Plan To Win:

Plan to Win Peter von Braun, 2014-07-21 PLAN TO WIN LEADERS GUIDE TO CREATING BREAKTHROUGH BUSINESS STRATEGY Someone very wise once said the world is not short on strategy its short on execution And the evidence bears this out as most business plans whether for a start up or a mature business end up stacked on office bookshelves or buried in file drawers Using his vast experience of guiding companies of all sizes throughout the world Peter von Braun knows that the key to developing a truly winning business strategy is to follows a disciplined and scientific process that quickly cuts to the important issues and includes the managers who are critical to executing the plan Planning and execution are interdependent which is why planners and implementers need to work together from the beginning of plan development PLAN TO WIN outlines a clear step by step process using the four market tested principles of successful strategies and helps the reader avoid the most common mistakes of strategic business planning As a serious student of military strategy von Braun draws upon the great Prussian strategic thinker Karl von Clausewitz to provide the first three principles 1 concentrate on the most important goal 2 commit sufficient resources up front to ENSURE success and 3 continue to focus on the goal until success is achieved To these three the author Peter von Braun adds the fourth imperative bring your key people together in the process of creating a business plan that will be understand committed to and most importantly acted upon Thats not to say the strategy should be a big group think exercise The key is to follow a disciplined and scientific process that can cut through the unimportant information and focus on the meat of the opportunity The author guides the reader through the step by step process of identifying the core issues and developing THE winning strategy using the first round strategic framework created during a real world case study Creating a strategic plan is hard work but by following the principles put forth in this book effectively and thoroughly success is far more likely This is a terrific book for business owners and executives division managers strategic planners young executives interested in finding tools to further their careers students and those interested in strategy Plan to Win Steve Smith, 2008 Gymnastics Leonid Arkaev, Nikolai Suchilin, Nikolai G. Suchilin, 2004 This book answers in detail the many unanswered questions relating to high performance Written by the world s leading gymnastics coach and his scientific advisor it explains the essential components for planning and preparation for high level results Plan to Win W. Steve Smith, 1997 Why Teams Win Saul L. Miller, 2009-08-26 Winning isn t easy The world is becoming more and more competitive with a greater need than ever for people to work together effectively in teams to make organizations successful There is no better model for success in business than the world of sport with its bottom line performance culture and its relentless focus on creating winning teams In Why Teams Win renowned sports psychologist Dr Saul L Miller the man who teaches elite athletes and top sports teams how to be successful uses sport as a powerful metaphor for the world of business Why Teams Win distills Dr Miller s work with hundreds of high performance teams in the worlds of sport business healthcare and the arts into lessons to help business teams perform Why Teams Win Identified the 9
