Controversies in the Field of Genocide Studies Samuel Totten, Henry Theriault, Elisa von Joeden-Forgey, 2017-09-29 At the heart of the field of Genocide Studies lies an active core of vigorous debate that has led to both heated disagreements and productive disputes This new volume in the *Genocide A Critical Bibliographic Review* series focuses on these as well as other significant issues Chapters in this volume focus on a number of issues Did Peru's Ach suffer genocide What was the role of media propaganda in the Rwandan Genocide and what more if anything could have been done about it Have Rwanda's post genocide gacaca courts successfully promoted reconciliation How has denial affected governmental recognition around the world of the Armenian Hellenic and Assyrian genocides Why have some left wing progressives engaged in denial of the Rwandan Genocide Has anti genocide activism had a meaningful effect in prevention of or intervention against genocide In the pages of this book readers can explore the various debates that have defined the study of genocide and that are redefining it today This insightful and provocative volume will entice further discussion on the concept of genocide and will be a must read for the field of genocide studies [Handbook of Genocide Studies](#) David J. Simon, Leora Kahn, 2023-02-14 Providing an intellectual biography of the challenging concept of genocide this topical *Handbook* takes an interdisciplinary approach to shed new light on the events processes and legacies in the field [Genocide Matters](#) Joyce Apsel, Ernesto Verdeja, 2013-08-21 This edited book provides an interdisciplinary overview of recent scholarship in the field of genocide

studies The book examines four main areas The current state of research on genocide New thinking on the categories and methods of mass violence Developments in teaching about genocide Critical analyses of military humanitarian interventions and post violence justice and reconciliation The combination of critical scholarship and innovative approaches to familiar subjects makes this essential reading for all students and scholars in the field of genocide studies

Genocide and Human Rights J. Roth, 2005-07-27 Genocide is evil or nothing could be It raises a host of questions about humanity rights justice and reality which are key areas of concern for philosophy Strangely however philosophers have tended to ignore genocide Even more problematic philosophy and philosophers bear more responsibility for genocide than they have usually admitted In *Genocide and Human Rights A Philosophical Guide* an international group of twenty five contemporary philosophers work to correct those deficiencies by showing how philosophy can and should respond to genocide particularly in ways that defend human rights

The Historiography of Genocide Anton Weiss-Wendt, Robert Krieken, Alfred A. Cave, Ben Kiernan, Doris Bergen, David Moshman, Victoria Sanford, John Docker, Robert Hitchcock, 2008-02-13 The *Historiography of Genocide* is an indispensable guide to the development of the emerging discipline of genocide studies and the only available assessment of the historical literature pertaining to genocides

Researching and Teaching Social Issues Samuel Totten, Jon Pedersen, 2012-05-01 originally published by Lexington Books A division of Rowman Littlefield *Researching and Teaching Social Issues The Personal Stories and Pedagogical Efforts of Professors of Education* is comprised of original personal essays in which notable teacher educators delineate the genesis and evolution of their thought and work vis a vis the teaching of social issues In relating their personal stories the authors were asked to discuss among other issues those individuals and or scholarly works that have most influenced them and how their own aspirations in the field the frustrations they have faced their perceptions of the field their major contributions and their current endeavors Our goal was that each and every story be as informative instructive and engaging as possible We believe that readers will be thoroughly engaged as they read the stories of these individuals stories that are inspiring filled with passion and reflective in nature We also believe that readers will gain unique pedagogical insights into the field and ample food for thought The individuals selected for inclusion in the book dedicated a great amount of time thought energy and commitment to creating powerful and pedagogically sound ways to teach about social and or controversial issues Many have done so for well over forty years and have been among the strongest advocates vis vis the place social issues have in the extant curriculum and beyond

Destroying to Replace Mohamed Adhikari, 2022-03-01 This book explores settler colonial genocides in a global perspective and over the long dur e It does so systematically and compellingly as it investigates how settler colonial expansion at times created conditions for genocidal violence and the ways in which genocide was at times perpetrated on settler colonial frontiers This volume will prove invaluable to teachers and students of imperialism colonialism and human

rights Lorenzo Veracini Swinburne University of Technology and author of *The World Turned Inside Out Settler Colonialism as a Political Idea* *Genocide and Settler Society* A. Dirk Moses, 2005-03-01 Colonial Genocide has been seen increasingly as a stepping stone to the European genocides of the twentieth century yet it remains an under researched phenomenon This volume reconstructs instances of Australian genocide and for the first time places them in a global context Beginning with the arrival of the British in 1788 and extending to the 1960s the authors identify the moments of radicalization and the escalation of British violence and ethnic engineering aimed at the Indigenous populations while carefully distinguishing between local massacres cultural genocide and genocide itself These essays reflect a growing concern with the nature of settler society in Australia and in particular with the fate of the tens of thousands of children who were forcibly taken away from their Aboriginal families by state agencies Long considered a relatively peaceful settlement Australian society contained many of the pathologies that led to the exterminatory and eugenic policies of twentieth century Europe **Genocide Or Ethnocide, 1933-2007** Bartolomé Clavero, 2008 **The Holocaust and Historical Methodology** Dan Stone, 2012-08-01 In the last two decades our empirical knowledge of the Holocaust has been vastly expanded Yet this empirical blossoming has not been accompanied by much theoretical reflection on the historiography This volume argues that reflection on the historical process of re constructing the past is as important for understanding the Holocaust and by extension any past event as is archival research It aims to go beyond the dominant paradigm of political history and describe the emergence of methods now being used to reconstruct the past in the context of Holocaust historiography **Teaching and Studying Social Issues** Samuel Totten, Jon Pedersen, 2011-01-01 Teaching and Studying Social Issues Major Programs and Approaches focuses on many of the major innovations developed over the past 100 years by noted educators to assist students in the study and analysis of key social issues that impact their lives and society This book complements earlier books that address other aspects of studying and addressing social issues in the secondary classroom Researching and Teaching Social Issues The Personal Stories and Pedagogical Efforts of Professors of Education Lexington Books 2006 Addressing Social Issues in the Classroom and Beyond The Pedagogical Efforts of Pioneers in the Field Information Age Publishing 2007 and Social Issues and Service at the Middle Level Information Age Publishers 2009 The current book ranges in scope from Harold Rugg s pioneering effort to develop textbooks that purposely addressed key social issues and thus provided teachers and students with a major tool with which to examine social issues in the classroom to the relatively new efforts over the last 20 to 30 years including global education environmental education Science Technology Society STS and genocide education This book provides the readers with details about the innovators their innovations so they can 1 learn from past efforts particularly in regard to what worked and didn t work and why 2 glean new ideas methods and approaches for use in their own classrooms and 3 craft new methods and approaches based on the strengths of past innovations **A Companion to the Holocaust** Simone Gigliotti, Hilary Earl, 2020-04-14 Provides a cutting edge nuanced and multi disciplinary picture of the Holocaust from

local transnational continental and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior extremity and moral action A diverse range of disciplines history philosophy literature social psychology anthropology geography amongst others continue to make important contributions to its scholarship A Companion to the Holocaust provides exciting commentaries on current and emerging debates and identifies new connections for research The text incorporates new language geographies and approaches to address the precursors of the Holocaust and examine its global consequences A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust s causes unfolding and impact Scholars draw on their original research to interpret current agenda setting historical and historiographical debates on the Holocaust Six broad sections cover wide ranging topics such as new debates about Nazi perpetrators arguments about the causes and places of persecution of Jews in Germany and Europe and Jewish and non Jewish responses to it the use of forced labor in the German war economy representations of the Holocaust witness and many others A masterful framing chapter sets the direction and tone of each section s themes Comprising over thirty essays this important addition to Holocaust studies Offers a remarkable compendium of systematic comparative and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural social and political legacies of the Holocaust Includes discussions on non European and non Western geographies inter ethnic tensions and violence A Companion to the Holocaust is an essential resource for students and scholars of European German genocide colonial and Jewish history as well as those in the general humanities

Antisemitism Steven Leonard Jacobs, 2020-06-29 With an overview essay timeline reference entries and annotated bibliography this resource is a concise one stop reference on antisemitism in today s society Stretching back to biblical times antisemitism is perhaps the world s oldest hatred of a group It has manifested itself around the world sometimes taking the form of superficially innocent jokes and at other times promoting such tragedies as the Holocaust Far from disappeared its continued existence in today s society is evidenced by vandalism of Jewish cemeteries and shootings at synagogues This book explores the causes and consequences of contemporary antisemitism placing this form of hatred in its historical political and social contexts An overview essay surveys the background and significance of antisemitism and provides historical context for discussions of contemporary topics A timeline highlights key events related to antisemitism Some 50 alphabetically arranged reference entries provide objective fundamental information about people events and other topics related to antisemitism These entries cite works for further reading and provide cross references to related topics An annotated bibliography cites and evaluates some of the most important resources on antisemitism suitable for student research
