Shakespeare's Sonnets William Shakespeare,1904 **Shakespeare's Sonnets** William Shakespeare,1905 **The Fugitive Shakespeare and Sonnet 144** Charles Murray Willis,2024-08-16 THE FUGITIVE SHAKESPEARE AND SONNET 144 The discovery of a 16th century manuscript version of Shakespeare s Sonnet 144 is the most important historical and literary find ever made relating to Shakespearean studies The date of composition of this manuscript indicates ca 1577 78 when William Shakspere the original spelling of his family name was aged between 13 14 which would suggest that he couldn t have written this Sonnet because he was too young The story behind this discovery and how the document was found is as astonishing as how the document has managed to survive for over 400 years The connection in this story between Shakespeare and the famous playwright Ben Jonson is also explored as it was Jonson who provided the most important evidence that Shakespeare was the author of the First Folio which was published in 1623 At last after more than four hundred years there is a glimmer of light at the end of the tunnel a significant Shakespearean clue has been discovered which may help to solve the Shakespeare authorship question Sir Derek Jacobi award winning Shakespearean actor *The Sonnets* William Shakespeare,2006-06-22 This second edition of *The Sonnets* features a new introduction by Stephen Orgel

Shakespeare's Sonnets William Shakespeare,2000-01-01 The classic love poems of William Shakespeare are accompanied by critical commentary **The Complete Sonnets and Poems** William Shakespeare,2002 Shakespeare s Sonnets are among the most complex and beautiful poems ever written Their exploration of love praise homo and hetero sexual desire is enacted in the richest densest writing in English And the first printed work to which Shakespeare s name was attached was the erotic narrative poem Venus and Adonis which developed a sumptuous vocabulary in which to explore love praise of the beloved sexual desire and the power of rhetoric That poem was so popular that most of Shakespeare s contemporaries thought of him as primarily a poet rather than a playwright Yet despite the power of Shakespeare s poems and their foundational place within his oeuvre modern readers have seldom been encouraged to engage with his non dramatic works as a whole This new edition explains how this state of affairs has arisen and why it needs to be changed The volume contains the complete Sonnets and poems with a full commentary An extensive and lively introduction explores Shakespeare s poetic development and shows how the poems relate to each other and to his dramatic works The Sonnets are freshly interpreted not as cryptic fragments of autobiography but as works which ask their readers to think about relationships between lyric poems and the historical circumstances which may have given rise to them The narrative poems Venus and Adonis and Lucrece are placed where they belong at the origin of Shakespeare s thinking about what it means to desire and to be desired The edition responds to the most recent scholarly work on the interpretation and dating of Shakespeare s poems and Sonnets It also explores what the poems may have meant to their earliest readers For this reason it also includes poems attributed to Shakespeare in the seventeenth century as well as those printed under his name in *The Passionate Pilgrim* in 1599 23
