*A Moment's Monument* Sharon Hecker, 2017-06-13 Medardo Rosso 1858 1928 is one of the most original and influential figures in the history of modern art and this book is the first historically substantiated critical account of his life and work An innovative sculptor photographer and draftsman Rosso was vital in paving the way for the transition from the academic forms of sculpture that persisted in the nineteenth century to the development of new and experimental forms in the twentieth His antimonumental antiheroic work reflected alienation in the modern experience yet also showed deep feeling for interactions between self and other Rosso's art was also transnational he refused allegiance to a single culture or artistic heritage and declared himself both a citizen of the world and a maker of art without national limits In this book Sharon Hecker develops a narrative that is an alternative to the dominant Franco centered perspective on the origin of modern sculpture in which Rodin plays the role of lone heroic innovator Offering an original way to comprehend Rosso *A Moment's Monument* negotiates the competing cultural imperatives of nationalism and internationalism that shaped the European art world at the fin de siècle The First Exhibition in America of Sculpture by Medardo Rosso, 1858-1928 Medardo Rosso, 1959

Medardo Rosso Gloria Moure, 1996 Medardo Rosso Harry Cooper, Sharon Hecker, Medardo Rosso, 2003 The Italian artist Medardo Rosso 1858 1928 is a key figure in the development of modern sculpture His portraits and figure studies have long been considered sculptural equivalents to Impressionism's concern with light at the expense of form This book presents an artist more deeply concerned with materials process and the reproduction of his works than previously imagined technical and phenomenological perspectives Drawing on a wealth of new archival material and close up study of the sculptures the authors show that Rosso's waxes which are his best known works were not modelled by hand but cast with the help of gelatin moulds The authors compare wax plaster and bronze casts of the same subjects to show that the manipulation of materials for visual effect was at the heart of his work The book also reproduces and analyses Rosso's fascinating photographs of his own sculpture which offer important clues to the charged relationship he sought to create between viewers and the mysterious busts and figures he made **Medardo Rosso** Medardo Rosso, 1994 Medardo Rosso Medardo Rosso, 2024-12-24 The Italian artist Medardo Rosso 1858 1928 is without a doubt the great pioneer of modern sculpture His achievement has been recognized in spite of an historiographical blindness that persisted for decades by the artists of his time and by leading figures in the art of the twentieth century Degas Boccioni who made him a lodestar of Futurist sculpture Brancusi Giacometti Fontana Anselmo Thomas Schütte and Juan Muñoz have all acknowledged the lasting significance of his legacy 00By means of an important selection of his sculptures almost all of his photographs and drawings his writings and a number of his letters this complete monograph highlights the complexity of Rosso's creative process and especially his exploration of the limits of form and materiality which resulted in his making different versions of his own works 00Rosso was not a sculptor in the traditional sense Eschewing wood and stone he worked with soft materials such as plaster and wax

which lent themselves to the representation of ephemeral effects and subtle forms He produced multiple versions of his works continually varying the forms and materials For Rosso sculpture and the visualization of sculpture were inextricably linked and photography which came to constitute the definitive movement from the point of view of the spectator enabled him to arrive at his ultimate goal the attaining of insubstantial form Medardo Rosso Margaret Scolari Barr,1972

Medardo Rosso Medardo Rosso,Luciano Caramel,South Bank Centre,1994 **Medardo Rosso. Edz. italiana e inglese. Ediz. bilingue** Sergio Risaliti,2020 *Medardo Rosso* Medardo Rosso,1988 **Medardo Rosso** ,2018-03-27 The Italian artist Medardo Rosso 1858 1928 was instrumental in expanding the definition of sculpture for the modern era Focusing on everyday people as his subjects Rosso portrayed fugitive physical or emotional states employing innovative casting and modeling techniques in plaster bronze and wax his signature material Medardo Rosso Experiments in Light and Form features nearly 100 works of sculpture drawing and photography and explores Rosso s efforts to capture and manipulate light It presents extensive installation photography documenting the works on view within the variable natural and artificial light of the Pulitzer Arts Foundation building The book also features original scholarly essays by the exhibition co curators and other contributors as well as an illustrated checklist presenting a selection of Rosso s lesser known experiments in drawing and photography in addition to some of his most celebrated sculptures *Medardo Rosso* Luciano Caramel,1988 **Medardo Rosso 1858-1928** ,1984 **Medardo rosso, by margaret scolari barr** Medardo Rosso,Margaret scolari Barr,1963 **Medardo Rosso** ,1906 Medardo Rosso Medardo Rosso,Dieter Schwarz,2003 With his figures Italian sculptor Medardo Rosso succeeded in contributing decisively to the development of modern sculpture The artist s points of focus were the moment when the sculpture was perceived and the fusion of the figure with its surroundings He worked almost exclusively on portrait heads wax became a substitute for bronze allowing him to work the surface of the sculpture to its finest perfection and to use different hues adequate expression for the fleetingness of the apparition And they are fleeting one hardly knows if the portrayed faces are receding from the sculpture s surface or pushing up against it In Paris where Rosso spent the greater part of his life he found understanding friends in Edgar Degas and the collector Henri Rouart while friendship with Rodin miscarried because of the rivalry between the two sculptors At around the turn of the century Rosso s sculptures could be seen at many large European exhibitions the Futurists would soon hold him up as a model This publication a scholarly survey of the artist s work makes clear that although Rosso limited himself to very few motifs their many different versions translated into independent works **Ephemeral Bodies** Julius Ritter von Schlosser,2008 The critical history of wax is fraught with gaps and controversies These eight essays explore wax reproductions of the body or body parts throughout history and assess their conceptual ambiguity material impermanence and implications for the history of western art Medardo Rosso Sharon Hecker,Tamara H. *Posthumous Art, Law and the Art Market* Sharon Hecker,Peter J. Karol,2022-04-29 This book takes an interdisciplinary

transnational and cross cultural approach to reflect on critically examine and challenge the surprisingly robust practice of making art after death in an artist's name through the lenses of scholars from the fields of art history economics and law as well as practicing artists Works of art conceived as multiples such as sculptures etchings prints photographs and conceptual art can be and often are remade from original models and plans long after the artist has passed Recent sales have suggested a growing market embrace of posthumous works contemporaneous with questioning on the part of art history Legal norms seem unready for this surge in posthumous production and are beset by conflict across jurisdictions Non Western approaches to posthumous art from Chinese emulations of non living artists to Native American performances take into account rituals of generational passage at odds with contemporary market driven approaches The book will be of interest to scholars working in art history the art market art law art management museum studies and economics      **Sculpture from the Sheldon**
