Selcer, 2004 Saloons barrooms honky tonks or watering holes by whatever name they are part of the mythology of the American West and their stories are cocktails of legend and fact as Richard Selcer David Bowser Nancy Hamilton and Chuck Parsons demonstrate in these entertaining and informative accounts of four legendary Texas establishments In most Western communities the first saloon was built before the first church and the drinking establishments far outnumbered the religious ones Beyond their obvious functions saloons served as community centers polling places impromptu courtrooms and public meeting halls The authors of this volume discuss both the social and operational aspects of the businesses who the owners were what drinks were typically served the democratic ethos that reigned at the bars the troubling issues of social segregation by race and gender within each establishment and the way order was maintained if it was at all Here the spotlight is thrown on four saloons that were legends in their day Jack Harris s Saloon and Vaudeville Theater in San Antonio Ben Dowell s Saloon in El Paso the Iron Front of Austin and the White Elephant of Fort Worth Together with architectural renderings of the floor plans and old photographs of the establishments and some of their more famous customers the history of each is woven into the history of its city Fatal shootings are recounted and forms of entertainment are described with care and verve One of this book s most fascinating aspects is the sharp detail that brings to life the malodorous smoky interiors and the events that took place there Selcer and his co authors are experts on their respective watering holes They start with the origins of each establishment and follow their stories until the last drink was served and the places closed down for good There are stops along the way to consider the construction of the ornate bars the suppliers of the liquor served the attire of the gentlemen gamblers the variety of casino games that emptied men s pockets and more Through the wealth of detail and the animated narrative a crucial part of Texas Western heritage becomes immediately accessible to the present *Avenge* Roy Westall, 2014-02-06 Most of the characters in the book were real seventeenth century people the majority living in Manchester a town that did not have a Member of Parliament Charles I was an autocratic king who believed that there was no one above him but God and so when Parliament asked for a greater say in running the country he refused leading to disenchantment in many parts of the country especially in the South East of Lancashire When Lord Strange the son of the 6th Earl of Derby and the Kings representative for Lancashire marched into Manchester with his troops to demand the retrieval of his armoury Richard Perceval a hand loom weaver from Kirkmanshulme a hamlet situated between Manchester Stockport pulled a Royalist of his horse and was shot Lord Strange was later to be hung in Bolton for this crime and when Parliament heard of Richard Percevals death they announced that a Civil War has begun Jenny Grimshawe a member of a fictitious family living on the Ancoats Hall Estate of Nicholas Mosley Lord of the Manor of Manchester was due to marry Richard Perceval but on hearing of his killing avowed to avenge his death She cross dressed joined the Royalist army was present at
