Shazka O Glupom Myshonke:

Russian Children's Literature and Culture Marina Balina, Larissa Rudova, 2013-02-01 Soviet literature in general and Soviet children's literature in particular have often been labeled by Western and post Soviet Russian scholars and critics as propaganda. Below the surface however Soviet children's literature and culture allowed its creators greater experimental and creative freedom than did the socialist realist culture for adults. This volume explores the importance of children's culture from literature to comics to theater to film in the formation of Soviet social identity and in connection with broader Russian culture history and society.

The History of Russian Literature on Film Marina Korneeva, David Gillespie, 2023-12-28 Unlike most previous studies of literature and film which tend to privilege particular authors, texts or literary periods, David Gillespie and Marina Korneeva consider the multiple functions of filmed Russian literature as a cinematic subject in its own right, one reflecting the specific political and aesthetic priorities of different national and historical cinemas. In this first and only comprehensive study of cinema's various engagements of Russian literature focusing on the large period 1895-2015, *The History of Russian Literature on Film* highlights the ways these adaptations emerged from and continue to shape the social, artistic and commercial aspects of film history.

Dmitri Shostakovich John Riley, 2004-11-26 Of all the major Soviet composers who worked in the cinema, the most prominent was Dmitri Shostakovich, who in addition to over a hundred works for the stage and concert hall wrote scores for almost forty films. Yet despite his reputation, this work when not completely overlooked has been poorly judged by the same criteria as his other music. Likewise while much attention has been paid to Soviet film, the crucial role played by the scores is all too often forgotten. This is the first book in English to look at Shostakovich's cinema career, discussing every film he scored, looking at the films themselves, tracing their relationship to the changing concerns and policies of the Soviet state and examining how the music works in context. John Riley also gives a fascinating account of the composer's life. This highly readable book will be welcomed equally by devotees of the composer, those interested in Soviet culture and cinema and general film music enthusiasts.

Historical Dictionary of Russian and Soviet Cinema Peter Rollberg, 2016-07-20 Russian and Soviet cinema occupies a unique place in the history of world cinema. Legendary filmmakers such as Sergei Eisenstein, Vsevolod Pudovkin, Dziga Vertov, Andrei Tarkovsky and Sergei Paradjanov have created oeuvres that are being screened and studied all over the world. The Soviet film industry was different from others because its main criterion of success was not profit but the ideological and aesthetic effect on the viewer. Another important feature is Soviet cinema's multinational Eurasian character while Russian cinema was the largest, other national cinemas such as Georgian, Kazakh and Ukrainian played a decisive role for Soviet cinema as a whole. *The Historical Dictionary of Russian and Soviet Cinema* provides a rich tapestry of factual information together with detailed critical assessments of individual artistic accomplishments. This second edition of *Historical Dictionary of Russian and Soviet Cinema* contains a chronology, an introduction and a bibliography. The dictionary section has over 600 cross-referenced entries on
