

Pitcairns Island

Various

Pitcairns Island:

The Pretender of Pitcairn Island Tillman W. Nechtman, 2018-09-13 Pitcairn a tiny Pacific island that was refuge to the mutineers of HMAV Bounty and home to their descendants later became the stage on which one imposter played out his influential vision for British control over the nineteenth century Pacific Ocean Joshua W Hill arrived on Pitcairn in 1832 and began his fraudulent half decade rule that has until now been swept aside as an idiosyncratic moment in the larger saga of Fletcher Christian s mutiny against Captain Bligh and the mutineers unlikely settlement of Pitcairn Here Hill is shown instead as someone alert to the full scope and power of the British Empire to the geopolitics of international imperial competition to the ins and outs of naval command the vicissitudes of court politics and as such to Pitcairn s symbolic power for the British Empire more broadly The History of the Fife Pitcairns Constance Pitcairn, 1905 Pitcairn Island as a Port of Call Herbert Ford, 2014-01-10 Pitcairn Island is arguably the most isolated inhabited spot on Earth Yet despite tricky ocean currents often lethal surf and sudden gales the island s standing as the home of the descendants of Fletcher Christian and his mutineer cohorts from H M S Bounty has drawn thousands of ships to its shores This maritime history of the island chronicles every ship that has called at Pitcairn from the time of the arrival of the mutineers in 1790 to December 2010 The ship s log format lists the date of each call the ship s name and particulars and brief reports of activities during the call which often include matters of love murder survival intrigue shipwreck romance and much more Since Pitcairn remains totally dependent on ships for its survival this work offers the most thorough historical record of the island and its people

Pitcairn Islands Investment and Business Guide Volume 1 Strategic and Practical Information IBP USA, 2013-08 Pitcairn Islands Investment and Business Guide Strategic and Practical Information **A Description of Pitcairn's Island and Its Inhabitants** Sir John Barrow, 1832 The nature park guide for Pitcairn Islands Marine Reserve (Pitcairn Islands - United Kingdom) YouGuide Ltd, 2025-09-26 Introduction to Pitcairn Gilad James, PhD, Introduction to Pitcairn is a book that provides an overview of the history culture and geography of Pitcairn Island The book begins by describing how the island was discovered by Europeans in 1767 and subsequently settled by a group of British mutineers and Tahitian women in 1790 It then goes on to detail how the Pitcairn Islanders built a society on the island despite facing significant challenges such as shortages of food and water disease and isolation The book also covers the island s natural environment wildlife and attractions such as its tropical climate and pristine beaches The second paragraph of the book offers insight into the culture and way of life on Pitcairn Island The book describes how the Pitcairn Islanders have developed a unique culture blending elements of British and Polynesian cultures and have also maintained a strong sense of community despite their small population of approximately 50 people The book also details the economy of the island which is primarily focused on fishing and handicrafts and explains how the Pitcairn Islanders have managed to preserve their traditional way of life while also integrating modern technologies and practices Overall Introduction to Pitcairn is a fascinating introduction to a remote and

little known island that has managed to develop a distinctive culture and way of life despite its many challenges

Islands in History and Representation Rod Edmond, Vanessa Smith, 2020-10-28 This innovative collection of essays explores the ways in which islands have been used imagined and theorised both by island dwellers and continentals This study considers how island dwellers conceived of themselves and their relation to proximate mainlands and examines the fascination that islands have long held in the European imagination The collection addresses the significance of islands in the Atlantic economy of the eighteenth century the exploration of the Pacific the important role played by islands in the process of decolonisation and island oriented developments in postcolonial writing Islands were often seen as natural colonies or settings for ideal communities but they were also used as dumping grounds for the unwanted a practice which has continued into the twentieth century The collection argues the need for an island based theory within postcolonial studies and suggests how this might be constructed Covering a historical span from the eighteenth to the twentieth century the contributors include literary and postcolonial critics historians and geographers
