**The Origins of Corporations** Germain Sicard, 2015-01-01 Fully modern corporations appeared in fourteenth century Toulouse much earlier than previously believed Germain Sicard proves that Europe s first corporations were fourteenth century mill companies operating in Toulouse rather than seventeenth century English and Dutch trading companies as commonly believed He shows that the corporate form derives from a unique ownership contract from Medieval Europe called *pariage* and a culture of strong property rights and municipal self governance Based on archival research Sicard s 1952 thesis has been translated into English with an introduction that places the work in the context of new institutional economics and legal theory It is an important contribution to research on the history and legal origins of the corporation

together How are you feeling today We may think of emotions as universal responses felt inside but in Between Us acclaimed psychologist Batja Mesquita asks us to reconsider them through the lens of what they do in our relationships both one on one and within larger social networks From an outside in perspective readers will understand why pride in a Dutch context does not translate well to the same emotion in North Carolina or why one's anger at a boss does not mean the same as your anger at a partner in a close relationship By looking outward at relationships at work school and home we can better judge how our emotions will be understood how they might change a situation and how they change us Brilliantly synthesizing original psychological studies and stories from peoples across time and geography Between Us skillfully argues that acknowledging differences in emotions allows us to find common ground humanizing and humbling us all for the better **Journal of the House of Representatives of the eleventh General Assembly of the State of Iowa** House of Representatives of the State of Iowa, 2021-12-17 Reprint of the original first published in 1866 *The Complete Idiot's Guide to Public Speaking* Laurie Rozakis, 1999 Stresses the value of being able to speak in public and offers advice on speech writing handling specific types of speeches preparing and rehearsing overcoming stage fright and delivering an effective speech **The Protestant Wedding Sourcebook** Sidney F. Congress, 1995 **Kimball v. Bangs, 321 MICH 394 (1948)**, 1948 51 The Bombay Law Reporter, 1904 **A Mere Kentucky of a Place** Keith Harper, 2023-08-18 As the story goes an itinerant preacher once visited the Bluegrass region and proclaimed heaven to be a mere Kentucky of a place The Commonwealth's first Baptists certainly thought so as they began settling the region a decade before statehood By 1785 a group of pioneering preachers formed the Elkhorn Association widely regarded

as the oldest Baptist association west of the Alleghenies Often portrayed in the historiography as the vanguard of a new frontier democracy the Elkhorn Association on closer inspection reveals itself to be far more complex In *A Mere Kentucky of a Place* Keith Harper argues that the association's Baptist ministers were neither full fledged frontier egalitarians nor radical religionists but simply a people in transition These ministers formed their identities in the crucible of the early national period challenged by competing impulses including their religious convictions Jeffersonian Republicanism and a rigid honor code with mixed results With a keen eye for human interest Harper brings familiar historical figures such as John Gano and Elijah Craig to life as he analyzes leadership in the Elkhorn Association during the early republic Mining the wealth of documents left by the association Harper details the self aware struggle of these leaders to achieve economic wealth status and full social and cultural acceptance demonstrating that the Elkhorn Association holds a unique place in the story of Baptists in the New Eden of Kentucky Ideal for course adoption in religious studies and students of Kentucky history this readable work is sure to become a standard source on the history of religion on the Kentucky frontier

*Visions of the Lamb of God* Andrew Scott Brake, 2019 This commentary on Revelation is for those who are looking for an easy to read biblically central and Christologically focused commentary on one of the most intriguing books of the Bible This commentary attempts to get away from the needless debate though different views are presented and focus the reader's attention on the primary focus of the book the Lamb of God The Lamb holds history in his hand by virtue of his eternal authority and his invested authority because of the blood that he spilled and his testimony Therein lies his victory and therein lies the victory for those who follow him
