Plane Geometry And Other Affairs Of The Heart:

Plane Geometry and Other Affairs of the Heart R. M. Berry, 1985 Seven stories of the Earth turned topsy turvy **Plane Geometry and Other Affairs of the Heart** Ralph Marion Berry, 1980 Short Story Index, 1989 **Dictionary of Modern Anguish** R. M. Berry, 2000 Fourteen enactments of radical undoing by the acclaimed author of *Leonardo's Horse* and *Plane Geometry and Other Affairs of the Heart* Reviews of unwritten novels prefaces to fraudulent books narratives of dictionary entries and one interminable sentence all written in a style as strewn with landmines as everyday speech In Samuel Beckett's *Middlemarch* a scholar undertakes to reconstruct the deceased author's reputation after the discovery of a thousand page realist novel among Beckett's posthumous papers The novel about an idealistic young Englishwoman in a nineteenth century village is heralded by some as Beckett's broadest parody decried by others as Beckett's dementia but in the imaginary interval between modernity and tradition the scholar locates another Beckett of whom only *Middlemarch* can make an end The spirit of Wittgenstein hovers low over these literary pratfalls where materiality proves the most artificial of abstractions and what goes without saying always leaves somebody up in the air In *Knott Unbound* an office worker suspected of murder recalls feeling a pain but can't otherwise account for his time That the missing time should be missing from his life seemed if you thought about it the merest of accidents like bad genes or rich parents and the thought that Knott's well being rested on nothing surer nothing but the likelihood that his every second would follow the preceding with no break all this struck him as fantastically irrational How did humans abide it But the world was a slave to such prejudices In these fabrications reminiscent of Stein, Borges and Sorrentino Berry unsettles the grounds of narrating In *Mimesis* a semi literate surveyor struggles against metaphysical abandonment in a Florida swamp in *Torture* an anthropologist leaves his lifelong study of cruelty mysteriously unwritten and in *A Theory of Fiction* a ruined man finds revenge in misrepresenting every injustice he's ever suffered Nothing seems the matter Everything appears to be wrong From first word to last these are fictions of impossible everydayness where the telling of what's happening proves the unlikeliest feat of all **Steve**
