Fry,Gayla S. Nieminen,Harold E. Smith,2013-08-08 Throughout its history Thailand has shown remarkable resiliency adaptability and creativity in responding to serious threats and crises and this since much earlier times when it was known as Siam This book while focusing on the modern period does reach back to ancient kingdoms but also shows the impressive rise to a modern democracy although still endowed with a king and even more impressively an economic tiger Moreover it has become a prime tourist destination and is thus known to vast numbers of foreigners as a sort of instant Asia The Historical Dictionary of Thailand now in its third edition covers this amazing story in various ways First the chronology traces the most significant events from year to year The introduction then provides a good overview of the land and people the history and traditions and where it now seems to be heading The dictionary which by now has hundreds of detailed and cross referenced entries looks more closely at important persons places institutions and events as well as more generally its politics economy

Gray,1991 **Once Upon A Time In The Galapagos** Paul Adirex,2021-05-09 Life is pretty good for Chet a giant dome backed tortoise native to the Galapagos islands who takes centre stage in this incredible story of spirited resistance Blessed with a mate he loves a couple of healthy offspring and a ready supply of dwarf apples and opuntia cactus he has little cause for complaint Moreover he s well thought of by the other island residents and can count among his friends a wide range of colorful creatures including sea lions marine iguanas brown pelicans blue footed boobies and lava lizards Not that life is altogether perfect with the ever present threat of volcanic eruption to contend with and yet it s a settled existence full of small pleasures and regular seasonal changes which suits Chet and his family very well However things are about to change dramatically and take a serious turn for the worse when a terrible menace appears on the far horizon heading ever closer to shore This looming menace takes the form of a marauding pirate vessel blown off course after being separated from its sister ship As such it represents a very different kind of threat to that posed by the island s natural predators such as hawks herons and mockingbirds Instead of just filling their bellies these bloodthirsty buccaneers are hellbent on stripping the island of its every last edible morsel and won t let anything get in their way Faced with such mortal danger the moment has arrived for all creatures great and small to stand up and be counted One thing is for certain it will take all of their ingenuity audacity and courage to survive this perilous encounter and drive the murderous invaders away Thai-American Business ,1981
