Professing Selves Afsaneh Najmabadi, 2014-03-14 Since the mid 1980s the Islamic Republic of Iran has permitted and partially subsidized sex reassignment surgery In *Professing Selves* Afsaneh Najmabadi explores the meaning of transsexuality in contemporary Iran Combining historical and ethnographic research she describes how in the postrevolutionary era the domains of law psychology and psychiatry Islamic jurisprudence and biomedicine became invested in distinguishing between the acceptable true transsexual and other categories of identification notably the true homosexual an unacceptable category of existence in Iran Najmabadi argues that this collaboration among medical authorities specialized clerics and state officials which made transsexuality a legally tolerated if not exactly celebrated category of being grew out of Iran's particular experience of Islamicized modernity Paradoxically state regulation has produced new spaces for non normative living in Iran since determining who is genuinely trans depends largely on the stories that people choose to tell on the selves that they profess
