proposes a reimagined civic education based on teaching students in primary and secondary school law and legal reasoning Drawing on a range of theoretical disciplines law philosophy ethics sociology psychology and moral educational and child development theory this monograph justifies the benefits of law learning as a form of character and civic education and offers historical and comparative educational examples to show what is possible It demonstrates how legal teaching can be incorporated into a K 12 curriculum and argues that such training can be transformative guiding students to become citizens capable of meeting the demands of democracy citizens with stronger reasoning skills a

motivation to self examine their values and beliefs and bring them into conversation with social values and an ability to effectively navigate political institutions and participate in public discourse This compelling and deeply original work will be of interest to scholars and educators in the fields of civic education character and virtue education legal studies and philosophy of education

Legally Married Scot Peterson, 2013-10-25 Legally Married gives you all the facts you need to develop an informed judgment regarding same sex marriage in the UK and the US It looks at the claims made on both sides of the debate placing them in their historical context and contributing in a

Fiduciary Law Tamar Frankel, 2011 In Fiduciary Law Tamar Frankel examines the structure principles themes and objectives of fiduciary law Fiduciaries which include corporate managers money managers lawyers and physicians among others are entrusted with money or power Frankel explains how fiduciary law is designed to offer protection from abuse of this method of safekeeping She deals with fiduciaries in general and identifies situations in which fiduciary law falls short of offering protection Frankel analyzes fiduciary debates and argues that greater preventive measures are required She offers guidelines for determining the boundaries and substance of fiduciary law and discusses how failure to enforce fiduciary law can contribute to failing financial and economic systems Frankel offers ideas and explanations for the courts regulators and legislatures as well as the fiduciaries and entrustors She argues for strong legal protection against abuse of entrustment as a means of encouraging fiduciary services in society Fiduciary Law can help lawyers and policy makers designing the future law and the systems that it protects

Feminist and Queer Legal Theory Martha Albertson Fineman, Jack E. Jackson, Adam P. Romero, 2016-04-15 Feminist and Queer Legal Theory Intimate Encounters Uncomfortable Conversations is a groundbreaking collection that brings together leading scholars in contemporary legal theory The volume explores at times contentiously convergences and departures among a variety of feminist and queer political projects These explorations foregrounded by legal issues such as marriage equality sexual harassment workers rights and privacy re draw and re imagine the alliances and antagonisms constituting feminist and queer theory The essays cross a spectrum of disciplinary matrixes including jurisprudence political philosophy literary theory critical race theory women s studies and gay and lesbian studies The authors occupy a variety of political positions vis vis questions of identity rights the state cultural normalization and economic liberalism The richness and vitality of feminist and queer theory as well as their relevance to matters central to the law and politics of our time are on full display in this volume

Hope in a Democratic Age Alan Mittleman, 2009-07-02 A compelling new philosophical study of hope as a resource for the tasks of citizenship in a liberal democratic society It contends that the modern philosophical construction of hope as an emotion is deficient it reconstructs the medieval understanding of hope as a virtue in a contemporary philosophical idiom

Ordered Liberty James E. Fleming, Linda C McClain, 2013-01-01 Fleming and McClain defend a civic liberalism that takes seriously not just rights but responsibilities and virtues Issues taken up include same sex marriage reproductive freedom regulation of civil society and the family education of children and clashes between

First Amendment freedoms of association and religion and antidiscrimination law *Feminist Interpretations of John Rawls* Ruth Abbey, 2015-06-29 In *Feminist Interpretations of John Rawls* Ruth Abbey collects eight essays responding to the work of John Rawls from a feminist perspective An impressive introduction by the editor provides a chronological overview of English language feminist engagements with Rawls from his *Theory of Justice* onward Abbey surveys the range of issues canvassed by feminist readers of Rawls as well as critics wide disagreement about the value of Rawls's corpus for feminist purposes The eight essays that follow testify to the continuing ambivalence among feminist readers of Rawls From the perspectives of political theory and moral social and political philosophy the contributors address particular aspects of Rawls's work and apply it to a variety of worldly practices relating to gender inequality and the family to the construction of disability to justice in everyday relationships and to human rights on an international level The overall effect is to give a sense of the broad spectrum of possible feminist critical responses to Rawls ranging from rejection to adoption Aside from the editor the contributors are Amy R Baehr Eileen Hunt Botting Elizabeth Brake Clare Chambers Nancy J Hirschmann Anthony Simon Laden Janice Richardson and Lisa H Schwartzman *Marriage and Divorce in a Multi-Cultural Context* Joel A. Nichols, 2011-10-31 American family law makes two key assumptions first that the civil state possesses sole authority over marriage and divorce and second that the civil law may contain only one regulatory regime for such matters These assumptions run counter to the multicultural and religiously plural nature of our society This book elaborates how those assumptions are descriptively incorrect and it begins an important conversation about whether more pluralism in family law is normatively desirable For example may couples rely upon religious tribunals Jewish Muslim or otherwise to decide family law disputes May couples opt into stricter divorce rules either through premarital contracts or covenant marriages How should the state respond Intentionally interdisciplinary and international in scope this volume contains contributions from fourteen leading scholars The authors address the provocative question of whether the state must consider sharing its jurisdictional authority with other groups in family law **The Ethics of the Family** Linda Oravecz, Adam Potthast, Stephen Scales, 2010-03-08 Our families are our first and most important ethical training grounds But what is the family And what are our ethical commitments to our family members and to the broader moral community After a brief introductory chapter on basic ethical concepts and theories the essays in this volume provide readers with ethical analyses of issues ranging from same sex marriage to a controversial proposal to license parents The chapters cover love sex marriage parents and children the relationship between the family and the larger moral community and the influence of emerging technologies on the ethical issues inherent in family life The volume is intended to open up this exciting territory in applied ethics to those interested in philosophy family studies social work and to anyone who wants a deeper understanding of the ethical forces at work in this most basic social institution **Caring for Liberalism** Asha Bhandary, Amy R. Baehr, 2020-12-29 *Caring for Liberalism* brings together chapters that explore how liberal political theory in its many guises might be modified or

transformed to take the fact of dependency on board In addressing the place of care in liberalism this collection advances the idea that care ethics can help respond to legitimate criticisms from feminists who argue that liberalism ignores issues of race class and ethnicity The chapters do not simply add care to existing liberal political frameworks rather they explore how integrating dependency might leave core components of the traditional liberal philosophical apparatus intact while transforming other aspects of it Additionally the contributors address the design of social and political institutions through which care is given and received with special attention paid to non Western care practices This book will appeal to scholars working on liberalism in philosophy political science law and public policy and it is a must read for feminist political philosophers

Rawls's Political Liberalism Thom Brooks, Martha Craven Nussbaum, 2015 Leading figures in politics and philosophy revitalize Rawls's prescription for a just society

Gender, Religion, and Family Law Lisa Fishbayn Joffe, Sylvia Neil, 2013 Groundbreaking theoretical and legal approaches to resolving conflicts between gender equality and cultural practices

Place For Families Fostering Capacity Equality And Responsibility Introduction

In the digital age, access to information has become easier than ever before. The ability to download Place For Families Fostering Capacity Equality And Responsibility has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Place For Families Fostering Capacity Equality And Responsibility has opened up a world of possibilities. Downloading Place For Families Fostering Capacity Equality And Responsibility provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Place For Families Fostering Capacity Equality And Responsibility has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Place For Families Fostering Capacity Equality And Responsibility. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Place For Families Fostering Capacity Equality And Responsibility. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Place For Families Fostering Capacity Equality And Responsibility, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Place For Families Fostering Capacity Equality And Responsibility has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Place For Families Fostering Capacity Equality And Responsibility Books

1. Where can I buy Place For Families Fostering Capacity Equality And Responsibility books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
