Nathanson, 1994-03-17 This is a revolutionary book about the nature of emotion about the way emotions are triggered in our private moments in our relations with others and by our biology Drawing on every theme of the modern life sciences Donald Nathanson shows how nine basic affects interest excitement enjoyment joy surprise startle fear terror distress anguish anger rage dissmell disgust and shame humiliation not only determine how we feel but shape our very sense of self For too long those who explain emotional discomfort on the basis of lived experience and those who blame chemistry have been at loggerheads As Dr Nathanson shows chemicals and illnesses can affect our mood just as surely as an uncomfortable memory or a stern rebuke Linking for the first time the affect theory of the pioneering researcher Silvan S Thomkins with the entire world of biology medicine psychology psychotherapy religion and the social sciences Dr Nathanson presents a completely new understanding of all emotion Paul And The Religious Experience Of Reconciliation Gilbert I. Bond, 2005 **Encyclopedia of Death and Dying** Glennys Howarth, Oliver Leaman, 2003-12-16 In recent years there has been a massive upsurge in academic professional and lay interest in mortality This is reflected in academic and professional literature in the popular media and in the proliferation of professional roles and training courses associated with aspects of death and dying Until now the majority of reference material on death and dying has been designed for particular disciplinary audiences and has addressed only specific academic or professional concerns There has been an urgent need for an authoritative but accessible reference work reflecting the multidisciplinary nature of the field This Encyclopedia answers that need The Encyclopedia of Death and Dying consolidates and contextualizes the disparate research that has been carried out to date The phenomena of death and dying and its related concepts are explored and explained in depth from the approaches of varied disciplines and related professions in the arts social sciences humanities medicine and the sciences In addition to scholars and students in the field from anthropologists and sociologists to art and social historians the Encyclopedia will be of interest to other professionals and practitioners whose work brings them into contact with dying dead and bereaved people It will be welcomed as the definitive death and dying reference source and an essential tool for teaching research and independent study *The Continuing Relevance of Wesleyan Theology* Nathan Crawford, 2011-06-01 What does the Wesleyan message have to say to the greater theological world This is a question that Laurence Wood has taken up as his concern throughout his career In order to honor his work
