

# Rivals In Power

**John J. Mearsheimer**

## **Rivals In Power:**

**Rivals in Power** David Starkey, 1990 Produced and illustrated in the same style as *The Paston Letters* this tells the story of the 16th century through the private letters of five leading noble families      Rival Power Dimitar Bechev, 2017-08-22 A nuanced and comprehensive study of the political dynamics between Russia and key countries in Southeast Europe Is Russia threatening to disrupt more than two decades of E U and U S efforts to promote stability in post communist Southeast Europe Politicians and commentators in the West say yes With rising global anxiety over Russia's political policies and objectives Dimitar Bechev provides the only in depth look at this volatile region Deftly unpacking the nature and extent of Russian influence in the Balkans Greece and Turkey Bechev argues that both sides are driven by pragmatism and opportunism rather than historical loyalties Russia is seeking to assert its role in Europe's security architecture establish alternative routes for its gas exports including the contested Southern Gas Corridor and score points against the West Yet leaders in these areas are allowing Russia to reinsert itself to serve their own goals This urgently needed guide analyzes the responses of regional NATO members particularly regarding the annexation of Crimea and the Putin Erdogan rift over Syria

*Great Power Rivalries* William R. Thompson, 1999 This volume examines interstate rivalries of the past 500 years providing case studies of those between land powers with continental orientations and leading maritime powers and challengers The contributors focus on the transition from commercial to strategic rivalry      *Rivals for Power* James A. Thurber, 2022-07-11 Now in its seventh edition *Rivals for Power* Presidential Congressional Relations brings together the knowledge of leading scholars and scholar practitioners alike to explain the complex political dynamic between the president and Congress Contributors analyze the structural political and behavioral factors that shape this relationship while showing how and why rivalry has tended to intensify when different parties control the two branches Intended for students scholars public officials and the general public *Rivals for Power* offers an accessible and engaging analysis of executive and legislative rivalry across a span of eras with particular attention to developments from the Obama Trump and Biden presidencies

**Elite Configurations at the Apex of Power** Mattéi Dogan, 2003 This book prepared under the auspices of the IPSA Research Committee on Political Elites focuses on the interpenetration between various types of elites The contributions to this book reveal contrasting patterns of recruitment and selection in terms of career paths visibility influence and power of different elite circles      **Tokens of Power** Ann Hironaka, 2017-03-06 War presents a curious paradox Interstate war is arguably the most carefully planned endeavor by states yet military history is filled with disasters and blunders of monumental proportions These anomalies happen because most military history presumes that states are pursuing optimal strategies in a competitive environment This book offers an alternative narrative in which the pillars of military planning evaluations of power strategy and interests are theorized as social constructions rather than simple material realities States may be fighting wars primarily to gain or maintain power yet in any given historical era such pursuits serve only to propel

competition they do not ensure military success in subsequent generations Allowing states to embark on hapless military ventures is fraught with risks while the rewards are few      Study of Monopoly Power United States. Congress. House. Committee on the Judiciary, United States. Congress. House. Committee on the Judiciary. Subcommittee No. 5, 1949 Committee Serial No 14 Reviews effectiveness of antitrust laws and suggested revisions to the laws from representatives of educational institutions business and government pt 2A B Reviews economic concentration and monopolistic practices relation to procurement practices small businesses patent right restrictions Federal transportation rate making regulations and special antitrust exemptions Includes summary and digest of testimony for parts 2 A and 2 B p 1 160 pt 4A Includes digest of testimony p 1 65 pt 5 Considers legislation to make fines for certain antitrust violations triple the amount of damages pt 6A Reviews newsprint shortages and industry economic concentration Focuses on Canadian and Newfoundland newsprint export and production practices impact on domestic industry Includes digest of testimony p 1 85      **Study of Monopoly Power** United States. Congress. House. Committee on the Judiciary. Subcommittee No. 5, United States. Congress. House. Committee on the Judiciary. Subcommittee on Study of Monopoly Power, 1949      *Coups, Rivals, and the Modern State* Beth Rabinowitz, 2018-03 Using extensive research this book argues that successful African leaders consolidate their rule by developing strategic rural coalitions      **The Realism Reader** Colin Elman, Michael Jensen, 2014-08-12 The Realism Reader provides broad coverage of a centrally important tradition in the study of foreign policy and international politics After some years in the doldrums political realism is again in contention as a leading tradition in the international relations sub field Divided into three main sections the book covers seven different and distinctive approaches within the realist tradition classical realism balance of power theory neorealism defensive structural realism offensive structural realism rise and fall realism and neoclassical realism The middle section of the volume covers realism s engagement with critiques levelled by liberalism institutionalism and constructivism and the English School The final section of the book provides materials on realism s engagement with some contemporary issues in international politics with collections on United States U S hegemony European cooperation and whether future threats will arise from non state actors or the rise of competing great powers The book offers a logically coherent and manageable framework for organizing the realist canon and provides exemplary literature in each of the traditions and dialogues which are included in the volume Offering substantial commentary and analysis and including enhanced pedagogy to facilitate student learning The Realism Reader will provide a one stop shop for undergraduates and masters students taking a course in contemporary international relations theory with a particular focus on realism      The Tragedy of Great Power Politics (Updated Edition) John J. Mearsheimer, 2003-01-17 A superb book Mearsheimer has made a significant contribution to our understanding of the behavior of great powers Barry R Posen The National Interest The updated edition of this classic treatise on the behavior of great powers takes a penetrating look at the question likely to dominate international relations in the twenty first century Can China rise peacefully In clear

eloquent prose John Mearsheimer explains why the answer is no a rising China will seek to dominate Asia while the United States determined to remain the world's sole regional hegemon will go to great lengths to prevent that from happening The tragedy of great power politics is inescapable IR Theory, Historical Analogy, and Major Power War Hall

Gardner, 2018-12-21 This book critically examines elements of America First nationalism neo conservatism neo realism neo liberalism environmental theories and social constructionism by way of developing an alternative realist approach to the study of the origins of major power war The author critiques concepts of polarity and sovereign decision making and diplomacy before developing the concept of highly uneven polycentrism The book then develops a unique comparative historical approach that seeks to compare and contrast the pre World War I pre World War II and Cold War eras with the contemporary post Cold War period It is argued that the US as it remains the leading global hegemon must fully engage in multilateral diplomacy with major friends and rivals alike in the establishment of differing forms of power sharing and joint sovereignty accords in order to prevent the global system from polarizing into two contending alliances more reminiscent of both the pre World War I and pre World War II periods than the new Cold War **The Power-Conflict Story** Kelly

Kadera, 2010-07-23 The Power Conflict Story explains patterns of behavior in major world rivalries since 1816 Kelly M Kadera carefully lays out the dynamic connections between two rival nations power relationship and their conflictual interactions with one another Rivals accumulate power and use conflict as a method of reducing their opponent's power level But conflict is costly because it invites reciprocation from the opponent who has similar motives Applying the formal model that she has developed Kadera makes some interesting and novel predictions about which types of rivals win and what strategies they use The empirical record on national power levels and interstate conflict convincingly support these predictions Examples include the rise of the United States as a world power and the corresponding fall of British hegemony near the turn of the last century Germany's unsuccessful attempt to overtake Britain during the Second World War and Russia's rivalry with China during the early 1900s One of the central contributions of the book's explanation of interstate rivalry is the integration of two opposing schools of thought balance of power theory and power transition theory This integration is accomplished by the author's dynamic formal model that emphasizes fluctuations in conflict behavior under different power relationships as well as shifts in power levels resulting from natural growth and resource depletion The formal model and its analysis are presented in a conversational manner making it accessible to the reader The Power Conflict Story will appeal to students and scholars of international relations world history formal modeling applied mathematics numerical methods and research methodology Kelly M Kadera is Assistant Professor of Political Science University of Iowa

*China's Air Power and Maritime Strategies Towards the Indian Ocean Region* Joshy M. Paul, 2025-02-03 This book examines China's naval and airpower strategic direction towards the Indian Ocean region It discusses China's military modernization program along with naval and airpower capabilities including expeditionary nature It analyses China's attempt

to gain a strategic dominance in the IOR by means of investments and trade with the littoral countries military diplomatic relationship with friendly countries permanent presence of naval systems in the Indian Ocean and delivering public goods throughout the region A comparative analysis of People s Liberation Army Air Force PLAAF expeditionary capabilities and Indian Air Force s IAF deterrence mechanisms is also included Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan

**Scheduling and Operation of Virtual Power Plants** Ali Zangeneh, Moein Moeini-Agtaie, 2022-01-25 Scheduling and Operation of Virtual Power Plants Technical Challenges and Electricity Markets provides a multidisciplinary perspective on recent advances in VPPs ranging from required infrastructures and planning to operation and control The work details the required components in a virtual power plant including smartness of power system instrument and information and communication technologies ICTs measurement units and distributed energy sources Contributors assess the proposed benefits of virtual power plant in solving problems of distributed energy sources in integrating the small distributed and intermittent output of these units In addition they investigate the likely technical challenges regarding control and interaction with other entities Finally the work considers the role of VPPs in electricity markets showing how distributed energy resources and demand response providers can integrate their resources through virtual power plant concepts to effectively participate in electricity markets to solve the issues of small capacity and intermittency The work is suitable for experienced engineers researchers managers and policymakers interested in using VPPs in future smart grids Explores key enabling technologies and infrastructures for virtual power plants in future smart energy systems Reviews technical challenges and introduces solutions to the operation and control of VPPs particularly focusing on control and interaction with other power system entities Introduces the key integrating role of VPPs in enabling DER powered participative electricity markets

*More Plays by Rivals of Corneille and Racine* Lacy Lockert, 1968 The book contains then eleven plays from the great age of French drama in the seventeenth century one play from the prolific pen of Alexandra Hardy who proceeded the great age and on from the eighteenth century the aftermath of that age

*The Unquiet Frontier* Jakub J. Grygiel, A. Wess Mitchell, 2017-08-15 How America s vulnerable frontier allies and American power are being targeted by rival nations From the Baltic to the South China Sea newly assertive authoritarian states sense an opportunity to resurrect old empires or build new ones at America s expense Hoping that U S decline is real nations such as Russia Iran and China are testing Washington s resolve by targeting vulnerable allies at the frontiers of American power The Unquiet Frontier explains why the United States needs a new grand strategy that uses strong frontier alliance networks to raise the costs of military aggression in the new century Jakub Grygiel and Wess Mitchell describe the aggressive methods rival nations are using to test U S power in strategically critical regions throughout the world They show how rising and revisionist powers are putting pressure on our frontier allies countries like Poland Israel and Taiwan to gauge our leaders commitment to upholding the U S led global order To cope with these dangerous dynamics nervous U S allies are diversifying

their national security menu cards by beefing up their militaries or even aligning with their aggressors Grygiel and Mitchell reveal how numerous would be great powers use an arsenal of asymmetric techniques to probe and sift American strength across several regions simultaneously and how rivals and allies alike are learning from America's management of increasingly interlinked global crises to hone effective strategies of their own The Unquiet Frontier demonstrates why the United States must strengthen the international order that has provided greater benefits to the world than any in history

**Ethnic Politics and State Power in Africa** Philip Roessler, 2016-12-15 Why are some African countries trapped in vicious cycles of ethnic exclusion and civil war while others experience relative peace In this groundbreaking book Philip Roessler addresses this question Roessler models Africa's weak ethnically divided states as confronting rulers with a coup civil war trap sharing power with ethnic rivals is necessary to underwrite societal peace and prevent civil war but increases rivals capabilities to seize sovereign power in a coup d'état How rulers respond to this strategic trade off is shown to be a function of their country's ethnic geography and the distribution of threat capabilities it produces Moving between in depth case studies of Sudan and the Democratic Republic of the Congo based on years of field work and statistical analyses of powersharing coups and civil war across sub-Saharan Africa the book serves as an exemplar of the benefits of mixed methods research for theory building and testing in comparative politics *Interdisciplinary Essays on Cannibalism* Giulia

Champion, 2021-04-21 *Interdisciplinary Essays on Cannibalism* Bites Here and There brings together a range of works exploring the evolution of cannibalism literally and metaphorically diachronically and across disciplines This edited collection aims to promote a conversation on the evolution and the different uses of the tropes and figures of cannibalism in order to understand and deconstruct the fascination with anthropophagy its continued afterlife and its relation to different disciplines and spaces of discourse In order to do so the contributing authors shed a new light not only on the concept but also propose to explore cannibalism through new optics and theories Spanning 15 chapters the collection explores cannibalism across disciplines and fields from Antiquity to contemporary speculative fiction considering history anthropology visual and film studies philosophy feminist theories psychoanalysis and museum practices This collection of thoughtful and thought provoking scholarly contributions suggests the importance of cannibalism in understanding human history and social relations [The Great Power Competition Volume 5](#) Adib Farhadi, Mark Grzegorzewski, Anthony J. Masys, 2023-10-09

[The Great Power Competition Volume 5](#) Adib Farhadi, Mark Grzegorzewski, Anthony J. Masys, 2023-10-09 The Russian Invasion of Ukraine and Implications for the Central Region addresses national security threats and strategic opportunities for the United States and its allies in the Middle East and Central Asia following Russia's invasion of Ukraine Recognizing that integrated deterrence is not constrained by geography or domain this book focuses on the complex threats and challenges confronting U.S. national security and foreign policy in a post-Ukraine invasion environment That is to say what happens in Ukraine does not stay in Ukraine It affects everyone from the region to the cyberspace domain to people on the other side of the world due to changes in commodity prices Specifically this volume explores how revised analyses of

Russia may alter U S and allied strategies in a shifting international system and within the framing of strategic competition Experts in this volume examine how the war in Ukraine will influence Russian strategy and foreign policy in the Middle East Central Asia and globally what effect the Ukraine invasion could have on global and regional geopolitics and geoeconomics and the United States ability to protect national interests in the Central Region The reasons for this are multiple and complex In this volume we explore many issues that have confounded security experts by asking questions such as What happens after the Russian invasion What lessons did the U S Ukraine NATO and the European Union learn about Russia What lessons did Russia learn about itself and its military after the Ukraine invasion What lessons did the U S learn in Afghanistan that apply to Ukraine Why was the initial analysis of the Russian invasion so wrong How has power shifted in the international system since the Ukraine invasion How has the security environment shifted since the Ukraine invasion For the U S to continue supporting its partners in the Middle East and Central Asia it must anticipate what new opportunities will arise from Russia s missteps in Ukraine The Russian Invasion of Ukraine and Implications for the Central Region addresses these challenges and opportunities and informs policymakers on the changing contours of the Great Power Competition

This is likewise one of the factors by obtaining the soft documents of this **Rivals In Power** by online. You might not require more become old to spend to go to the book opening as with ease as search for them. In some cases, you likewise accomplish not discover the message Rivals In Power that you are looking for. It will utterly squander the time.

However below, taking into account you visit this web page, it will be therefore unquestionably simple to acquire as with ease as download lead Rivals In Power

It will not allow many epoch as we explain before. You can accomplish it though produce an effect something else at home and even in your workplace. therefore easy! So, are you question? Just exercise just what we pay for below as capably as review **Rivals In Power** what you in the same way as to read!

While this might not be the Rivals In Power full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Rivals In Power eBooks,

including some popular titles.

## **FAQs About Rivals In Power Books**

**What is a Rivals In Power PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rivals In Power PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rivals In Power PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rivals In Power PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rivals In Power PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
