Irena Makaryk, Virlana Tkacz, 2010-05-22 The study of modernism has been largely focused on Western cultural centres such as Paris Vienna London and New York Extravagantly illustrated with over 300 photos and reproductions **Modernism in Kyiv** demonstrates that the Ukrainian capital was a major centre of performing and visual arts as well as literary and cultural activity While arguing that Kyiv's modernist impulse is most prominently displayed in the experimental work of Les Kurbas one of the masters of the early Soviet stage the contributors also examine the history of the city and the artistic production of diverse groups including Ukrainians Russians Jews and Poles Until now a silent presence in Western accounts of the cultural topography of modernism multicultural Kyiv is here restored to its historical intellectual and artistic complexity Excerpts taken from the works of artists writers and critics as well as the numerous illustrations help give life to the exciting creativity of this period The first book length examination of this subject **Modernism in Kyiv** is a breakthrough accomplishment that will become a standard volume in the field **Sky Wolves**

E.S. Wynn, 2020-02-14 Long before the people of Northern Europe had ever heard names like Orion or Scorpio the ancient tribes of the Celtic Germanic and Slavic peoples had their own unique systems of constellations and magic tied to the great shapes and phenomena of the skies **Sky Wolves** is an exploration of the ancient Northern European sky lore that has almost been completely eradicated over the course of the past several thousand years Each chapter presents a constellation in summary for the curious then follows it with enough research and scholarly information for skeptics and passionate reconstructionists alike The text is the result of years of scholarly research designed and laid out in a way that makes it accessible to practitioners researchers shamans and even people who just want a basic idea of what their Northern European ancestors saw in the sky before the constellations and myths of the classical zodiac all but erased the rich heritage of sky lore that we are only now starting to piece together again **Dances with**

Ancestors David Kowalewski PhD, 2019-11-29 Ancestry is big business these days but mere biological genealogy fails to tap into our spiritual roots The shamans of indigenous cultures have known for millennia how to do this In this comprehensive cross cultural survey Dr David Kowalewski scholar and practicing shaman offers several techniques for engaging the Old Ones the old fashioned way Although modern people have largely lost this tradition the ancestors are coming back strong along with the shamans a welcome happening that may reverse our ancestor deficit disorder Drawing on a global survey of ethnographic reports direct teachings from shamans of many continents and experiences from his own shamanic practice the author presents a wealth of useful ways that shamans have developed around the world and across the ages to connect with ancestors in both our realm and theirs These include spirit plates effigies pilgrimages walkabouts and trips with plant spirits

Using these ancient techniques indigenous peoples receive a variety of gifts from their Old Ones including destiny guidance healing protection and wisdom teachings Yet some ancestors may behave like hooligans causing psychological distress and physical woes and even curses against a whole lineage But these maladies are both prevented and countered by shamanic methods such as home cleansing disposal of the deceased's property severance ceremonies and the like The author ends with practical takeaways lessons from the lineages so to speak showing how you and your ancestors through concerted spiritual action can co evolve to higher spiritual planes As a team Shamans Unbound Mihály Hoppál,Zsuzsanna Simonkay,2008
