

SHATTERED PEACE

ROBERT WOLFF

Shattered Peace

Fraser J. Harbutt

Shattered Peace:

The Impossible Peace Anne Deighton, 1993-02-11 A new interpretation of the British government's policy towards Germany in the years immediately after 1945 and a reassessment of the part this policy played in the development of the Cold War

Shattered peace Daniel Yergin, 1978

America's Entangling Alliances Jason W. Davidson, 2020-11-02 America's Entangling Alliances challenges the belief that the US resists international alliances By documenting thirty four alliances categorized as defense pacts military coalitions or security partnerships Davidson finds that the US demand for allies is best explained by looking at variance in its relative power and the threats it has faced

A Shattered Peace David A. Andelman, 2009-07-08 Advance Praise for A Shattered Peace The peace settlements that followed World War I have recently come back into focus as one of the dominant factors shaping the modern world The Balkans the Middle East Iraq Turkey and parts of Africa all owe their present day problems in part to these negotiations David Andelman brings it all back to life the lofty ideals the ugly compromises the larger than life personalities who came to Paris in 1919 And he links that far away diplomatic dance to present day problems to illuminate our troubled times A tremendous addition to this vitally important subject Ambassador Richard Holbrooke The peace conference in Paris at the end of World War I was the first and last moment of pure hope for peace in the history of world affairs Our president Woodrow Wilson was the sorcerer for this hope and he kindled great expectations in people everywhere David Andelman a classic reporter and storyteller tells this fascinating tale of hope falling finally and forever on the shoals of naivete and hard headed cynicism Leslie H Gelb former columnist for the New York Times and President Emeritus of the Council on Foreign Relations The failed peace settlement following the Great War of 1914 1918 has been the subject of many fine books In many respects David Andelman's A Shattered Peace is the best of these It is compact and compellingly written Moreover it explains more clearly than any other work how the failure of peacemaking in 1919 shaped later history and indeed shapes our own era Ernest R May Charles Warren Professor of American History Harvard University It is the power and fascination of David Andelman's new book A Shattered Peace that he shows us with the clarity of a first rate reporter and the drama and detail at the command of a first rate novelist that we are all still enmeshed in the loose ends of the Treaty of Versailles Andelman brings us to Korea to Vietnam to the Persian Gulf and to Iraq in our own vexed era His story is alive with color conflict and interesting people We could not find a better guide to this time Richard Snow Editor in Chief American Heritage

[Bulletin of the Atomic Scientists](#), 1977-12 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

[Acheson](#) James Chace, 2008-06-30 The highly acclaimed biography of one of the most important and controversial Secretaries of State of the twentieth century this is an intimate portrait of the quintessential man of action who was vilified by the McCarthyites for being soft on communism yet set in place the strategies

and policies that won the Cold War and brought down the USSR This is the authoritative biography of Dean Acheson the most important and controversial secretary of state of the twentieth century Drawing on Acheson family diaries and letters as well as revelations from Russian and Chinese archives historian James Chace traces Acheson s remarkable life from his days as a schoolboy at Groton and his carefree life at Yale to his work for President Franklin Roosevelt on international financial policy and his unique partnership with President Truman It is an important and dramatic work of history chronicling the momentous decisions events and fascinating personalities of the most critical decades of American history *The Peace of Illusions* Christopher Layne,2006 In a provocative book about American hegemony Christopher Layne outlines his belief that U S foreign policy has been consistent in its aims for more than sixty years and that the current Bush administration clings to mid twentieth century tactics to no good effect What should the nation s grand strategy look like for the next several decades The end of the cold war profoundly and permanently altered the international landscape yet we have seen no parallel change in the aims and shape of U S foreign policy *The Peace of Illusions* intervenes in the ongoing debate about American grand strategy and the costs and benefits of American empire Layne urges the desirability of a strategy he calls offshore balancing rather than wield power to dominate other states the U S government should engage in diplomacy to balance large states against one another The United States should intervene Layne asserts only when another state threatens regionally or locally to destroy the established balance Drawing on extensive archival research Layne traces the form and aims of U S foreign policy since 1940 examining alternatives foregone and identifying the strategic aims of different administrations His offshore balancing notion if put into practice with the goal of extending the American Century would be a sea change in current strategy Layne has much to say about present day governmental decision making which he examines from the perspectives of both international relations theory and American diplomatic history **Shattered Peace** Daniel Yergin,1977 Research into newly opened archives and private papers clarifies the circumstances decisions and official intentions that by 1947 created the Cold War and the overriding concept and demands of national security **The Iron Curtain** Fraser J. Harbutt,1988-10-13 It was forty two years ago that Winston Churchill made his famous speech in Fulton Missouri in which he popularized the phrase Iron Curtain This speech according to Fraser Harbutt set forth the basic Western ideology of the coming East West struggle It was also a calculated move within and a dramatic public definition of the Truman administration s concurrent turn from accommodation to confrontation with the Soviet Union It provoked a response from Stalin that goes far to explain the advent of the Cold War a few weeks later This book is at once a fascinating biography of Winston Churchill as the leading protagonist of an Anglo American political and military front against the Soviet Union and a penetrating re examination of diplomatic relations between the United States Great Britain and the U S S R in the postwar years Pointing out the Americocentric bias in most histories of this period Harbutt shows that the Europeans played a more significant part in precipitating the Cold War than most people realize He stresses that the same pattern of events that

earlier led America belatedly into two world wars namely the initial separation and then the sudden coming together of the European and American political arenas appeared here as well From the combination of biographical and structural approaches a new historical landscape emerges The United States appears at times to be the rather passive object of competing Soviet and British maneuvers The turning point came with the crisis of early 1946 which here receives its fullest analysis to date when the Truman administration in a systematic but carefully veiled and still widely misunderstood reorientation of policy in which Churchill figured prominently led the Soviet Union into the political confrontation that brought on the Cold War

New Directions In Economic And Security Policy Werner J. Feld, 2019-03-11 The contributors to this volume examine selected aspects of economic and foreign policy relationships between the United States and Western Europe from historical as well as contemporary perspectives Topics focused upon include the unsuccessful attempts by the Soviet Union and the Western allies in the 1950s to remedy the division of Germany the circumstances leading to the 1955 peace treaty between the Soviet Union and Austria the impact of the Marshall Plan and earlier U S aid efforts on the economic recovery of Austria and the effects of divergent public opinion in Western Europe on the formulation and implementation of contemporary U S and NATO security policies Bruno Kreisky s essay is unique inasmuch as the former chancellor of Austria bases his observations on personal contacts with many world leaders including U S presidents from Truman to Reagan The contribution by Senator Mathias offers unusual insights derived from his long tenure on the Senate Foreign Relations Committee

Dominoes and Bandwagons Robert Jervis, Jack Snyder, 1991-05-02 Fearing the loss of Korea and Vietnam would touch off a chain reaction of other countries turning communist the United States fought two major wars in the hinterlands of Asia What accounts for such exaggerated alarm and what were its consequences Is a fear of the domino effect permanently rooted in the American strategic psyche or has the United States now adopted a less alarmist approach The essays in this book address these questions by examining domino thinking in United States and Soviet Cold War strategy and in earlier historic settings Combining theory and history in analyzing issues relevant to current public policy *Dominoes and Bandwagons* examines the extent to which domino fears were a rational response a psychological reaction or a tactic in domestic politics

My Song is My Weapon Robbie Lieberman, 1989 In the late 1940s a left wing organization called People s Songs used their music as a battle cry for civil rights civil liberties and world peace They were inspired by Woody Guthrie led by Pete Seeger and sponsored by Aaron Copland Leonard Bernstein Oscar Hammerstein II and Paul Robeson among others Many members of the group were involved in musical and political activities that spanned twenty years and encompassed sweeping changes in the American political arena Jacket

Freedom's War Scott Lucas, 1999 **Driven Patriot** Townsend Hoopes, Douglas Brinkley, 2012-04-15 A haunting portrait of one of the most fascinating and influential figures of the mid twentieth century this biography takes a penetrating look at James Forrestal s life and work Brilliant ambitious glamorous yet a perpetual outsider Forrestal forged a career that took him from his working class origins to the

social and financial stratosphere of Wall Street and from there to policy making in Washington As secretary of the navy during World War II he was the principal architect in transforming an obsolescent navy into the largest most formidable naval force in history After the war as the nation s first secretary of defense he played a major role in shaping the anti Communist consensus that sustained the U S policy of containment during the Cold War Despite his many achievements Forrestal s life ended in tragedy with his suicide in 1949 This absorbing study not only takes an understanding look at the many sided man but presents an authoritative history of the great but troubled years of America s rise to world primacy Winner of the 1992 Roosevelt Naval History Prize the book enjoyed wide acclaim when first published and is now considered a definitive work

The Cold War Begins in Asia Marc S. Gallicchio,1988 The summation of more than two thousand years of one of the world s most august literary traditions this volume also represents the achievements of four hundred years of Western scholarship on China The selections include poetry drama fiction songs biographies and works of early Chinese philosophy and history rendered in English by the most renowned translators of classical Chinese literature Arthur Waley Ezra Pound David Hawkes James Legge Burton Watson Stephen Owen Cyril Birch A C Graham Witter Bynner Kenneth Rexroth and others Arranged chronologically and by genre each chapter is introduced by definitive quotes and brief introductions chosen from classic Western sinological treatises Beginning with discussions of the origins of the Chinese writing system and selections from the earliest genre of Chinese literature the Oracle Bone inscriptions the book then proceeds with selections from early myths and legends the earliest anthology of Chinese poetry the Book of Songs early narrative and philosophy including the I Ching Tao te Ching and the Analects of Confucius rhapsodies historical writings magical biographies ballads poetry and miscellaneous prose from the Han and Six Dynasties period the court poetry of the Southern Dynasties the finest gems of Tang poetry and lyrics stories and tales of the Sui Tang and Five Dynasties eras Special highlights include individual chapters covering each of the luminaries of Tang poetry Wang Wei Li Bo Du Fu and Bo Juyi early literary criticism women poets from the first to the tenth century C E and the poetry of Zen and the Tao Bibliographies explanatory notes copious illustrations a chronology of major dynasties and two way romanization tables coordinating the Wade Giles and pinyin transliteration systems provide helpful tools to aid students teachers and general readers in exploring this rich tradition of world literature

House of War James Carroll,2007-06 An analysis of the Pentagon the military and their vast frequently hidden influence on American life argues that the Pentagon has since its inception operated beyond the control of any force in government or society

A Constructed Peace Marc Trachtenberg,2020-06-16 People still think of the Cold War as a simple two sided conflict a kind of gigantic arm wrestle on a global scale writes Marc Trachtenberg but this view fails to grasp the essence of what was really going on America and Russia were both willing to live with the status quo in Europe What then could have generated the kind of conflict that might have led to a nuclear holocaust This is the great puzzle of the Cold War and in this book the product of nearly twenty years of

work Trachtenberg tries to solve it The answer he says has to do with the German question especially with the German nuclear question These issues lay at the heart of the Cold War and a relatively stable peace took shape only when they were resolved The book develops this argument by telling a story a complex story involving many issues of detail but focusing always on the central question of how a stable international system came into being during the Cold War period A Constructed Peace will be of interest not just to students of the Cold War but to people concerned with the problem of war and peace and in particular with the question of how a stable international order can be constructed even in our own day

Axis Powers A.J. Unfinished Business Haruo Iguchi, 2020-03-23 Ayukawa Yoshisuke 1880-1967 was the founder of the Nissan conglomerate and the leader of the Manchuria Industrial Development Corporation one of the linchpins of Imperial Japan's efforts to economically exploit its overseas dependencies Despite his close association with the Japanese government from the 1920s to the 1950s Ayukawa was a proponent of free trade and global economic interdependence He sought to lessen state control of Japan's economy by trying to attract foreign especially American capital and technology in the years surrounding World War II In the postwar era in particular Ayukawa actively pushed the growth of small and medium sized firms yet his efforts were ultimately unsuccessful In Unfinished Business through exploring the reasons for Ayukawa's failure Haruo Iguchi illuminates many of the economic problems of today's Japan

The Strangest Dream Robbie Lieberman, 2010-07-01 originally published by Syracuse University Press May 2000 Drawing on extensive archival material and oral history Robbie Lieberman illustrates how grassroots peace activism in the United States became associated with Communist subversion after World War II This association gave proponents of the Cold War a powerful weapon with which to try to silence the opposition This weapon anti communism was extremely effective until the early 1960s and its effects linger even today The persecution of peace activists as subversives dates back to the colonial era but the specific link between communism and peace developed out of the unique conditions of the Cold War Communist agitation for peace American notions of national security and freedom that rested on containing communism at all costs Not until peace organizations challenged external and internal anti Communist attacks were they able to achieve a new level of respectability The end of the Cold War enabled scholars to take a fresh look at the peace movement in the early part of that era and how it was affected by fears about communism whether imagined or real With this book Lieberman seeks to clarify American attitudes about peace and the fate of the peace movement in ways that previous studies have overlooked or avoided

Unveiling the Energy of Verbal Beauty: An Mental Sojourn through **Shattered Peace**

In some sort of inundated with displays and the cacophony of fast connection, the profound power and psychological resonance of verbal beauty frequently fade into obscurity, eclipsed by the constant onslaught of sound and distractions.
