McSweeney's Quarterly Concern Issue Five Finally:

Metamedia Alexander Starre, 2015-08-15 Does literature need the book With electronic texts and reading devices growing increasingly popular the codex is no longer the default format of fiction Yet as Alexander Starre shows in *Metamedia* American literature has rediscovered the book as an artistic medium after the first e book hype in the late 1990s By fusing narrative and design a number of bibliographic writers have created reflexive fictions metamedia that invite us to read printed formats in new ways Their work challenges ingrained theories and beliefs about literary communication and its connections to technology and materiality *Metamedia* explores the book as a medium that matters and introduces innovative critical concepts to better grasp its narrative significance Combining sustained textual analysis with impulses from the fields of book history media studies and systems theory Starre explains the aesthetics and the cultural work of complex material fictions such as Mark Z Danielewski's *House of Leaves* 2000 Chip Kidd's *The Cheese Monkeys* 2001 Salvador Plascencia's *The People of Paper* 2005 Reif Larsen's *The Selected Works of T S Spivet* 2009 and Jonathan Safran Foer's *Tree of Codes* 2010 He also broadens his analysis beyond the genre of the novel in an extensive account of the influential literary magazine *McSweeney's Quarterly Concern* and its founder Dave Eggers For this millennial generation of writers and publishers the computer was never a threat to print culture but a powerful tool to make better books In careful close readings Starre puts typefaces layouts and cover designs on the map of literary criticism At the same time the book steers clear of bibliophile nostalgia and technological euphoria as it follows writers designers and publishers in the process of shaping the surprising history of literary bookmaking after digitization

Making Literature Now Amy Hungerford, 2016-08-03 How does new writing emerge and find readers today Why does one writer's work become famous while another's remains invisible *Making Literature Now* tells the stories of the creators editors readers and critics who make their living by making literature itself come alive The book shows how various conditions including gender education business dynamics social networks money and the forces of literary tradition affect the things we can choose or refuse to read Amy Hungerford focuses her discussion on literary bestsellers as well as little known traditional and digital literature from smaller presses such as *McSweeney's* She deftly matches the particular human stories of the makers with the impersonal structures through which literary reputation is made Ranging from fine grained ethnography to polemical argument this book transforms our sense of how and why new literature appears and disappears in contemporary American culture

The Comics Journal #307 Cathy Malkasian, Gary Groth, 2021-05-18 This issue of the award winning magazine of comics interviews news and criticism focuses on the relationship between animation and comics Gary Groth interviews this issue's cover artist Cathy Malkasian Eartha the PBS Nickelodeon animation director *Curious George* The Wild Thornberrys turned graphic novelist about her first middle grade GN *NoBody Likes You* Greta Grump In addition to this issue's featured interview with Cathy Malkasian MLK graphic biographer Ho Che Anderson shares his animation storyboards and Anya Davidson talks to Sally Cruikshank about how the

underground comics movement influenced the latter's aesthetic in a career that encompasses indie shorts and Flash animation as well as work for feature film credits and Sesame Street. Other features include an unpublished Ben Sears Midnight Gospel comic and Jem and the Holograms cartoon creator Christy Marx talks about the behind the scenes advantages and disadvantages of both art forms. Plus Sketchbook art by Vanesa Del Rey Black Widow an interview with Amazon warehouse worker turned cartoonist Ness Garza Paul Karasik's essay on an unseen gem and much more. For more than 45 years no magazine has chronicled the continuum of the comic arts with more rigor and passion than The Comics Journal. Comics through Time M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present this massive four volume work provides a colorful yet authoritative source on the entire history of the comics medium. Comics and graphic novels have recently become big business serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead. But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s which prohibited the depiction of zombies and use of the word horror among many other rules. Comics through Time A History of Icons Idols and Ideas provides students and general readers a one stop resource for researching topics genres works and artists of comic books comic strips and graphic novels. The comprehensive and broad coverage of this set is organized chronologically by volume. Volume 1 covers 1960 and earlier. Volume 2 covers 1960 1980. Volume 3 covers 1980 1995 and Volume 4 covers 1995 to the present. The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history. The alphabetically arranged entries in each volume address topics such as comics publishing characters imprints genres themes titles artists writers and more. While special attention is paid to American comics the entries also include coverage of British Japanese and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers.

Conversations with Dave Eggers Scott F. Parker, 2022-01-04 It's been barely twenty years since Dave Eggers burst onto the American literary scene with the publication of his memoir A Heartbreaking Work of Staggering Genius. In that time he has gone on to publish several books of fiction a few more books of nonfiction a dozen books for children and many harder to classify works. In addition to his authorship Eggers has established himself as an influential publisher editor and designer. He has also founded a publishing company McSweeney's two magazines Might and McSweeney's Quarterly Concern and several nonprofit organizations. This whirlwind of productivity within publishing and beyond gives Eggers a unique standing among American writers jack of all trades master of same. The interviews contained in Conversations with Dave Eggers suggest the range of Eggers's pursuits a range that is reflected in the variety of the interviews themselves. In addition to the expected interviews with major publications Eggers engages here with obscure magazines and blogs trade publications international publications student publications and children from a mentoring program run by one of his

nonprofits To read the interviews in sequence is to witness Eggers's rapid evolution The cultural hysteria around Eggers's memoir and his complicated relationship with celebrity are clear in many of the earlier interviews From there as the buzz around him mellows Eggers responds in kind allowing writing and his other endeavors to come to the fore of his conversations Together these interviews provide valuable insight into a driving force in contemporary American literature
