Agent-Centered Morality George W. Harris,2023-04-28 What kinds of persons do we aspire to be and how do our aspirations fit with our ideas of rationality In Agent Centered Morality George Harris argues that most of us aspire to a certain sort of integrity We wish to be respectful of and sympathetic to others and to be loving parents friends and members of our communities Against a prevailing Kantian consensus Harris offers an Aristotelian view of the problems presented by practical reason problems of integrating all our concerns into a coherent meaningful life in a way that preserves our integrity The task of solving these problems is the integration test Systematically addressing the work of major Kantian thinkers Harris shows that even the most advanced contemporary versions of the Kantian view fail to integrate all of the values that correspond to what we call a moral life By demonstrating how the meaning of life and practical reason are internally related he constructs from Aristotle s thought a conceptual scheme that successfully integrates all the characteristics that make a life meaningful without jeopardizing the place of any Harris s elucidation of this approach is a major contribution to debates on human agency practical reason and morality What kinds of persons do we aspire to be and how do our aspirations fit with

Sands,2000 Since the 1980s religion has been most visible in American public life when issues of sexuality and reproduction are at stake Paradoxically however the voices that speak most loudly in the name of religion are often unschooled in religious history world religions theology or ethics As a result religion in America is misrepresented as anxiously and obsessively concerned with sex and as uniformly supporting the conservative agenda of family values This volume corrects that distortion in American public discourse Its thirteen previously unpublished articles introduce scholarly perspectives on issues including the family gay rights abortion welfare policy prostitution and assisted reproduction They richly display the complexities and conflicts that exist not only between but within America s various religious traditions for example the pro choice strain within Christian history the support of many religious denominations for gay rights and the criticism of patriarchal family structures within religious communities past and present In these essays contributors put forth views of sexual ethics that are just and compassionate respectful of cultural pluralism and attentive to democratic processes Thoroughly researched lucidly written and carefully argues this anthology will debunk the claims of the Religious Right to be the only religious word on sexuality in America *Sex, Love, and Friendship* ,2022-07-18 This collection joins together sixty essays on the philosophy of love and sex Each was presented at a meeting of The Society for the Philosophy of Sex and Love held between 1977 and 1992 and later revised for this edition Topics addressed include ethical and political issues AIDS abortion homosexual rights and pornography conceptual matters the nature essence or definition of love friendship sexual desire and perversion the study of classical and historical figures Plato Aristotle Spinoza Kant and Kierkegaard and issues in feminist theory sexual objectification the social construction of female sexuality reproductive and marital arrangements Authors include Jerome Shaffer Sandra Harding Michael Ruse Richard Mohr Russell Vannoy Claudia Card M C Dillon Gene Fendt Steven Emmanuel T F Morris Timo Airaksinen and Sylvia Walsh The editor who is the author of Pornography 1986 The Structure of Love 1990 and Sexual Investigations 1996 has also contributed six pieces and an Introduction **Eros and Ethos** Jason Stotts,2018-02-09 Sexual ethics has historically been a bleak landscape of three false alternatives resist abstain or indiscriminately indulge In Eros and Ethos philosopher Jason Stotts presents a radical new alternative in which sex is an ethically important part of a rich human life He shows how sex is a significant expression of our character because sex arises out of the deepest and most fundamental parts of who we are On his account virtue lies in proudly bringing desire in line with our flourishing so that we can create rich and meaningful lives

Unimagined Community Robert Thornton,2008-09-02 This groundbreaking work with its unique anthropological approach sheds new light on a central conundrum surrounding AIDS in Africa Robert J Thornton explores why HIV prevalence fell during the 1990s in Uganda despite that country s having one of Africa s highest fertility rates while during the same period HIV prevalence rose in South Africa the country with Africa s lowest fertility rate Thornton finds that

culturally and socially determined differences in the structure of sexual networks rather than changes in individual behavior were responsible for these radical differences in HIV prevalence Incorporating such factors as property mobility social status and political authority into our understanding of AIDS transmission Thornton s analysis also suggests new avenues for fighting the disease worldwide *Family Communication* Kathleen M.
