Ludwig Wittgenstein An Introduction To His Philosophy:

Ludwig Wittgenstein Cornelis Anthonie van Peursen,1969 Ludwig Wittgenstein Cornelis Anthonie van Peursen, Wittgenstein A. C. Grayling,2001-02-22 Ludwig Wittgenstein 1889 1951 was an extraordinarily original philosopher whose influence on twentieth century thinking goes well beyond philosophy itself In this book which aims to make Wittgenstein s thought accessible to the general non specialist reader A C Grayling explains the nature and impact of Wittgenstein s views He describes both his early and later philosophy the differences and connections between them and gives a fresh assessment of Wittgenstein s continuing influence on contemporary thought ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Tractatus Logico-Philosophicus (The original 1922 edition with an introduction by Bertram Russell)** Ludwig Wittgenstein,2023-12-29 Ludwig Wittgenstein s Tractatus Logico Philosophicus is a groundbreaking work that delves into the realms of logic language and philosophy Originally published in 1922 this book presents Wittgenstein s unique ideas in a concise and cryptic style reflecting his belief that some of the deepest truths can only be expressed in a seemingly paradoxical form The Tractatus is structured in numbered propositions each building upon the last to form a complex web of philosophical thought This work is considered a foundational text in the realm of logical positivism and has had a lasting impact on the fields of logic and language philosophy The introduction by Bertram Russell provides valuable insights into the context and significance of Wittgenstein s work making this edition a must have for anyone interested in analytical philosophy Ludwig Wittgenstein Cornelis Anthonie van Peursen,1969 *Wittgenstein's Conception of Philosophy* K. T. Fann,2015-09-04 WITTGENSTEIN'S CONCEPTION OF PHILOSOPHY was first published in 1969 by Basil Blackwell Publishers the official publisher of Wittgensteins works It was intended to be a clear and concise introduction to Wittgensteins whole philosophy that corrects many basic misunderstandings of Wittgenstein at the time After all these years many scholars still regard it as the best introduction to Wittgenstein We are reprinting this book and making it available electronically In addition we are appending here the authors last words on Wittgenstein BEYOND MARX AND WITTGENSTEIN A Confession of a Wittgensteinian Marxist Turned Taoist a talk given in an international symposium on Marx and Wittgenstein held at Trinity College Cambridge UK in 1999 and later published as the concluding chapter of the book MARX AND WITTGENSTEIN KNOWLEDGE MORALITY AND POLITICS edited by Gavin Kitchen and Nigel Pleasants published by Routledge 2002 Ludwig Wittgenstein Cornelis Anthonie Van Peursen,1969 *Starting with Wittgenstein* Chon Tejedor,2011-01-27 Ludwig Wittgenstein was arguably the most important and influential philosopher of the twentieth century Covering all the key concepts of his work Starting with Wittgenstein provides an accessible introduction to the ideas of this hugely significant thinker Thematically structured the

book leads the reader through a thorough overview of the development of Wittgenstein's thought resulting in a more comprehensive understanding of the roots of his philosophical concerns. Offering coverage of the full range of Wittgenstein's earlier and later work, the book emphasizes the relationship between his treatment of language and his treatment of the other major questions in philosophy. Crucially, the book introduces the major thinkers whose work proved influential in the development of Wittgenstein's thought, including Frege, Russell, and Schopenhauer. This is the ideal introduction for anyone coming to the work of this challenging thinker for the first time.

Wittgenstein's Tractatus Alfred Nordmann, 2005-08-25

Ludwig Wittgenstein's *Tractatus Logico-Philosophicus* is one of the most important books of the twentieth century. It influenced philosophers and artists alike and it continues to fascinate readers today. It offers rigorous arguments but clothes them in enigmatic pronouncements. Wittgenstein himself said that his book is strictly philosophical and simultaneously literary and yet there is no blathering in it. This introduction, first published in 2005, considers both the philosophical and the literary aspects of the *Tractatus* and shows how they are related. It also shows how the work fits into Wittgenstein's philosophical development and the tradition of analytic philosophy, arguing strongly for the vigour and significance of that tradition.

Wittgenstein Joachim Schulte, 1992-08-25

Joachim Schulte's introduction provides a distinctive and masterful account of the full range of Wittgenstein's thought. It is concise but not compressed, substantive but not overloaded with developmental or technical detail, informed by the latest scholarship but not pedantic. Beginners will find it accessible and seasoned students of Wittgenstein will appreciate it for the illuminating overview it provides.

Ludwig Wittgenstein's Philosophical Investigations Joseph Agassi, 2018-11-23

This book collects 13 papers that explore Wittgenstein's philosophy throughout the different stages of his career. The author writes from the viewpoint of critical rationalism. The tone of his analysis is friendly and appreciative yet critical. Of these papers, seven are on the background to the philosophy of Wittgenstein. Five papers examine different aspects of it: one on the philosophy of young Wittgenstein, one on his transitional period, and the final three on the philosophy of mature Wittgenstein, chiefly his *Philosophical Investigations*. The last of these papers, which serves as the concluding chapter, concerns the analytical school of philosophy that grew chiefly under its influence. Wittgenstein's posthumous *Philosophical Investigations* ignores formal languages while retaining the view of metaphysics as meaningless, declaring that all languages are metaphysics-free. It was very popular in the middle of the twentieth century. Now it is past. Wittgenstein had hoped to dissolve all philosophical disputes, yet he generated a new kind of dispute. His claim to have improved the philosophy of life is awkward just because he prevented philosophical discussion from the ability to achieve that he cut the branch on which he was sitting. This, according to the author, is the most serious critique of Wittgenstein.

Ludwig Wittgenstein, an Introduction to His Philosophy, Translated from Til Dutch by Rex Ambler C.A. van Peursen, 1969

Words and Deeds Stephen Loxton, 2018-11-23

This book offers an introduction to the thought of Ludwig Wittgenstein, 1889-1951. Wittgenstein's life in its earlier and later phases is considered in chapters that

interleave the reviews of the philosophy of language Wittgenstein set out in *Tractatus Logico Philosophicus* 1921 and *Philosophical Investigations* 1953 The issues of difference and continuity between these two works is given much consideration Later chapters consider Wittgenstein's approach to philosophy and to thinking about religion and ethics Along the way key ideas on philosophy and relevant lines of argument that contribute to Wittgenstein's intellectual development are explained For this revised edition the author has updated and extended the index cleaned up some errant typos in the manuscript and made a few refinements to the text Stephen Loxton worked in the UK for some 40 years in various roles in education until retiring in 2019 and relocating to Lusaka Zambia where his wife works for the Common Market for Eastern and Southern Africa He continues to read research and write and has recently completed a study of Nietzsche and his *On the Genealogy of Morals* Nietzsche and the Old Flame and a study of Charles Taylor's *The Ethics of Authenticity* is forthcoming

Ludwig Wittgenstein Ludwig Wittgenstein, 2003-05-19 In the safety of his manuscripts Ludwig Wittgenstein was free to endlessly revise rework and reframe his philosophical thoughts Thus his published work yields a glimpse of just a small portion of Wittgenstein's philosophical thought the portion that eventually appeared in print Yet for Wittgenstein philosophy was an on going activity a process Only in his dialog with the philosophical community and in his private moments does Wittgenstein's philosophical practice fully come to light Those public and private occasions are collected here In *Private Occasions* co editor Alfred Nordmann presents Wittgenstein's diaries from the 1930s to an English audience for the first time They are accompanied by Wittgenstein's letters to and from friend Ludwig H nsel Together they reveal a great deal about Wittgenstein who himself says The movement of thought in my philosophizing should be discernible also in the history of my mind In *Public Occasions* James Klagge collects Wittgenstein's papers and speeches some newly published from a number of forums including his lectures at Cambridge and his involvement with the Cambridge Moral Science Club Much of Wittgenstein's philosophical work came through or in the form of dialogs making these public encounters particularly valuable The result of this collaboration Ludwig Wittgenstein *Public and Private Occasions* is a thorough look at the philosophy of one of the 20th century's greatest thinkers that goes beyond a mere study of his published work **The to Z of Wittgenstein's Philosophy**

Duncan Richter, 2010-02-12 The *A to Z of Wittgenstein's Philosophy* is intended for anyone who wants to know more about the philosophy and the life of this enigmatic thinker The book contains an introductory overview of his life and work a timeline of the major relevant events in and after his life an **A Companion to**

Wittgenstein's Philosophical Investigations Garth Hallett, 2019 One of the most impressive pieces of scholarship I have ever encountered W E Kennick Amherst College There is nothing in the literature on the *Philosophical Investigations* comparable to this learned and exhaustive commentary Offering both information and interpretation it is a remarkable book that fills a recognized need for a close study of one of the world's major works of philosophy After a general introduction Father Hallett divides the text of the *Investigations* into forty one units and then provides an introduction to each section

along with detailed comments on individual paragraphs statements and expressions His use of paragraph numbers in the general introduction and in the sectional introductions permits ready reference downward for detailed development or illustration of a general observation or upward from a particular passage to its wider context To clarify the philosophical point of Wittgenstein s remarks Father Hallett makes frequent references to other parts of the Investigations to Wittgenstein s other writings both published and unpublished and to the works which Wittgenstein knew and often had in mind such as those of Frege Russell Moore James Augustine Plato Schlick and Kohler Father Hallett also cites and quotes secondary sources and he includes an appendix relating Wittgenstein to more than 150 authors particularly those of his own generation or earlier whom he read or knew personally and who are mentioned in this commentary Written in straightforward and lucid prose this outstanding book reveals continuities in Wittgenstein s thought over long periods of time It is an indispensable guide for those preparing courses on the Investigations and a useful tool for students taking those courses

Wittgenstein: A Guide for the Perplexed Mark Addis,2006-04-24 Presenting a commentary on the philosophy of Ludwig Wittgenstein this book offers guidance to reading Wittgenstein and a methodology for interpreting his works It covers the entirety of Wittgenstein s career examining the relationship between the early middle and later periods of his philosophy The A to Z of Wittgenstein's Philosophy Duncan Richter,2010-02-12 Ludwig Wittgenstein 1889 1951 was undoubtedly one of the most important philosophers of the 20th century and perhaps of any century He was also a fascinating charismatic and irritating man His philosophical ability was recognized almost immediately by Bertrand Russell and during his lifetime his work influenced first logical positivism and then ordinary language philosophy Since then it has also become central in post analytical philosophical thought Beyond the world of academic philosophy it has inspired playwrights poets novelists architects filmmakers and biographers The A to Z of Wittgenstein s Philosophy is intended for anyone who wants to know more about the philosophy and the life of this enigmatic thinker The book contains an introductory overview of his life and work a timeline of the major relevant events in and after his life an extensive bibliography and above all an A Z of ideas people and places that have been involved in his philosophy and its reception The dictionary is written with no particular agenda and includes entries on philosophers and others who influenced Wittgenstein those he influenced in turn and some of the main figures in contemporary Wittgenstein scholarship Suggestions for further reading are also included as well as a guide to the literature on Wittgenstein and a bibliography broken down by subject area

An Introduction to Wittgenstein's Tractatus Gertrude Elizabeth Margaret Anscombe,1959 **Tractatus**

Logico-Philosophicus Ludwig Wittgenstein,2003-09-02 Perhaps the most important work of philosophy written in the twentieth century Tractatus Logico Philosophicus was the only philosophical work that Ludwig Wittgenstein published during his lifetime Written in short carefully numbered paragraphs of extreme brilliance it captured the imagination of a generation of philosophers For Wittgenstein logic was something we use to conquer a reality which is in itself both elusive and

unobtainable He famously summarized the book in the following words What can be said at all can be said clearly and what we cannot talk about we must pass over in silence David Pears and Brian McGuinness received the highest praise for their meticulous translation The work is prefaced by Bertrand Russell s original introduction to the first English edition

Recognizing the quirk ways to get this book **Ludwig Wittgenstein An Introduction To His Philosophy** is additionally useful.
