Dickens the Enchanter Peter Conrad,2025-02-27 A kaleidoscopic investigation of Dickens s imagination and the world he created See Dickens as never before in this creative biography which delves into his novels journalistic essays and letters to reveal his strange hilarious but obsessive personal character and the audacity of a mind that set out as he said to rearrange the universe Peter Conrad s bold rediscovery of Dickens suggests that he alone rivals Shakespeare and in some ways betters him As well as re examining the great novels Conrad s book probes the journalism in which Dickens reports on his risky ventures into the urban underworld It also describes the celebrated but dangerously over intense public readings in which as at a seance he allowed his most terrifying characters to take possession of him Ultimately it reveals how the forces of creation and destruction come together in Dickens who despite his reputation for jollity and effusive sentiment found it increasingly hard to control the madness and violence of his own self destructive genius Dickens the Enchanter takes us deep

into an imagination whose power and originality struck some contemporaries as godlike while others thought it demonic If you already love Dickens it will renew your understanding of him if you have yet to read him it will lure you into his astonishing alarming enchanted world **The World Of Cross Stitching Christmas 2019** Magazines Global, The World Of Cross Stitching Christmas 2019 You can follow us by subscribing to our Youtube channel <https://www.youtube.com/CrossStitchPatternsX>
