Asian Political Thought Lee Trepanier,2020-06-22 The rise of Asia in global affairs has forced western thinkers to rethink their assumptions theories and conclusions about the region Eric Voegelin s Asian Political Thought brings together a mixture of established and rising scholars from both Asia and the West to reflect upon the political philosopher s thought about China Japan Korea Central Asia and India From Voegelin s writings readers will not only understand how Voegelin s approach can illuminate the fundamental principles and issues about Asia but also what are the challenges and possibilities that Asia offers in the twentieth first century For those who want to move past the superficial commentary and clich s about Asia Eric Voegelin s Asian Political Thought is the book for you **Christian Ashrams, Hindu Caves and Sacred Rivers**

Robinson,2014-02-04 This book investigates the relationship between the various interpretations of the Bhagavad Gita and the Hindu tradition Bede Griffiths' Images of God Beatrice Green,2022-08-19 This book reveals how the images Bede Griffiths OSB Cam used for God are richly embedded with concepts ancient and new making them especially relevant for our current times It prompts insight into the great deposit of wisdom and scholarship that was his source and will benefit those interested in religious imagery gender equality monastic life interfaith dialogue evolution of consciousness practical theology and spirituality and integral

thought Led by Christ the Golden String Griffiths made the sea change from Great Britain to India promoting the marriage of East and West the essential value of the feminine contemplative prayer interreligious dialogue and integral life His initiation to Christian sannyasa and faith in the evolutionary process reflect his openness to change and to grow and highlight this great sage s masterful use of images grounded in his motto to always go beyond *God at Play* Daniel Soars,2025-07-01 The first comparative treatment of the topic of l l in Hindu and Christian traditions this volume explores what it means to consider divine and human action under the categories of play wit drama grace and compassion *God at Play* presents a theological exploration of the multifaceted motif of l l across diverse Hindu and Christian landscapes and its wide ranging connections to divine and human creativity Given its ubiquity in Hindu theologies and life forms l l offers a rich comparative framework for exploring certain ways of understanding divine and human action as expressed in Hindu and Christian sacred texts philosophical theology and ritual practices Though l l is often interpreted simply as play the essays in this volume reflect a far richer semantic and conceptual field ranging from spontaneity and gratuitousness through joy and humor to mercy and compassion By focusing on the different contexts in which l l is found in Hindu traditions and resisting any uniform translation of the term the contributors to this volume avoid the risk of using predominantly western or Christian categories to understand the Hindu other The volume thus explores how l l functions in a variety of distinctive philosophical theological and devotional ways across Hindu traditions and listens for echoes in Christian understandings of the gratuitousness of the created order in relation to God *God at Play* is a genuine experiment in deep learning across traditions Each chapter reflects on what is learned by taking l l as the category of comparison and invites the reader to think about what these conversations add confirm or change in relation to earlier twentieth century scholarship on play not least in terms of what difference it might make to understand human life as an imitation and a participation in the divine life of a playful deity **Prayer in the Cave of the Heart** Cyprian Consiglio,2010-01-01 Prayer is an art that cannot just be taught It must be experienced lived and practiced In *Prayer in the Cave of the Heart* Cyprian Consiglio draws on his experience as a Camaldolese monk to give readers an accessible reflection on prayer that is based on Bede Griffith s universal call to contemplation In this text the contemplative traditions of East and West intersect to invite readers into prayer that makes them present to the Spirit who is already present to us **From Big Bang to Big Mystery** Brendan M. Purcell,2012 Everyone knows about the mystery of the Big Bang what started it This book is about the other creation mystery where did human beings in particular come from It traces the material part of our origins from the Big Bang through evolution including the almost 7 million year hominid sequence up to the first humans in Africa over 150 000 years ago That data doesn t seem to explain what paleontologists and archaeologists call the Big Bang of Human Consciousness In his fascinating accessible and thorough study renowned priest and academic Brendan Purcell shows the complementarity that scientists theologians and philosophers bring to a deeper understanding of the mystery of human existence and human consciousness **Seeking the Sacred** Stephanie

Dowrick,2011-03-29 Imagine the world we would live in if we dared to see all of life as sacred unconditionally At a time when religion is increasingly seen as a cause of prejudice and division or as irrelevant to our most pressing concerns the eternal truths of a genuinely inclusive spiritual wisdom have never been more urgently needed or sought In Seeking the Sacred Stephanie Dowrick invites us to go beyond cultural divisions and religious cliches and to discover what makes our lives sacred satisfying and meaningful Weaving personal stories including her own with an inspired vision of life s most healing possibilities she shows how the sacred can transform the way we understand and value life changing forever how we interact with others and care for ourselves This is a book for the spiritually curious as well as those already engaged with the deeper questions Richly hopeful and encouraging Seeking the Sacred unravels some of our most complex contemporary dilemmas and speaks to the heart of our deepest yearnings

Sustainable Development: The Spiritual Dimension Krishan Saigal,2008 The concept of sustainable development was accepted by the world leaders in Rio de Janerio in 1992 The concept was vague and this is natural when an international consensus has to be achieved It was also based implicitly on the dominant Western paradigm with its stress on science and technology its stress on management of technology and the meshing of economics and ecology as the answer to the environmental crisis Value systems were not included in the concept of sustainable development The book studies the Eastern paradigm base on the concepts and values of Hinduism Buddhism and Islam and suggests that for a truly global ethic the Western and Eastern paradigms need to be integrated This can be done through the mediation of modern science easily for the best of the propriety
