## **Sharing The Land Of Canaan Human Rights And The Israeli Palestinian Struggle:**

**Sharing The Land Of Canaan** Mazin B. Qumsiyeh, 2004-06-20 Examines human rights issues in the Occupied Territories and lays out plans for a lasting peace

**Sharing the Land of Canaan** Mazin B. Qumsiyeh, 2004-06-20 There is no more compelling and dramatic unfolding story with more profound international ramifications than the conflict in the Middle East Sharing the Land of Canaan is a critical examination of the core issues of the conflict that dares to put forward a radical but logical solution that a shared state is the best way to achieve justice and peace for Israelis and Palestinians Mazin B Qumsiyeh offers an overview of the issues at stake and outlines his vision for a lasting peace based on upholding the principles of human rights for all Tackling taboo subjects myths and obstacles he argues convincingly that apartheid in the form of a two state solution is no longer a feasible way to achieve enduring peace At this critical time when the road map to peace looks more uncertain than ever this book provides a refreshing counterpoint to the failed strategies of the past It is a direct and accessible account of the history and mythology of the fabled Land of Canaan which lays out hopeful ideas for the future of this truly multiethnic and multicultural region

**Resolving the Israeli-Palestinian Conflict** Moises F. Salinas, Hazza Abu Rabia, 2009 Collection of papers and keynote presentations that were delivered at a conference called Pathways to Peace which was held in March of 2008

**Stone Men** Andrew Ross, 2021-04-06 Winner of the 2019 Palestine Book Awards They demolish our houses while we build theirs This is how a Palestinian stonemason in line at a checkpoint outside a Jerusalem suburb described his life to Andrew Ross Palestinian stone men using some of the best quality limestone deposits in the world and drawing on generations of artisanal knowledge have built almost every state in the Middle East except one of their own Today the business of quarrying cutting fabricating and dressing is the Occupied Territories largest private employer and generator of revenue and supplies the construction industry in Israel along with other countries in the region and overseas Ross s engrossing surprising and gracefully written story of this fascinating ancient trade shows how the stones of historic Palestine and Palestinian labor have been used to build the state of Israel in the process constructing facts on the ground even while the industry is central to Palestinians own efforts to erect bulwarks against the Occupation For more than a century the hands that built Israel s houses schools offices bridges and even its separation barriers have been Palestinian Looking at the Palestinian Israeli conflict in a new light this book largely based on field interviews in the region asks how this record of labor and achievement can and should be recognized

**The One-State Solution** Virginia Tilley, 2010-02-24 A clear trenchant book on a topic of enormous importance Overall this is a courageous plunge into boiling waters If it helps propel forward a debate that has hardly begun in this country it will have performed a signal scholarly and political function Tony Judt New York University a pioneering text A s such it will take pride of place in a brewing debate Gary Sussman Tel Aviv University The One State Solution demonstrates that Israeli settlements have already encroached on the occupied territory of the West Bank and Gaza Strip to the extent that any Palestinian state in those areas is unviable It

reveals the irreversible impact of Israel's settlement grid by summarizing its physical demographic financial and political dimensions Virginia Tilley explains why we should assume that this grid will not be withdrawn or its expansion reversed by reviewing the role of the key political actors the Israeli government the United States the Arab states and the European Union Finally the book addresses the daunting obstacles to a one state solution including major revision of the Zionist dream but also Palestinian and other regional resistance and offers some ideas about how those obstacles might be addressed Virginia Tilley is Chief Research Specialist in the Democracy and Governance Division of the Human Research Council in Cape Town South Africa

*Future of the Prophetic* Marc. H. Ellis, 2014-05-01 *Future of the Prophetic* argues that in the persistence of the prophetic the legacy of the ancient Jewish world spread beyond the boundaries of the Jewish community and took root throughout the world As a way of wisdom and hope this dual rooting its grounding in the tradition of ancient Israel and its uncontained itinerancy unveils a startling but promising new context a re presentation of the prophetic from outside the Jewish world to the Jewish community The new situation of contemporary prophetic challenges the fixed religious landscape by reversing traditional boundaries eschewing power and privilege and brokering peace through solidarity and common struggle in ecumenical and interfaith contexts

*The Failure of the Two-State Solution* Hani Faris, 2013-09-16 Diplomats politicians and activists alike have long laboured under the assumption that a two state solution is the only path to peace between the Israelis and the Palestinians But as this conflict continues unabated and violence and instability deepen it seems that the ideal of two states coexisting alongside each other and the ever elusive goal of peace slip further from reach *The Failure of the Two State Solution* examines the impasse in the Israel Palestine conflict exploring the reasons behind the breakdown of attempts to establish a meaningful Palestinian state This book therefore points to another until recently unthinkable option a single bi national state in Israel Palestine with all inhabitants sharing in equal rights and citizenship regardless of ethnicity or faith Hani A Faris has drawn together a wide ranging and in depth analysis of the historical and current situation in Israel Palestine By analysing the history of the conflict in Israel Palestine and its numerous peace initiatives this book demonstrates how the current deadlock has been reached With a nascent Palestinian state hampered by Israeli security policy and internal political divisions and the continuing expansion of the Israeli settlements in the West Bank it is argued here that the viability of the two state solution seems to have run its course And so highlights the one state solution as an option and debates and develops the organisational steps and strategies on a local and international level that would enable the construction of a bi national state With scholars from the US Europe the Arab world and Israel analysing the possibility of a one state solution and the shortcomings of the two state track this is an important and ground breaking book for students of Politics International Relations Peace Studies and Middle East Studies and all interested in the resolution of this seemingly intractable conflict

***The ^AOxford Handbook of Music and World Christianities*** Suzel Ana Reily, Jonathan M. Dueck, 2016-03-25 *The Oxford Handbook of Music and World Christianities* investigates music's role in

everyday practice and social history across the diversity of Christian religions and practices around the globe The volume explores Christian communities in the Americas Europe Africa Asia and Australia as sites of transmission transformation and creation of deeply diverse musical traditions

**Israeli Exceptionalism** M. Alam, 2009-11-09 This book discusses the small band of European Zionists who entered the world stage in late 19th century determined to create a Jewish state and considers how at that time in Europe Jewish Gentile frictions were local problems whilst today in Israel they have come to form the pivot of global conflict

**Conflict Transformation and the Palestinians** Alpaslan Ozerdem, Chuck Thiessen, Mufid Qassoum, 2016-12-01 This book explores the challenges of transforming the violent conflict between the State of Israel and the Palestinians into just peace There are many challenges involved in the bottom up transformation of the violent structures that sustain the State of Israel's occupation of Palestinian territory This book examines these structures as it assesses the actors and strategies that are contributing to the termination of cycles of violence and oppression Consisting of contributions from both peace practitioners and academics who have conducted research within Israel and the occupied territory the volume utilises a multidisciplinary perspective to examine promising strategies for conflict transformation in Israel and the occupied Palestinian territory Moreover it spells out the types of nonviolent strategy that are being used to expose and undermine occupation structures and surveys the manner in which a variety of key actors are working towards the transformation of the ongoing conflict As a whole the volume presents a proposal for the transformation of the conflict between Palestinians and the State of Israel that embraces the constructive potential of conflict engages with power asymmetry and pushes for justice and accountability This book will be of much interest to students of conflict resolution peace studies Middle Eastern studies the Arab Israeli conflict and IR in general

**After Zionism** Antony Loewenstein, Ahmed Moor, 2024-01-18 Nothing will change until we are capable of imagining a radically different future Naomi Klein After Zionism brings together some of the world's leading thinkers on the Middle East question In thought provoking essays the contributors dissect the century long conflict between Zionism and the Palestinians and explore possible forms of a one state solution in the most conflicted part of the world Time has run out for the two state solution because of the unending and permanent Israeli colonisation of Palestinian land The Hamas attacks of 7 October 2023 and Israel's subsequent devastation of Gaza have given renewed urgency to the discussion of how to move towards a future that honours the rights of all who live in Palestine and Israel This timely edition includes a new preface as well as challenging and insightful essays by Omar Barghouti Jonathan Cook Joseph Dana Jeremiah Haber Jeff Halper Ghada Karmi Saree Makdisi John Mearsheimer Ilan Pappé Sara Roy and Phil Weiss

**Refugees of the Revolution** Diana Allan, 2023-05-25 This carefully crafted ethnography of a Palestinian refugee camp in Beirut reframes the relationship between home and homeland Journal of Palestinian Studies More than half a century after 750 000 Palestinians fled or were expelled from their homeland the popular conception of Palestinian refugees still emphasizes a way of life that ended abruptly with the catastrophe of 1948

And their camps inhabited now for four generations are seen as mere zones of waiting But what would it mean for the generations born in exile to return to a place they never left Diana Allan addresses this question in her provocative examination of everyday life in Shatila a refugee camp in Beirut Challenging common assumptions about Palestinian identity and nationalist politics Diana Allan provides an immersive account of camp experience tracking how residents relate across generations cope with poverty and marginalization and plan for the future In so doing she reveals how refugees are pushing back against identities rooted in a purely nationalist discourse and forging a distinct Palestinian identity in the crucible of local pressures This groundbreaking book offers a richly nuanced account of Palestinian exile and presents new possibilities for the future of the community

Unfree in Palestine Nadia Abu-Zahra, Adah Kay, 2012-11-09 This book reveals the role played by identity documents in Israel's apartheid policies towards the Palestinians from the red passes of the 1950s to the orange green and blue passes of today The authors chronicle how millions of Palestinians have been denationalised through the bureaucratic tools of census population registration blacklisting and a discriminatory legal framework They show how identity documents are used by Israel as a means of coercion extortion humiliation and informant recruitment Movement restrictions tied to IDs and population registers threaten Palestinian livelihoods freedom of movement and access to basic services such as health and education Unfree in Palestine is a masterful expose of the web of bureaucracy used by Israel to deprive the Palestinians of basic rights and freedoms and calls for international justice and inclusive security in place of discrimination and division

Like Birds in a Cage David M. Crump, 2021-10-28 When Christians collude in crimes against humanity they betray their citizenship in the kingdom of God demonstrating that Christ's Lordship does not rule over every area of their lives The popular ideology known as Christian Zionism is a prime enabler of such widespread discipleship failure in western Christianity As the state of Israel continues to violate international law with colonial settlement in lands captured by warfare legalized racial discrimination and the creation of what many have called the world's largest open air prison in Gaza Christian Zionists continue their unqualified support for Zionist Israel Though Israel advertises itself as the only democracy in the Middle East it is actually a rigid ethocracy its entire society built on the foundations of Jewish supremacy over a Palestinian underclass History will eventually judge Christian Zionist support for Israel's crimes against the Palestinians in the same way people of conscience now condemn the Christian church in the American South for its defense of slavery and hostility towards the civil rights movement Just as the Southern Baptist church finally repudiated its pro slavery past so everyone genuinely devoted to Jesus Christ must repudiate both the ideology and the legacy of Christian Zionism

*Middle East Conflicts from Ancient Egypt to the 21st Century* Spencer C. Tucker, 2019-08-27 With more than 1 100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the

Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars **Palestine and the Palestinians** Samih K.

Farsoun,2018-05-04 Palestine and the Palestinians is a sweeping social economic ideological and political history of the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated including entirely new chapters on the most current issues confronting Palestine today including Palestinians in Israel the Oslo Accords and the Second Intifada Palestinian refugees and the right to return Jerusalem the diplomatic peace process and two state single state solutions *Atrocities, Massacres, and War Crimes* Alexander Mikaberidze,2013-06-25 Both concise and wide

ranging this encyclopedia covers massacres atrocities war crimes and genocides including acts of inhumanity on all continents and serves as a reminder that lest we forget history will repeat itself The 400 plus entries in *Atrocities Massacres and War Crimes An Encyclopedia* provide accessible and concise information on the difficult subject of abject human violence committed on all continents The entries in this two volume work describe atrocities massacres and war crimes committed in the 20th century thereby documenting how human beings have repeatedly proven their capability to commit horrific acts of inhumanity even in relatively recent times and within the modern era The encyclopedia covers countries treaties and terms profiles individuals who had been formally indicted for war crimes as well as those who have committed mass atrocities and gone unpunished and addresses human rights violations crimes against humanity and crimes against peace **Married to**

**Another Man** Ghada Karmi,2007-05-20 Two rabbis visiting Palestine in 1897 observed that the land was like a bride beautiful but married to another man By which they meant that if a place was to be found for Israel in Palestine where would the people of Palestine go This is a dilemma that Israel has never been able to resolve No conflict today is more dangerous than that between Israel and the Palestinians The implications it has for regional and global security cannot be overstated The peace process as we know it is dead and no solution is in sight Nor as this book argues will that change until everyone involved in finding a solution accepts the real causes of conflict and its consequences on the ground Leading writer Ghada Karmi explains in fascinating detail the difficulties Israel s existence created for the Arab world and why the search for a solution has been so elusive Ultimately she argues that the conflict will end only once the needs of both Arabs and Israelis

are accommodated equally Her startling conclusions overturn conventional thinking but they are hard to refute **Biblical Figures in Israel's Colonial Political Theology** Silvana Rabinovich, 2022-06-08 This book reveals and counteracts the misuse of biblical texts and figures in political theology in an attempt to decolonialize the reading of the Old Testament In the framework of Critical Theory the book questions readings that inform the State of Israel's military apparatus It embraces Martin Buber's pacifist vision and Edward Said's perspective on Orientalism influenced by critical authors such as Amnon Raz Krakotzkin Ilan Papp Shlomo Sand Idith Zertal and Enrique Dussel's *Decolonizing the Study of Palestine* Ahmad H. Sa'di, Nur Masalha, 2023-06-15 Writing about Palestine and the Palestinians continue to be controversial Until the late 1980s the question of Palestine was approached through Western social theories that had appeared after World War 2 This endowed European settlers and colonists the mission of guiding the backward natives of Palestine to modernity However since the work of Palestinian scholar Elia Zureik the study of Israel and the ethnic relations in Palestine Israel has been radically shifted Building on Zureik's work this book studies the colonial project in Palestine and how it has transformed Palestinians' lives Zureik had argued that Israel was the product of a colonization process and so should be studied through the same concepts and theorization as South Africa Rhodesia Australia and other colonial societies He also rejected the moral and civilizational superiority of the European settlers Developing this work the contributors here argue that colonialism is not only a political economic system but also a mode of life and consciousness which has far reaching consequences for both the settlers and the indigenous population Across 13 chapters in addition to the introduction and the afterward the book covers topics such as settler colonialism dispossession the separation wall surveillance technologies decolonisation methodologies and popular resistance Composed mostly of Palestinian scholars and scholars of Palestinian heritage it is the first book in which the indigenous Palestinians not merely write back but principally aim to lay the foundations for decolonial social science research on Palestine
