How much of this is real or just an illusion based on a lot of information passed on from generation to generation, culture to culture, religion to religion, person to person, books to books, etc. To find real love, everlasting life and happiness, you have to clear the memory banks with the corrupted information and reprogram with the good. The book provides a new outlook to the world created in your mind. Each person is programmed from birth in the person they grow up to be. For example, if your Mother was a depressed, overweight person, chances are that you also be programmed to be depressed and overweight. To live a long, rich, rewarding life, you need to reprogram your mind to take control of your life. To have a long, rich and rewarding life, you need to look outside the box and look at the world for what it really is. You personally have control over what you want it to be.

Fifty More Sonnets on Love, Life, Death, Rebirth, Honor, Humor and MORE Larry Lynn, 2010-11-10 This collection represents efforts to persuade any reader that the sonnet does not have to be a form impossible to emulate nor too difficult to understand It should be looked upon as a challenge to fit a universe of emotions into a particular framework simple in its limitations but as complex in its potential as the great writers before had made them through the brilliance of their individual genius Themes are as different as the experiences of the writer from day to day from birth to death and all the time in between The language need not be lofty nor does it need to reach down to the vulgar It can borrow from the past and delve into that of the future It can keep the rhyme schemes of those who made them famous or it may create new ones for any reason or none at all If sonnets are not worth reading they would never have been made
