Road From Decadence:

Report on the Island of Porto Rico Henry K. Carroll, Henry King Carroll, 1899 J.-K. Huysmans Ruth Antosh, 2024-07-06 A critical biography of a major novelist and art critic from the late nineteenth century French decadent movement J K Huysmans 1848 1907 is often hailed as a forerunner of modernist letters While his novel rebours Against Nature remains infamous for its reclusive protagonist retreating into a realm of artifice and dreams Huysmans s literary contributions are far reaching Ruth Antosh explores Huysmans s life and work illustrating how both reflect an uneasy era of profound social and artistic change In this context Huysmans s correspondence early fiction art criticism and surrealist novel En rade Stranded demand greater critical attention Antosh argues that Huysmans s life should be understood as an unwavering quest for spiritual and aesthetic fulfillment *Psychoanalytic Reflections on The Freudian Death Drive* Rossella Valdrè, 2018-12-07 Psychoanalytic Reflections on The Freudian Death Drive is a highly accessible book that investigates the relevance complexity and originality of a hugely controversial Freudian concept which the author argues continues to exert enormous influence on modernity and plays an often imperceptible role in the violence and so called sad passions of contemporary society With examples from cinema literature and the consulting room the book s four chapters theory the clinic art and contemporaneity investigate every angle usually little explored of the death drive its positive functions such as its contribution to subjectification its ambiguous relationship with sublimation the clues it provides about transgenerational matters and its effects on the feminine This is not a book about aggression a type of extrojection of the death drive made visible studied and striking rather it is about the derivatives of the pulsion that changes in the clinic in life in society in artistic forms With bold and innovative concepts and by making connections to film and books Rossella Valdrè unequivocally argues that the contemporary clinic is a clinic of the death drive Psychoanalytic Reflections on The Freudian Death Drive seeks to relaunch the debate on a controversial and neglected concept and will appeal to psychoanalysts and psychoanalytic psychotherapists Today s renewed interest in the Freudian death drive attests to its extraordinary ability to explain both new pathologies and socio economic phenomena The Heart of Victoria Joseph Kinsela, 2004 This book unlocks the secrets of an extraordinary region Covering many of the world s richest goldfields the heart of Victoria is home to dramatic landscapes and a unique treasure trove of 19th century architecture **Deconstructing the Myths of Islamic Art** Onur Öztürk, Xenia Gazi, Sam Bowker, 2022-03-20 Deconstructing the Myths of Islamic Art addresses how researchers can challenge stereotypical notions of Islam and Islamic art while avoiding the creation of new myths and the encouragement of nationalistic and ethnic attitudes Despite its Orientalist origins the field of Islamic art has continued to evolve and shape our understanding of the various civilizations of Europe Africa Asia and the Middle East Situated in this field this book addresses how universities museums and other educational institutions can continue to challenge stereotypical or homogeneous notions of Islam and Islamic art It reviews subtle and overt mythologies through scholarly research museum collections and

exhibitions classroom perspectives and artists initiatives This collaborative volume addresses a conspicuous and persistent gap in the literature which can only be filled by recognizing and resolving persistent myths regarding Islamic art from diverse academic and professional perspectives The book will be of interest to scholars working in art history museum studies visual culture and Middle Eastern studies **Translations on International Communist Developments** ,1964

Remembering the Road to World War Two Patrick Finney,2010-09-13 This is comparative history on a grand scale skilfully analysing complex national debates and drawing major conclusions without ever losing the necessary nuances of interpretation Stefan Berger University of Manchester UK Remembering the Road to World War Two is a broad and comparative international survey of the historiography of the origins of the Second World War It explores how in the case of each of the major combatant countries historical writing on the origins of the Second World War has been inextricably entwined with debates over national identity and collective memory Spanning seven case studies the Soviet Union Germany Italy France Great Britain the United States and Japan Patrick Finney proposes a fresh approach to the politics of historiography This provocative volume discusses the political cultural disciplinary and archival factors which have contributed to the evolving construction of historical interpretations It analyses the complex and multi faceted relationships between texts about the origins of the war the negotiation of conceptions of national identity and unfolding processes of war remembrance Offering an innovative perspective on international history and enriching the literature on collective memory this book will prove fascinating reading for all students of the Second World War *Report - California Division of Highways* California. cities around the world highly political and wasteful government decision making has led to excessive traffic congestion that has created long commutes reduced safety and caused loss of leisure time Street Smart examines the privatization of roads in theory and in practice The authors see at least four possible roles for private companies beyond the well known one of working under contract to design build or maintain governmentally provided roads These include testing and licensing vehicles and drivers management of government owned facilities franchising and outright private ownership Two chapters describe the history of private roads in the United Kingdom and the United States Contemporary examples are provided of road pricing privatizing and contracting out are evident in environs as diverse as Singapore Southern California and Scandinavia and cities as different as Bergen Norway and London England Finally several chapters examine strategies for implementing privatization The principles governing providing scarce resources in free societies are well known We apply them to such necessities as energy food and water so why not to road space The main obstacle to private or semi private ownership of roads is likely to remain the reluctance of the political class to give up a lucrative source of power and influence Those who want decisions about road services to be controlled by the interplay of consumers and suppliers in free markets rather than by politicians will have to explain the need for change Street Smart makes a powerful case for the need for change and sheds light on the complex issues involved Gabriel Roth is a transport and privatization consultant and a research fellow at the Independent Institute in Oakland California Millard's Review of the Far East ,1921 **Confessions of an**
