Out Of Control Family Therapy And Domestic Disorder:

Out of Control Jaber F. Gubrium, 1992-03-30 In a unique comparative ethnography of two family therapy programs Gubrium deftly shows how differing organizational perceptions make visible the social construction of domestic disorder Contrasting images of home life one viewing domestic order as a system of authority the other as a configuration of emotional bonds serve to highlight different senses of the family as being out of control and to recommend alternate forms of intervention The idea that the reality of home life and domestic troubles are embedded in organizational activities and institutional images is an important commentary on the understanding of domestic life and the postmodern family Out of Control provides stimulating reading for professionals and students in clinical psychology family therapy family studies sociology and qualitative methods

Family Disintegration Anton Purcell, 2002 The contemporary family is being distracted disturbed and distraught by societal pressures from every direction The nuclear family concept believed crucial to child rearing is becoming passé according to census data Or has the wave of disruption to families crested It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century

New Perspectives on Health and Social Care Jason Powell, 2023-02-22 The relationship between health social care and the teaching of disciplines such as sociology social work and social policy are increasing in many regions worldwide This book explores the relationship between wider social theory and social welfare though an understanding of how power and resistance impinges on how helping professions operate in health and social spaces in the twenty first century The book presents a critical analysis of major Foucauldian theories and social issues in the construction and practice of health and social welfare It discusses important theoretical and substantive contributions to current debates and presents an engaging comprehensive and innovative perspective to address both how power and resistance shape the way we live and how the way we live shapes the way in which we understand social relations among professionals policy makers and user groups in comparative contexts The purpose of this book is to critically inform debates concerning the abstract and empirical features of health and social care examined through the lens of innovative theoretical perspectives emanating from Foucauldian theories

Handbook of Interview Research Jaber F. Gubrium, James A. Holstein, 2002 The Handbook of Interview Research is the most ambitious attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It is also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today's leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From interview theory to the nuts and bolts of the interview process the coverage is

impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi faceted assessment of what has become the method of choice for obtaining personal information in today s society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it an integral part of society

Frontiers of Cognitive Therapy Paul M. Salkovskis,1996-01-01 Abuse Particular populations including children adolescents and the medically ill are also discussed in detail Bringing together the work of key cognitive therapy experts who address an unusually wide array of topics Frontiers of Cognitive Therapy is a resource both clinicians and researchers will want to keep close at hand The book is also ideal for the classroom as it provides students with a broad yet deep understanding of cognitive therapy and its many

Sourcebook of Family Theories and Methods Pauline Boss,William J. Doherty,Ralph LaRossa,Walter R. Schumm,Suzanne K. Steinmetz,2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspec tive on the past and a map for the future There were precedents for such a project The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about theFamily volumes edited by Wesley Burr Reuben Hill F Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production

Counseling and the Therapeutic State James J. Chriss, **The SAGE Handbook of Qualitative Research** Norman K. Denzin,Yvonna S. Lincoln,2011-04-27 Now in its fourth edition this handbook is an essential resource for those interested in all aspects of qualitative research and has been extensively revised and updated to cover new topics including applied ethnography queer theory and auto ethnography

Strategies of Qualitative Inquiry Norman K. Denzin,Yvonna S. Lincoln,2012-10-24 This book is the second of three paperback volumes taken from The SAGE Handbook of Qualitative Research Fourth Edition This volume isolates the major strategies historically the research methods that researchers can use in conducting concrete qualitative studies The question of methods begins with questions of design and the matters of money and funding These questions always begin with the researcher who moves from a research question to a paradigm or perspective and then to the empirical world The history and uses of these strategies are explored extensively in this volume The chapters move from forms and problems with mixed methods inquiry to case study performance and narrative ethnography to constructionist

analytics to grounded theory strategies testimonies participatory action research and clinical research **Clinical**

Judgement In The Health And Welfare Professions White, Susan, Stancombe, John, 2003-05-01 I recommend this text to anyone who has an abiding interest in not how we should make decisions but how in reality we do Journal of Clinical Nursing How do clinicians use formal knowledge in their practice What other kinds of reasoning are used What is the place of moral judgement in clinical practice In the last decade the problem of clinical judgement has been reduced to the simple question what works However before clinicians can begin to think about what works they must first address more fundamental questions such as what s wrong or what sort of problem is this The complex ways in which professionals negotiate the process of case formulation remain radically under explored in the existing literature This timely book examines this neglected area Drawing on the authors own detailed ethnographic and discourse analytic studies and on developments in social science the book aims to reconstitute clinical judgement and case formulation as both practical moral and rational technical activities By making social scientific work more accessible and meaningful to professionals in practice it develops the case for a more realistic approach to the many reasoning processes involved in clinical judgement Clinical Judgement in the Health and Welfare Professions has been written for educators managers practitioners and advanced students in health and social care It will also appeal to those with an interest in the analysis of institutional discourse and ethnographic research Concepts and Definitions of Family for the 21st Century Barbara H Settles, Suzanne Steinmetz, 2013-05-13

Turning Troubles into Problems

Jaber F. Gubrium,Margaretha Järvinen,2013-07-24 Human service professionals deal with a wide range of problems from child abuse parenting issues and elderly care to addictions mental illness sexual assault unemployment and criminality These must be constructed as problems for professionals to appropriately respond to them Human service provision starts from there But in the everyday experience of service providers and users alike there is a parallel world of ordinary troubles that remains professionally undefined but real even when troubles are turned into problems This book brings into view the relationship between these worlds as it bears on the process of clientization the transformation of people and troubles into clients and problems Rather than taking the process for granted as many critics do the book examines the instability of the process on several fronts and highlights its surprising local complexity Foregrounding everyday life the leading idea is that the transformation of troubles into problems is not straightforward and that problems are continually subject to alternative

understandings This poses new what how and where questions What are ordinary troubles and how do they relate to the construction maintenance or undoing of serviceable problems Where is social policy and how does that figure in the front line work of service provision The questions point to the challenges of clientization at the discretionary border of troubles and problems in everyday service relationships With chapters written by an international group of human service researchers this book is an important contribution to the literature dealing with the construction of personal problems and will be useful to students and academics in sociology human services social work and policy criminal justice and health care *AIDS Counselling* Anssi Peräkylä, 1995-11-30 Applies the principles of conversation analysis to AIDS counselling situations

Constructing Clienthood in Social Work and Human Services Christopher Hall, 2003 This volume explores social work as a series of encounters between clients and social workers their colleagues and other professionals and more widely between citizens and the state Analyzing Narrative Reality Jaber F. Gubrium, James A. Holstein, 2009 Considers both the texts and everyday contexts of the storytelling process with accompanying guidelines for analysis and illustrations from empirical material Global Aging and Challenges to Families Vern Bengtson, 2018-01-16 The recent explosion in population ageing across the globe represents one of the most remarkable demographic changes in human history Population ageing will profoundly affect families Who will care for the growing numbers of tomorrows very old members of societies Will it be state governments The aged themselves Their families The purpose of this book is to examine consequences of global aging for families and intergenerational support and for nations as they plan for the future Global Aging and Its Challenge to Families Vern L. Bengtson, Ariela Lowenstein, The recent explosion in population aging across the globe represents one of the most remarkable demographic changes in human history There is much concern about population aging and its consequences for nations for governments and for individuals It has often been noted that population aging will inevitably affect the economic stability of most countries and the policies of most state governments What is less obvious but equally important is that population aging will profoundly affect families Who will care for the growing numbers of tomorrow s very old members of societies Will it be state governments The aged themselves Their families The purpose of this volume is to examine consequences of global aging for families and intergenerational support and for nations as they plan for the future Four remarkable social changes during the past fifty years are highlighted 1 Extension of the life course A generation has been added to the average span of life over the past century 2 Changes in the age structures of nations Most nations today have many more elders and many fewer children than fifty years ago 3 Changes in family structures and relationships Some of these differences are the result of trends in family structure notably higher divorce rates and the higher incidence of childbearing to single parents 4 Changes in governmental responsibilities In the last decade governmental responsibility appears to have slowed or reversed as states reduce welfare expenditures How will families respond to twenty first century problems associated with population aging Will families indeed be important in the twenty first century or will kinship and

the obligations across generations become increasingly irrelevant replaced by personal communities This volume goes a considerable distance to answer these critical issues for the twenty first century Vern L Bengtson is an AARP University Chair in Gerontology and Professor of Sociology University of Southern California Ariela Lowenstein is associate professor and head Department of Aging Studies University of Haifa Israel Interpreting Experience Ruthellen Josselson,Amia Lieblich,1995-03-21 The focus of this book is on the role of narrative analysis in the social sciences and in increasing our understanding of human lives and experiences Contributors address such questions as Should in depth interviews become occasions in which to ask for life stories so as to enhance a study of social phenomena Can a richer approach to psychological understanding be reached by studying how experience conscious and unconscious is organized interpreted and reshaped throughout the life cycle How can biographical work be used to shed light on the social construction of individual lives In addition the book covers the use of narrative analysis in career biography in examining turning points in people s lives in the effe **Practitioner Research in Counselling** John McLeod,2013-03-01 This is a practical guide to carrying out research in counselling and the helping professions generally It covers all major aspects of research and guides the reader through the essential processes involved from setting up and conducting a study to analyzing data and evaluating findings New Therapist This practical informative and encouraging guide to doing research in counselling and the helping professions generally has been written with practitioners firmly in mind The book is a comprehensive yet accessible introduction which covers all major aspects of research and guides the reader through the essential processes involved from setting up and conducting a study to analyzing data and evaluating findings In addition the author provides guidelines for accessing research information and resources With an emphasis on the acquisition of research skills and their practical application to counselling issues Practitioner Research in Counselling shows how research can be used in a meaningful way by all practitioners
