Pitfalls Of Speculation:

The Pitfalls of Speculation Thomas Gibson, 1908 **The Pitfalls of Speculation** Thomas Gibson, 1916 **The Pitfalls of Speculation** Thomas Gibson, 2015-06-24 Excerpt from *The Pitfalls of Speculation* The public attitude toward speculation is generally hostile Even those who venture frequently are prone to speak discouragingly of speculative possibilities and to point warningly to the fact that an overwhelming majority of speculative commitments result in loss while those who venture not at all and consequently are incompetent to judge dismiss the subject with the statement that marginal trading is gambling pure and simple and is therefore pernicious Those who enter into the subject a little farther and attempt to adduce more specific argument against speculative possibilities lay stress upon the statement that manipulation trickery and wholesale deception render it impossible for the outsider to enter the field safely or intelligently About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Pitfalls of Speculation Thomas Gibson, 2015-02-06 This is an early 20th century work on Wall Street and the stock market particularly speculation From the intro The public attitude toward speculation is generally hostile Even those who venture frequently are prone to speak discouragingly of speculative possibilities and to point warningly to the fact that an overwhelming majority of speculative commitments result in loss while those who venture not at all and consequently are incompetent to judge dismiss the subject with the statement that marginal trading is gambling pure and simple and is therefore pernicious Those who enter into the subject a little farther and attempt to adduce more specific argument against speculative possibilities lay stress upon the statement that manipulation trickery and wholesale deception render it impossible for the outsider to enter the field safely or intelligently These statements usually unsupported and frequently insupportable are accepted by the prejudiced multitude as gospel truth without any attempt being made to examine their foundation or correctness So far as the question of gambling is concerned it would be entering a very large field to attempt to define just what is and what is not gambling The idea that the man who buys a certain stock outright invests while he who buys on margin gambles is a popular fallacy The speculator purchases in the hope of an advance and if two purchases are made for parallel reasons one for cash and one on margins both purchases are speculative That speculative fluctuations are largely used as a basis for gambling operations is unquestionably true and possibly an acceptable dividing line may be drawn on the following hypothesis gambling in the general acceptance of the term is founded upon blind chance the equal possibility of certain events occurring or not occurring this is modified in some cases by the exercise of superior skill in such

games as admit of skill but fundamentally gambling is wholly dependent upon the equal chances of two or more opposed individuals **Pitfalls of Speculation** Thomas Gibson,1994-05-01 *PITFALLS OF SPECULATION* THOMAS.

GIBSON,2018 **The Pitfalls of Speculation (Classic Reprint)** Thomas Gibson,2017-09-12 Excerpt from The Pitfalls of Speculation Aside from these additions it has not been deemed necessary to materially alter the original text as the test of ten years has brought forth no serious criticism of the general contentions offered What is sought in the 1916 edition is to amplify rather than to revise About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Pitfalls Of Speculation eBooks, including some popular titles.

FAQs About Pitfalls Of Speculation Books

What is a Pitfalls Of Speculation PDF? A PDF (Portable Document Format) is a file format developed by Adobe that

preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Pitfalls Of Speculation PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Pitfalls Of Speculation PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Pitfalls Of Speculation PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Pitfalls Of Speculation PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
