## **Measgra Danta li Miscellaneous Irish Poems:**

*Irish Poems from Cromwell to the Famine* Joan Keefe, 1977 Joan Keefe here presents her new versions of poems that come from the time when the great tradition of Irish poetry as it had been known for a thousand years was being brought to an end. It combines many of the characteristics of classical Irish poetry roughened but kept vigorous by the common imagination.

Dept. of Printed Books, 1967    **A Short History of Irish Literature** Seamus Deane, 1994 Seamus Deane one of Ireland's most important critics assesses here the place of literature in a colonial or neo colonial culture like ours where the naming of the territory has always been a politically charged act. The force of Deane's *A Short History of Irish Literature* derives precisely from his naming of the territory. With insight, erudition and a razor keen style he locates Irish writers within the island's traumatic history. His aim is to show how literature has been inescapably allied with historical interpretation and with political allegiance.
