Doctor Who: The Shakespeare Notebooks Justin Richards, 2014-08-26 Many people know about William Shakespeare's famous encounter with the Doctor at the Globe Theatre in 1599. But what few people know, though many have suspected, is that it was not the first time they met. Drawn from recently discovered archives, *The Shakespeare Notebooks* is the holy grail for Bard scholars: conclusive proof that the Doctor not only appeared throughout Shakespeare's life but also had a significant impact on his writing. In these pages, you'll find early drafts of scenes and notes for characters that never appeared in the plays, discarded lines of dialogue, and sonnets never before seen, journal entries, and much more. From the original notes for *Hamlet* with a very different appearance by the ghost, and revealing early versions of the faeries of *A Midsummer Night's Dream* to strange stage directions revised to remove references to a mysterious blue box, *The Shakespeare Notebooks* is an astonishing document that offers a unique insight into the mind of one of history's most respected and admired figures. And also, of course, William Shakespeare.

Heaven's Stage on 5th and Main MJ Gaylor,2025-01-30 Our old library in town never held much attraction for me In fact my only solid memory involved my first fistfight which was thankfully uneventful and quickly broken up by the town librarian However I recently had a dream concerning that storied building in Cobleskill It was a stormy day and with little else to do I entered through the tall glass doors and began perusing the bookshelves As I ran my fingers down a roll of hardcovers I spotted a volume with my name as the title I began reading and to my surprise found that it contained the story of my life beginning at birth I quickly turned the pages to see if the author had included everything and to my chagrin discovered nothing had been left out I carefully concealed the book by my side and walked quietly toward the librarian who was seated at a large wooden desk There she lay in wait peering over her horned rim glasses which were eternally hooked to her neck with a gold chain With judgement and a bit of delight in her eyes she informed me that the book could not be checked out as it was not yet complete My heart raced and my breath quickened as I turned to the back of the book to find empty pages I placed the novel back on the shelf only to return a month later Pulling down the volume I discovered it had increased in wordcount Confused I turned to the opening page to see who cared enough to write my life's story in such detail and for all to read To my surprise the author was none other than God himself I awoke and after contemplating the gravity of life decided to write a book **Thoreau, the Poet-naturalist** William Ellery Channing,1902 **Shakespeare and His Times** Nathan Drake,1838
