It is also important to understand that the different types of differentials are not mutually exclusive. They can appear together, for example, in a single person's work history and in a single country's work history. In fact, a person's work history may include all of the different types of differentials, and a country's work history may include all of the different types of differentials. A single person's work history and a country's work history may also include all of the different types of differentials.
