Shanghai Longtang:

Shanghai Mundane Lei Ping, 2025-09-18 This book offers a new critical intervention into the studies of the paradox of Chinese socialism Centering on the unremovable Shanghai bourgeoisie and middle class the book brilliantly discovers Chinese society's persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology from the Mao era to the Xi era *Shanghai Mundane* offers a new critical intervention into the studies of the paradox of Chinese socialism Through the lens of contested state society relations the book challenges conventional China Studies by repositioning Shanghai as the key to decode the protracted ideological warfare between socialism and capitalism Based on significant archival ethnographic and theoretical evidence unearthed from the distinct cases of Shanghai bourgeoisie and middle class Lei Ping discovers the city's persistent aspiration to bourgeois lifestyle and remarkable resistance to socialist ideology throughout the entire history of the People's Republic of China Ping argues that despite the socialist remolding of capitalist industry and commerce the post 1949 Chinese state failed to eradicate bourgeois heritage in the domain of everyday life in the Mao era which ironically contributed to its controversial policy reversals in the post Mao era from Deng to Xi What lies at the heart of the major intellectual conundrum namely the survival and revival of bourgeois sentiments is what Ping calls the unremovable Shanghai mundane This captivating and provocative account sheds new light on understanding the larger questions as to the crisis ridden practices of Chinese socialism and the *raison d'être* of the Chinese Communist Party in the twenty first century

data along with photographs and maps provide the reader with a rich resource from which to understand and appreciate this complex process With photographs by Juan de Dios Perez and texts by Denise Scott Brown Saskia Sassen Silas Chiow Sharon Haar Xiangning Li Xiaochun Zhang Weigang Qiu Haolun Shu Philip Enquist Sol Madrudejos Juan Carlos Sancho Robert Venturi Greg Girard and Jonathan Miller **Middle Class Shanghai** Cheng Li,2021-05-11 The United States may be headed toward a disastrous conflict with China unless Washington updates its understanding of contemporary Chinese society After four decades of engagement the United States and China now appear to be locked on a collision course that has already fomented a trade war seems likely to produce a new cold war and could even result in dangerous military conflict The current deterioration of the bilateral relationship is the culmination of years of disputes disillusionment disappointment and distrust between the two countries Washington has legitimate concerns about Beijing s excessive domestic political control and aggressive foreign policy stances just as Chinese leaders believe the United States still has futile designs on blocking their country s inevitable rise to great power status Cheng Li s Middle Class Shanghai argues that American policymakers must not lose sight of the expansive dynamism and diversity in present day China The caricature of the PRC as a monolithic Communist apparatus set on exporting its ideology and development model is simplistic and misguided Drawing on empirical research in the realms of higher education avant garde art architecture and law this unique study highlights the strong constructive impact of bilateral exchanges Combining eclectic human stories with striking new data analysis this book addresses the possibility that the development of China s class structure and cosmopolitan culture exemplified and led by Shanghai could provide a force for reshaping U S China engagement Both countries should build upon the deep cultural and educational exchanges that have bound them together for decades The author concludes that U S policymakers should neither underestimate the role and strength of the Chinese middle class nor ostracize or alienate this force with policies that push it toward jingoistic nationalism to the detriment of both countries and the global community With its unique focus this book will enlighten policymakers scholars business leaders and anyone interested in China and its increasingly fraught relations with the United States Postsocialism and Cultural Politics Xudong Zhang,2008-04-25 A sequel to Zhang s Chinese Modernism it discusses crucial issues in China in the 1990s including nationalism neo liberalism postmodernism nostalgia revisionism and the intellectual formulations and cultural politics Confucius' Courtyard Xing Ruan,2021-10-21 For more than three thousand years Chinese life from the city and the imperial palace to the temple the market and the family home was configured around the courtyard So too were the accomplishments of China s artistic philosophical and institutional classes Confucius Courtyard tells the story of how the courtyard that most singular and persistent architectural form holds the key to understanding even today much of Chinese society and culture Part architectural history and part introduction to the cultural and philosophical history of China the book explores the Chinese view of the world and reveals the extent to which this is inextricably intertwined with the ancient concept of the courtyard a place and a way of life which it

appears has been almost entirely overlooked in China since the middle of the 20th century and in the West for centuries. Along the way it provides an accessible introduction to the Confucian idea of zhongyong the Middle Way the Chinese moral universe and the virtuous good life in the absence of an awesome God and shows how these can only be fully understood through the humble courtyard a space which is grounded in the earth yet open to the heavens. Erudite elegant and illustrated throughout by the author's own architectural drawings and sketches *Confucius Courtyard* weaves together architecture philosophy and cultural history to explore what lies at the very heart of Chinese civilization. **Pioneers of Modern China** Khoon Choy Lee, 2005. Amongst the Chinese exists great cultural variety and diversity. The Cantonese care more for profit than face and are good businessmen whereas Fujian R r n are frank blunt and outspoken but daring and generous. Beijing R r n are more aristocratic and well-mannered having stayed in a city ruled by emperors of different dynasties. Shanghai R r n are more enterprising adventurous and materialistic but less aristocratic having been at the center of pre-war gangsterism. Hainan R r n are straightforward blunt and stubborn. Hunan R r n are more warlike and have produced more marshals and generals than any other province. *Pioneers of Modern China* is a fascinating book that paints a vivid picture of the unique cultural characteristics and behavior of the Chinese in the various provinces. Using leaders in the modern history of China such as Sun Yat Sen Chiang Kai Shek Mao Zedong Zhou Enlai Deng Xiaoping Jiang Zemin Hu Jintao and Wen Jiabao as representatives it offers an in-depth look into the psyche of the Chinese people. It also pays tribute to writers painters and kungfu experts who have helped to develop the country socially and artistically. *Beyond the Neon Lights* Hanchao Lu, 2023-07-28. How did ordinary people live through the extraordinary changes that have swept across modern China? How did peasants transform themselves into urbanites? How did the citizens of Shanghai cope with the epic upheavals revolution war and again revolution that shook their lives? Even after decades of scholarship devoted to modern Chinese history our understanding of the daily lives of the common people of China remains sketchy and incomplete. In this carefully researched study Hanchao Lu weaves rich documentary data with ethnographic surveys and interviews to reconstruct the fabric of everyday life in China's largest and most complex city in the first half of this century. How did ordinary people live through the extraordinary changes that have swept across modern China? How did peasants transform themselves into urbanites? How did the citizens of Shanghai cope with the epic upheavals revolution war and again revolution? *Subjectivity and Sexuality in Contemporary Chinese Feminist Writing* Ruttapond Swanpitak, 2025-02-17. This book explores representations of female sexuality and subjectivity in contemporary Chinese fiction by three women writers published from 1986 to 2000 from the perspective of poststructuralist feminism. It discusses the representative works of authors Wang Anyi Tie Ning and Chi Li who are well-known in the Chinese literary field. However their works have not to date been analysed through the poststructuralist feminism's notions of subjectivity femininity and transgression. This book then provides detailed analysis of each writer and draws comparisons between their works to provide an extended consideration of female sexuality and

Asian Ethical Urbanism: A Radical Postmodern Perspective William Siew Wai Lim,2005-07-15 With the impending demise of modernist planning the footprints and corpses of failed modernist visions are littered everywhere A vacuum of implementable urban theories has occurred at the time when unprecedented expansion and restructuring of cities in rapidly developing economies are taking place In this collection of

essays William S W Lim zeroes in on the peculiarities and dynamics of present Asian urban and architectural conditions in order to challenge and transcend the socio ecological forms and political influences generated by the current system of global capitalism Part I of this book consists of the main essay which attempts to establish baselines for an effective formulation of ethical urbanism in Asia by clarifying issues that have previously been unquestioningly bound up with Western values and discourses As an architect urbanist Lim lends a determinedly spatialist and environmental perspective to issues such as rights ethics happiness and social justice while compelling his readers to rethink previously established notions about them Part II of this book consists of three city studies on Hanoi Shanghai and Singapore completed in the last two years which attempt to match Lim s theoretical formulation with actual conditions occurring in Asia today Also included is Asian Architecture in the New Millennium a fascinating discourse on contemporary design conducted from a postmodern perspective

Visions of Dystopia in China's New Historical Novels Jeffrey C. Kinkley, 2014-11-18 The depiction of personal and collective suffering in modern Chinese novels differs significantly from standard Communist accounts and many Eastern and Western historical narratives Writers such as Yu Hua Su Tong Wang Anyi Mo Yan Han Shaogong Ge Fei Li Rui and Zhang Wei skew and scramble common conceptions of China s modern development deploying avant garde narrative techniques from Latin American and Euro American modernism to project a surprisingly un Chinese dystopian vision and critical view of human culture and ethics The epic narratives of modern Chinese fiction make rich use of magical realism surrealism and unusual treatments of historical time Also featuring graphic depictions of sex and violence as well as dark raunchy comedy these novels reflect China s recent history re presenting the overthrow of the monarchy in the early twentieth century and the resulting chaos of revolution and war the recurring miseries perpetrated by class warfare during the dictatorship of Mao Zedong and the social dislocations caused by China s industrialization and rise as a global power This book casts China s highbrow historical novels from the late 1980s to the first decade of the twenty first century as a distinctively Chinese contribution to the form of the global dystopian novel and consequently to global thinking about the interrelations of utopia and dystopia
