Plainwater Essays And Poetry:

Plainwater Anne Carson, 2000-03-28 The poetry and prose collected in Plainwater are a testament to the extraordinary imagination of Anne Carson a writer described by Michael Ondaatje as the most exciting poet writing in English today Succinct and astonishingly beautiful these pieces stretch the boundaries of language and literary form while juxtaposing classical and modern traditions Carson envisions a present day interview with a seventh century BC poet and offers miniature lectures on topics as varied as orchids and Ovid She imagines the muse of a fifteenth century painter attending a phenomenology conference in Italy She constructs verbal photographs of a series of mysterious towns and takes us on a pilgrimage in pursuit of the elusive and intimate anthropology of water Blending the rhythm and vivid metaphor of poetry with the discursive nature of the essay the writings in Plainwater dazzle us with their invention and enlighten us with their erudition

Twentieth-Century Poetry Neil Roberts, 2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of

post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century
