Postwar Italian poetry carries on the legacy of one of the world's richest literary traditions a tradition in which conflict and diversity are important parts. It is a poetry that reflects with extraordinary intensity the social psychological and moral turmoil of the modern world. Substantial selections from the works of twenty-one of Italy's most influential contemporary poets make up this anthology which will make this largely unknown poetic territory more familiar to the English speaking world. The introductory essay discusses the unique Italian talent for fusing cultural and political struggle into literary form and Italian poetry's important impact on developments in European poetry throughout the twentieth century.
