The Combination of All Forms of Struggle Alexandra Rachel Phelan,2025-04-01 Over the course of a decades long armed conflict the Colombian state took a variety of approaches toward its insurgent opponent the Revolutionary Armed Forces of Colombia FARC Successive governments swung between pursuing negotiations and responding with military counterinsurgency measures FARC for its part proclaimed its commitment to the combination of all forms of struggle seeking legitimization through both political and military means Investigating the relationship between FARC and the Colombian state from the outbreak of conflict in 1964 to the signing of the final peace agreement in 2016 Alexandra Rachel Phelan offers new insight into the dynamics of insurgencies In such conflicts both states and insurgents seek to assert their legitimacy which has crucial implications for any prospective resolution Phelan examines how FARC adopted different means of legitimization as part of its overall political and military strategy and how these strategies influenced government responses She argues that the case of Colombia demonstrates that insurgents are more likely to engage in negotiations when the state recognizes their political legitimacy than when it demands their defeat During a protracted conflict when it is unclear that the state can win by military strength alone offering incentives for political settlements can minimize and perhaps even end fighting Drawing on interviews with former and active FARC leaders and Colombian government officials as well as access to key primary documents this book sheds new light on the Colombian conflict and provides rich theoretical understanding of the role of legitimacy in counterinsurgency more broadly

Tirofijo: Los sue os y las monta as Arturo Alape,2018-10-26 El primer volumen Las vidas de Pedro Antonio Mar n Manuel Marulanda V lez Tirofijo recoge su trayectoria desde la ni ez las influencias familiares los a os de formaci n sus inicios en la vida guerrillera en el Sur

del Tolima la fundación de la llamada república independiente de Marquetalia y la terminación de la Operación Marquetalia en 1964. En este segundo volumen Tirofijo los sueños y las montañas desarrolla su concepción de construir una fuerza insurgente con características de un pequeño ejército que tiene como origen la fundación de las Farc en 1966 y su desarrollo desigual hasta la década de los 80 cuando se firman en 1984 los Acuerdos de Paz y Tregua con el gobierno del presidente Betancur. En sentido amplio se trata de una biografía que inscribe lo personal en el amplio espectro histórico político nacional. La guerra impregna al personaje de un hondo sentido de sobrevivencia y de actitud de vida frente a la mirada cercana de la muerte. La guerra se hace en defensa de algo que como ideal correcto o incorrecto que como concepción no es ajena al individuo sino que obedece a una realidad colectiva concepción que crea y dinamiza una forma de pensar equivocada o no equivocada. En este sentido ser guerrero implica poseer intuición e inteligencia que se equilibran en medio de la acechanza del enemigo ser guerrero que conoce a profundidad los pliegues y honduras de una geografía hecha para este tipo de guerra ser guerrero cuando la vida no tiene puertas para escapar y cuando solo se busca una trocha para huir y continuar en la trashumancia ser guerrero en una sociedad como la colombiana que tiene entre sus múltiples capacidades la destreza de crear todo tipo de muertes ser guerrero como hombre de montaña a pericia o audacia para guardar la espalda seguridad para escoger la trocha de escape conocimiento de la exuberancia de una geografía que no guarda secretos para el conocimiento de todo lo que habita en la montaña como naturaleza. La estructura narrativa del texto obedece a dos factores determinantes a la complejidad de la personalidad de Marulanda y la complejidad de la escritura como una reflexión Marulanda establece distancias en la comunicación. Cuando se trata con uno de lo cotidiano en lo individual se encierra en sí mismo se oculta.
